How to Draw Banana — Free Practice Sheets

REFERENCE / CASE 1

banana: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

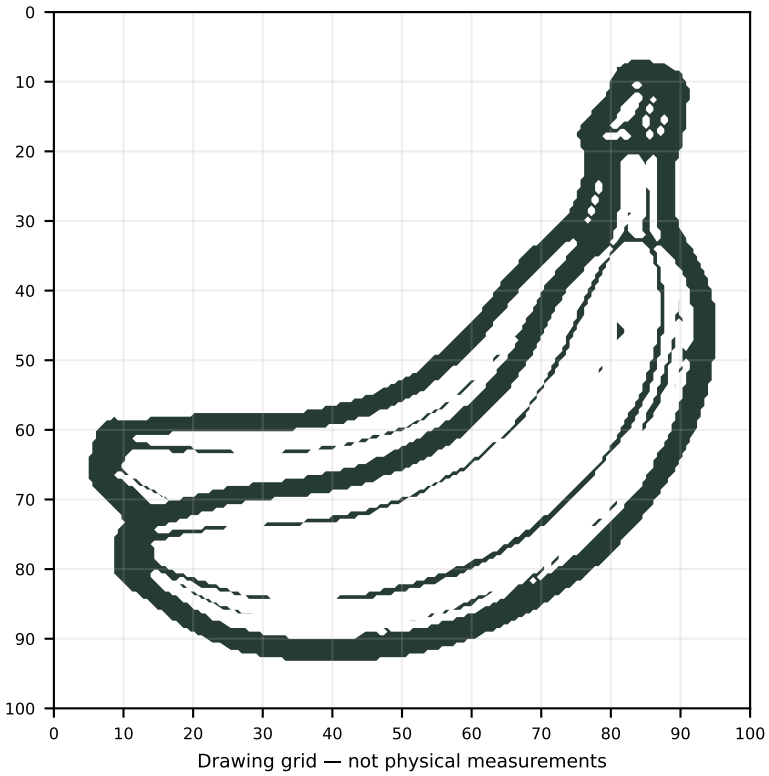

METHOD: Draw a thick curved crescent outline for the main body, wider in the middle and narrowing toward the top. Add a short tapered stem at the top with a small cap-like tip. Draw 2-3 longitudinal lines inside the body following the curve to indicate ridges. Close the lower-left end with a blunt angled tip and thicken the outer contour for emphasis. Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

banana: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

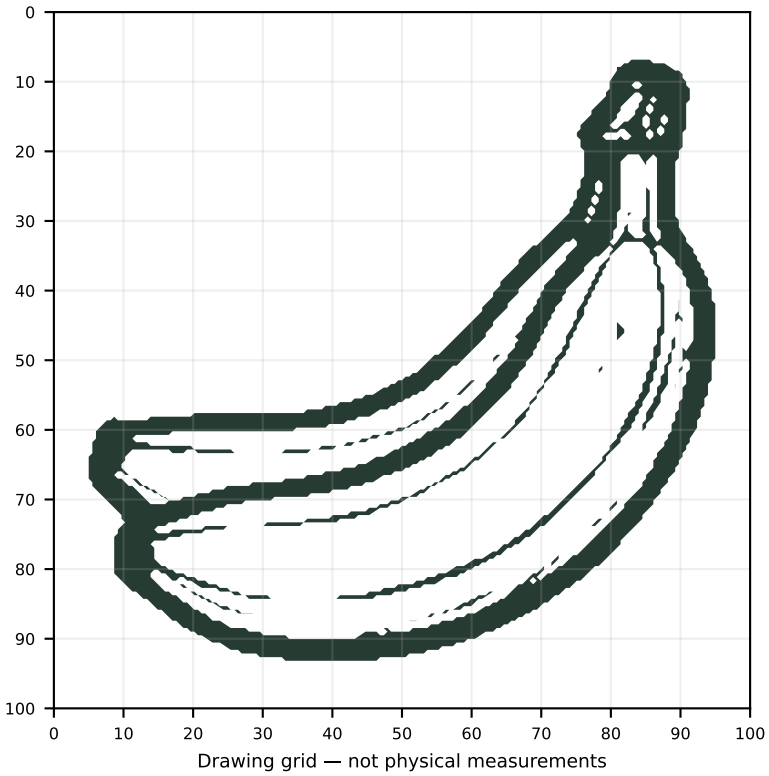

METHOD: Draw a thick curved crescent outline for the main body, wider in the middle and narrowing toward the top. Add a short tapered stem at the top with a small cap-like tip. Draw 2-3 longitudinal lines inside the body following the curve to indicate ridges. Close the lower-left end with a blunt angled tip and thicken the outer contour for emphasis. Use the separate practice sheet before checking the answer.

How to Draw Banana — Free Practice Sheets

REFERENCE / CASE 4

banana: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a thick curved crescent outline for the main body, wider in the middle and narrowing toward the top. Add a short tapered stem at the top with a small cap-like tip. Draw 2-3 longitudinal lines inside the body following the curve to indicate ridges. Close the lower-left end with a blunt angled tip and thicken the outer contour for emphasis. Use the separate practice sheet before checking the answer.
