How to Draw Papaya — Free Practice Sheets

REFERENCE / CASE 1

papaya: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

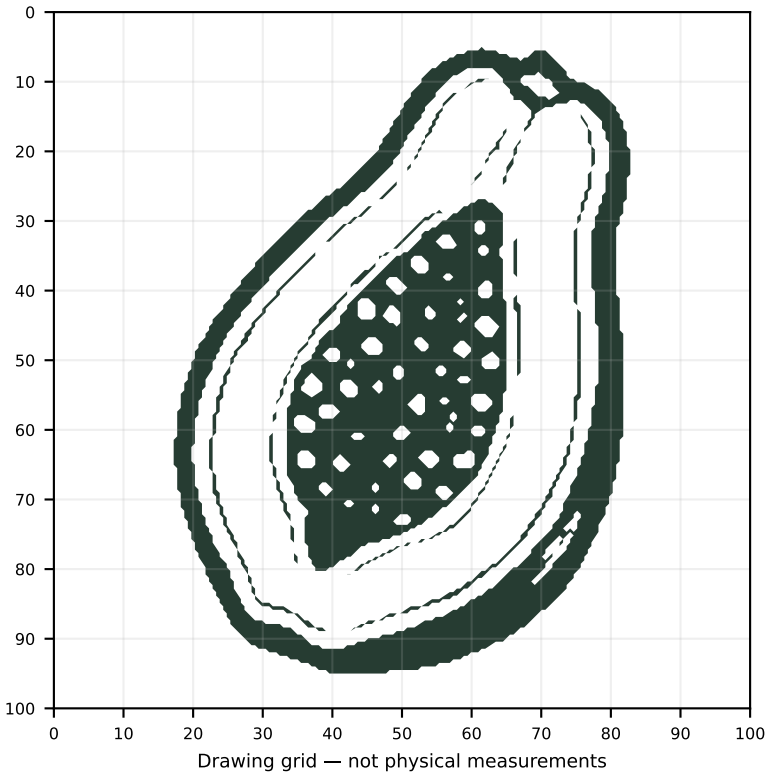

METHOD: Draw a large pear-shaped outline with a narrow top and rounded bottom. Add an inner contour line following the outer shape to indicate the thick rind. Draw an elongated oval seed cavity in the center. Fill the cavity with many small circular seeds and add a short stem at the top.
Use the separate practice sheet before checking the answer.
