How to Draw Sandwich — Free Practice Sheets

ANSWER / CASE 1

sandwich: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

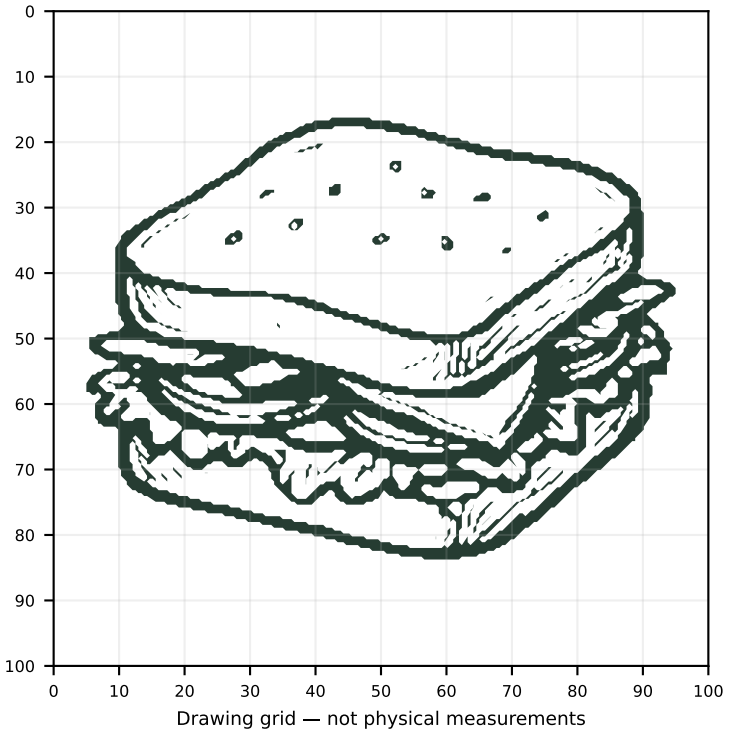

ANSWER: Example solution: preserve Two thick rectangular bread slices with rounded corners, the top one dotted with small seed marks, Layered fillings between the bread: ruffled lettuce leaves, round slices (tomato/onion), and a pale folded layer (cheese/meat), Visible crust edge drawn as a textured band along the side of the lower bread slice. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the top bread slice as a rounded rectangle in perspective, then add small dots for seeds.
2. Sketch the side crust band of the top slice and the lower bread slice outline to establish the sandwich height.
3. Between the two bread outlines, draw overlapping wavy lettuce leaves protruding at the edges.
4. Add round filling slices and a folded pale layer inside the gap, then finish the bottom crust edge with short hatch lines.

