How to Draw Steak — Free Practice Sheets

ANSWER / CASE 1

steak: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

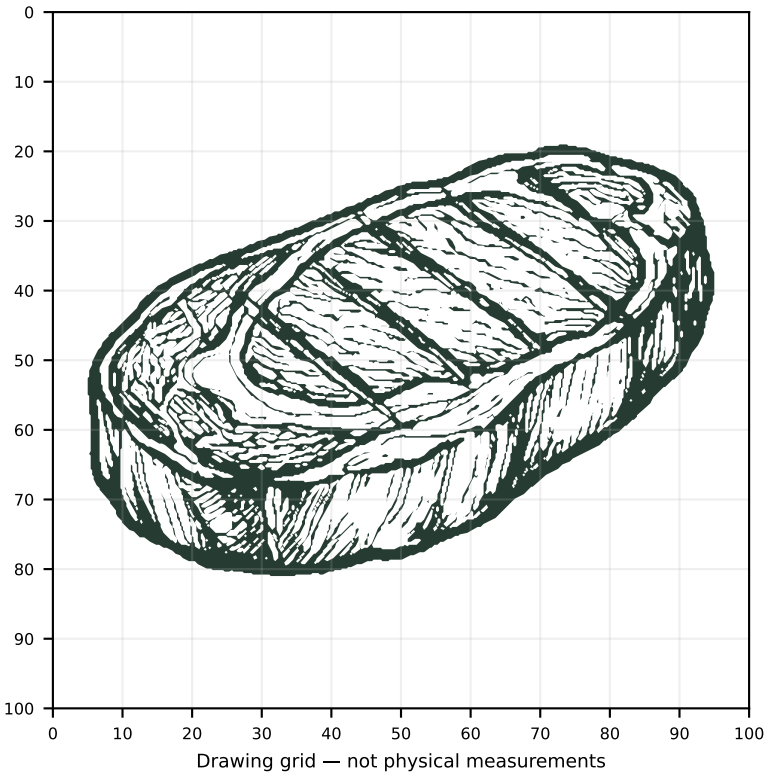

ANSWER: Example solution: preserve thick slab shape with rounded, irregular outline, parallel diagonal grill marks across the top surface, marbled fat lines and a distinct fat rim around the edge. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded, thick slab outline to establish the steak's overall shape.
2. Add a border line around the top surface to define the fat rim.
3. Draw several parallel diagonal lines across the top to represent grill marks.
4. Add marbled fat lines and short hatch marks on the sides to suggest texture and thickness.
