How to Draw Bean — Free Practice Sheets

REFERENCE / CASE 1

bean: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

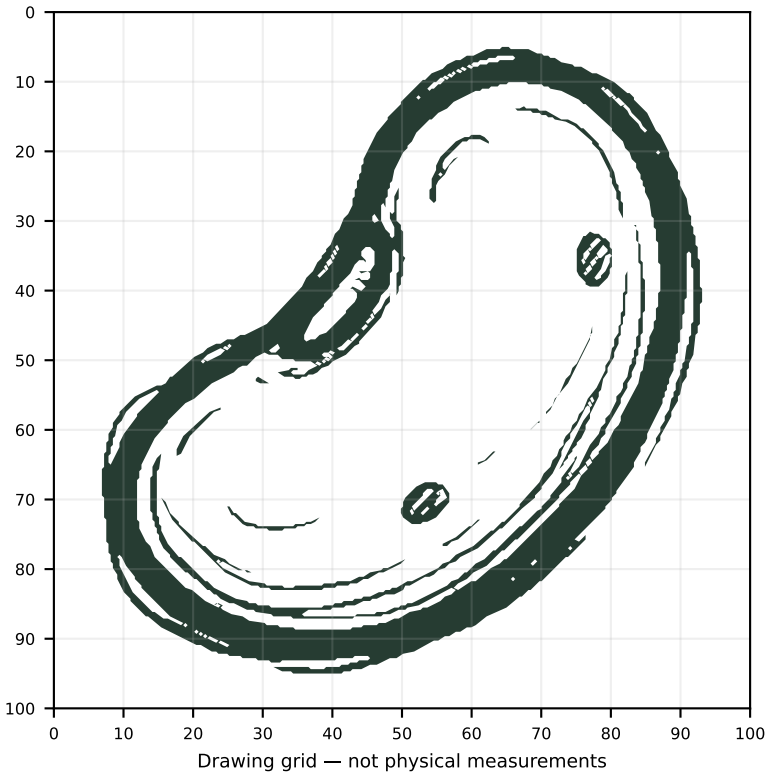

METHOD: Draw a kidney-shaped outline with a concave indentation on the upper left side. Add a thick outer contour line to define the bean's edge. Draw a smaller inner line following the outer contour to suggest a smooth, rounded surface. Place two small oval dimples on the interior surface to indicate the bean's characteristic spots.
Use the separate practice sheet before checking the answer.

How to Draw Bean — Free Practice Sheets

REFERENCE / CASE 2

bean: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

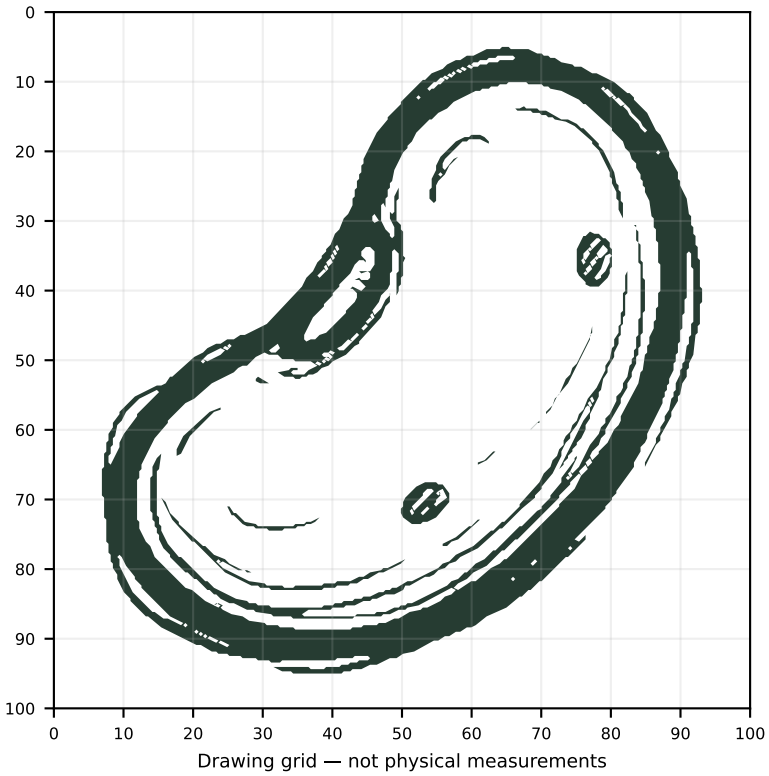

METHOD: Draw a kidney-shaped outline with a concave indentation on the upper left side. Add a thick outer contour line to define the bean's edge. Draw a smaller inner line following the outer contour to suggest a smooth, rounded surface. Place two small oval dimples on the interior surface to indicate the bean's characteristic spots.
Use the separate practice sheet before checking the answer.

How to Draw Bean — Free Practice Sheets

REFERENCE / CASE 3

bean: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

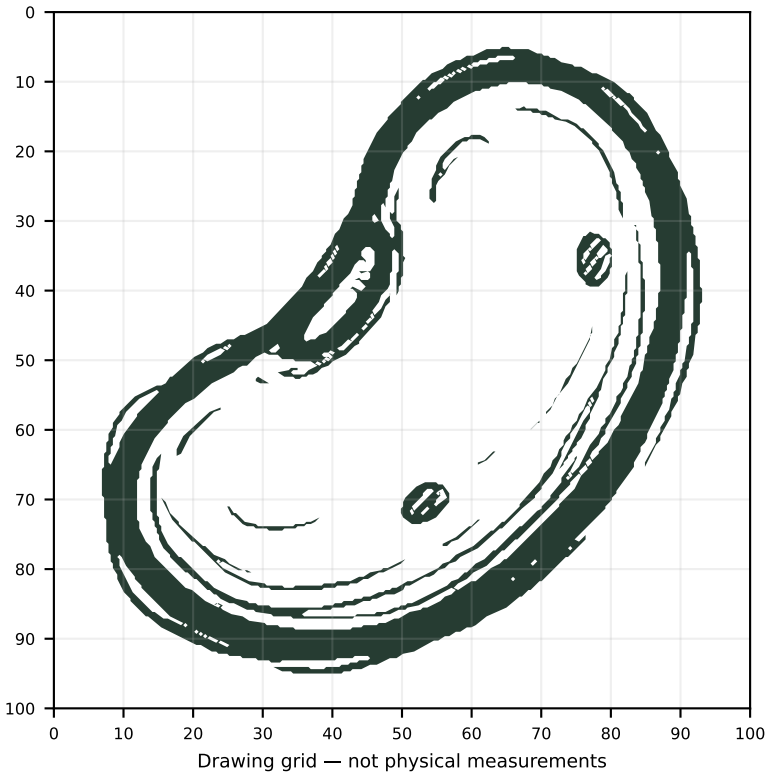

METHOD: Draw a kidney-shaped outline with a concave indentation on the upper left side. Add a thick outer contour line to define the bean's edge. Draw a smaller inner line following the outer contour to suggest a smooth, rounded surface. Place two small oval dimples on the interior surface to indicate the bean's characteristic spots.
Use the separate practice sheet before checking the answer.

How to Draw Bean — Free Practice Sheets

REFERENCE / CASE 4

bean: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a kidney-shaped outline with a concave indentation on the upper left side. Add a thick outer contour line to define the bean's edge. Draw a smaller inner line following the outer contour to suggest a smooth, rounded surface. Place two small oval dimples on the interior surface to indicate the bean's characteristic spots.
Use the separate practice sheet before checking the answer.