How to Draw Sandwich — Free Practice Sheets

ANSWER / CASE 2

sandwich: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

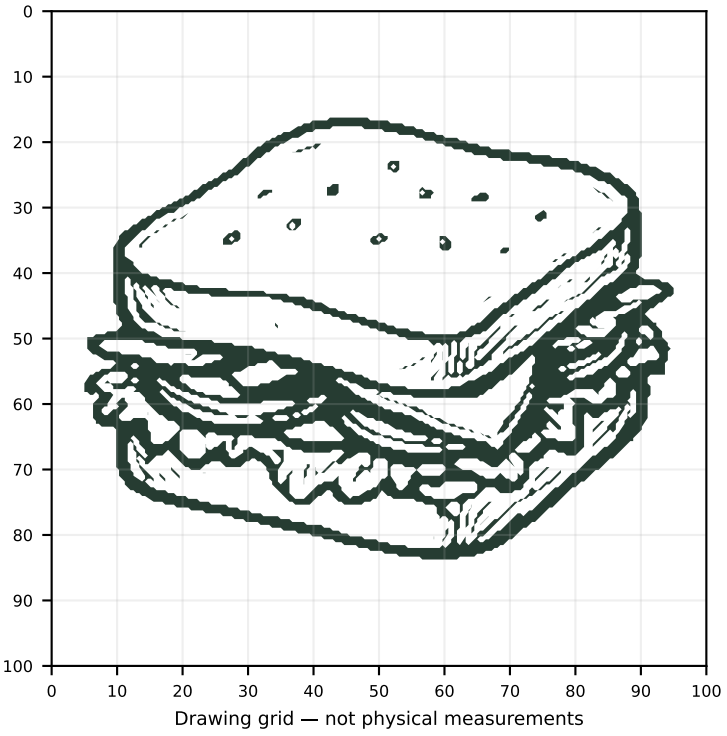

ANSWER: Example solution: preserve Two thick rectangular bread slices with rounded corners, the top one dotted with small seed marks, Layered fillings between the bread: ruffled lettuce leaves, round slices (tomato/onion), and a pale folded layer (cheese/meat), Visible crust edge drawn as a textured band along the side of the lower bread slice. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the top bread slice as a rounded rectangle in perspective, then add small dots for seeds.
2. Sketch the side crust band of the top slice and the lower bread slice outline to establish the sandwich height.
3. Between the two bread outlines, draw overlapping wavy lettuce leaves protruding at the edges.
4. Add round filling slices and a folded pale layer inside the gap, then finish the bottom crust edge with short hatch lines.

How to Draw Sandwich — Free Practice Sheets

ANSWER / CASE 3

sandwich: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

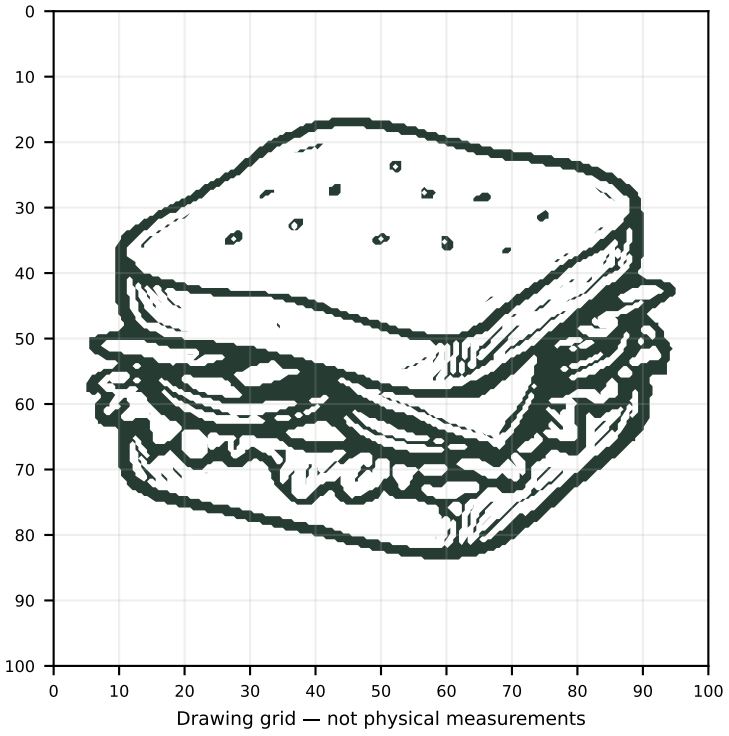

ANSWER: Example solution: preserve Two thick rectangular bread slices with rounded corners, the top one dotted with small seed marks, Layered fillings between the bread: ruffled lettuce leaves, round slices (tomato/onion), and a pale folded layer (cheese/meat), Visible crust edge drawn as a textured band along the side of the lower bread slice. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the top bread slice as a rounded rectangle in perspective, then add small dots for seeds.
2. Sketch the side crust band of the top slice and the lower bread slice outline to establish the sandwich height.
3. Between the two bread outlines, draw overlapping wavy lettuce leaves protruding at the edges.
4. Add round filling slices and a folded pale layer inside the gap, then finish the bottom crust edge with short hatch lines.

How to Draw Sandwich — Free Practice Sheets

ANSWER / CASE 4

sandwich: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve Two thick rectangular bread slices with rounded corners, the top one dotted with small seed marks, Layered fillings between the bread: ruffled lettuce leaves, round slices (tomato/onion), and a pale folded layer (cheese/meat), Visible crust edge drawn as a textured band along the side of the lower bread slice. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the top bread slice as a rounded rectangle in perspective, then add small dots for seeds.
2. Sketch the side crust band of the top slice and the lower bread slice outline to establish the sandwich height.
3. Between the two bread outlines, draw overlapping wavy lettuce leaves protruding at the edges.
4. Add round filling slices and a folded pale layer inside the gap, then finish the bottom crust edge with short hatch lines.
