How to Draw Ginger Root — Free Practice Sheets

REFERENCE / CASE 1

ginger root: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

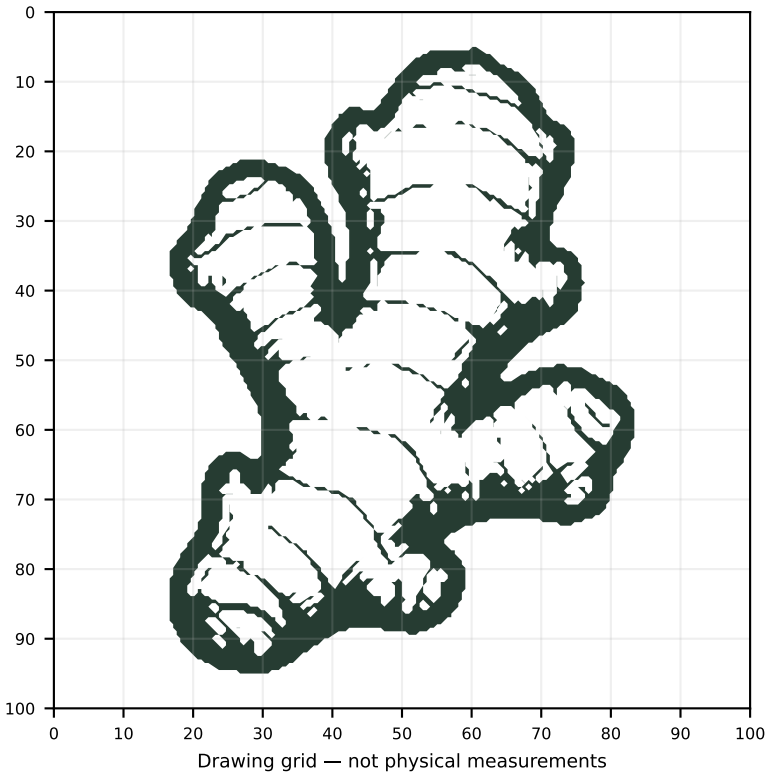

METHOD: Draw a central irregular body with a thick outline. Add three to four protruding lobes branching upward, left, and right. Draw curved horizontal segment lines across each lobe to suggest skin rings. Round off the lobe tips and add small cut-end details at the bottom.
Use the separate practice sheet before checking the answer.
