How to Draw Coconut — Free Practice Sheets

REFERENCE / CASE 1

coconut: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

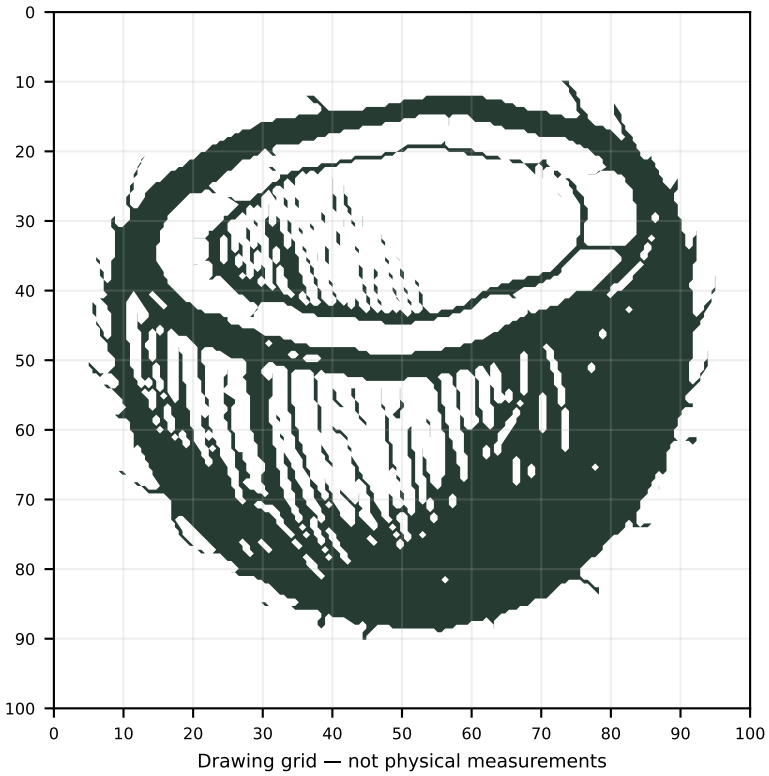

METHOD: Draw a large circle for the outer body and place a smaller ellipse near the top for the opening Outline the opening with a thick dark band and add a thin light inner ellipse Fill the body with dark tone and add light vertical/diagonal streaks radiating from the rim Refine the outer contour with small irregular edge marks and keep the opening area light Use the separate practice sheet before checking the answer.
