How to Draw Enchilada — Free Practice Sheets

REFERENCE / CASE 1

enchilada: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

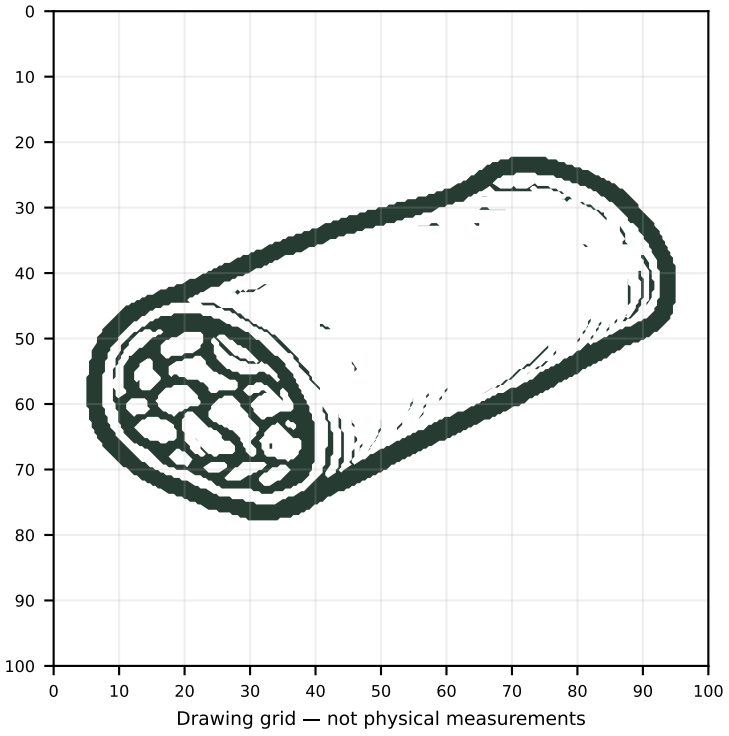

METHOD: Draw a long rounded rectangle/cylinder tilted diagonally for the rolled tortilla. Add an oval opening at the lower-left end to represent the cut cross-section. Inside the oval, sketch irregular small shapes for the filling. Outline the cylinder with a thicker border and add light curved texture lines along the tortilla surface.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

enchilada: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

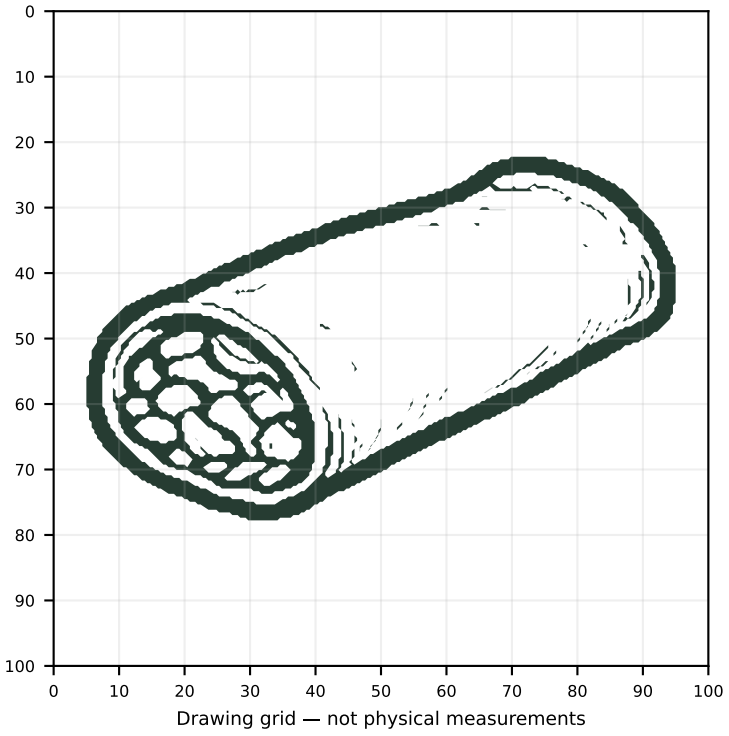

METHOD: Draw a long rounded rectangle/cylinder tilted diagonally for the rolled tortilla. Add an oval opening at the lower-left end to represent the cut cross-section. Inside the oval, sketch irregular small shapes for the filling. Outline the cylinder with a thicker border and add light curved texture lines along the tortilla surface.
Use the separate practice sheet before checking the answer.

How to Draw Enchilada — Free Practice Sheets

REFERENCE / CASE 3

enchilada: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

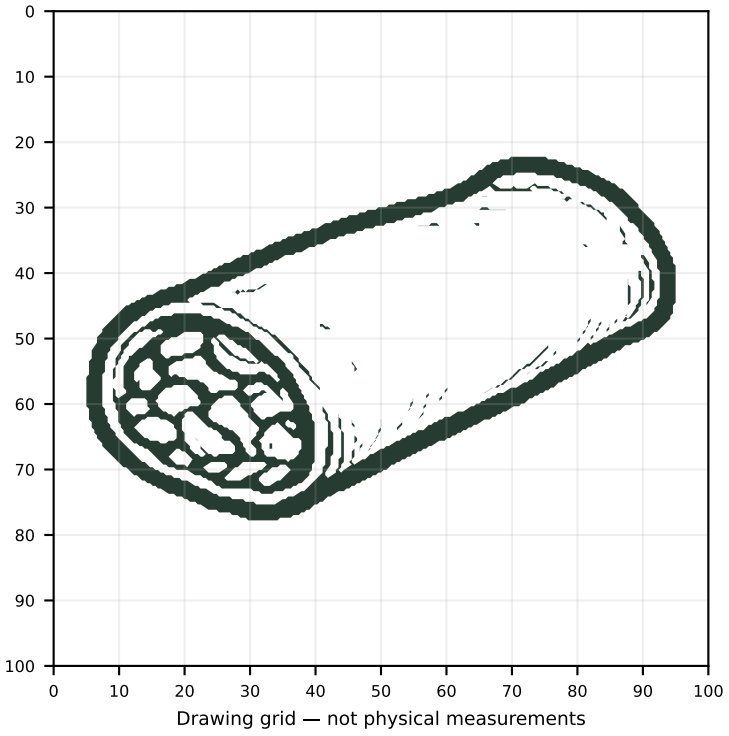

METHOD: Draw a long rounded rectangle/cylinder tilted diagonally for the rolled tortilla. Add an oval opening at the lower-left end to represent the cut cross-section. Inside the oval, sketch irregular small shapes for the filling. Outline the cylinder with a thicker border and add light curved texture lines along the tortilla surface.
Use the separate practice sheet before checking the answer.

How to Draw Enchilada — Free Practice Sheets

REFERENCE / CASE 4

enchilada: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a long rounded rectangle/cylinder tilted diagonally for the rolled tortilla. Add an oval opening at the lower-left end to represent the cut cross-section. Inside the oval, sketch irregular small shapes for the filling. Outline the cylinder with a thicker border and add light curved texture lines along the tortilla surface.
Use the separate practice sheet before checking the answer.
