How to Draw Apple — Free Practice Sheets

ANSWER / CASE 1

apple: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

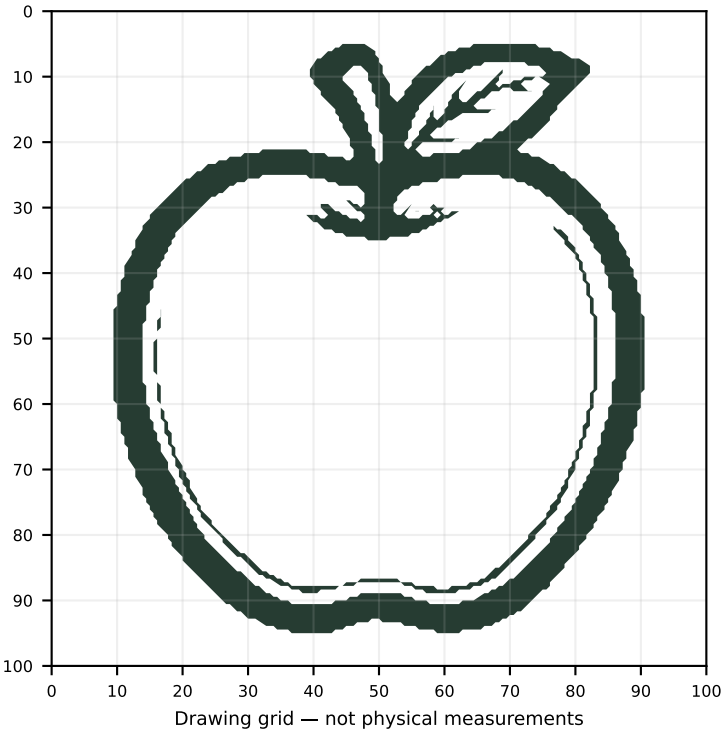

ANSWER: Example solution: preserve round body with a dimple at the top, short stem attached at the dimple, single leaf attached to the stem. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded outline that is wider at the top and narrows slightly toward the bottom.
2. Add a small inward dimple at the top center of the body.
3. Draw a short stem rising from the dimple.
4. Attach one leaf to the stem and add a simple inner vein line.

ANSWER / CASE 2

apple: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

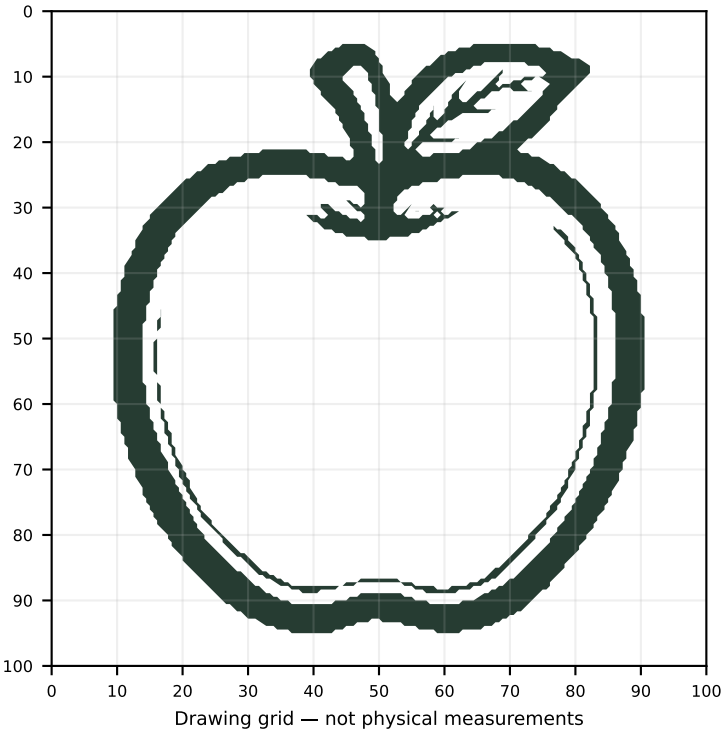

ANSWER: Example solution: preserve round body with a dimple at the top, short stem attached at the dimple, single leaf attached to the stem. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded outline that is wider at the top and narrows slightly toward the bottom.
2. Add a small inward dimple at the top center of the body.
3. Draw a short stem rising from the dimple.
4. Attach one leaf to the stem and add a simple inner vein line.

ANSWER / CASE 3

apple: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

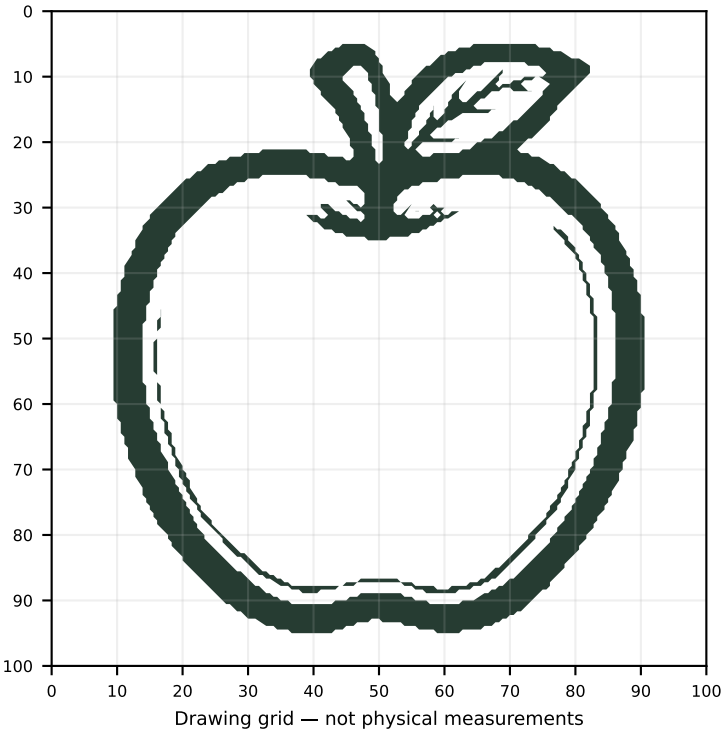

ANSWER: Example solution: preserve round body with a dimple at the top, short stem attached at the dimple, single leaf attached to the stem. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded outline that is wider at the top and narrows slightly toward the bottom.
2. Add a small inward dimple at the top center of the body.
3. Draw a short stem rising from the dimple.
4. Attach one leaf to the stem and add a simple inner vein line.

How to Draw Apple — Free Practice Sheets

ANSWER / CASE 4

apple: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve round body with a dimple at the top, short stem attached at the dimple, single leaf attached to the stem. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded outline that is wider at the top and narrows slightly toward the bottom.
2. Add a small inward dimple at the top center of the body.
3. Draw a short stem rising from the dimple.
4. Attach one leaf to the stem and add a simple inner vein line.
