How to Draw Cocktail — Free Practice Sheets

ANSWER / CASE 1

cocktail: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

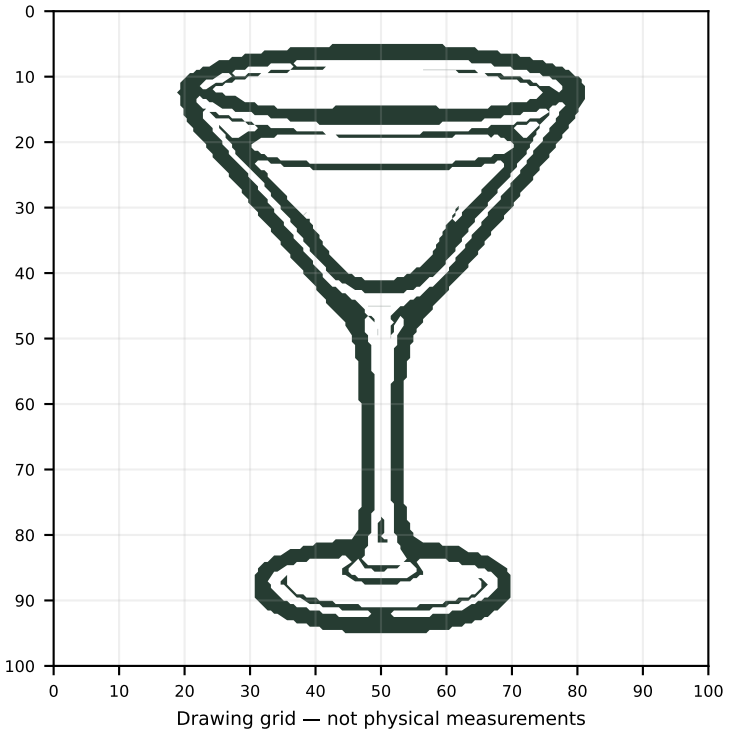

ANSWER: Example solution: preserve V-shaped bowl with an elliptical rim, horizontal liquid fill line inside the bowl, thin stem connecting bowl to a flat oval base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elliptical rim of the glass as a wide oval.
2. Connect the sides of the oval down to a point to form the V-shaped bowl.
3. Add a horizontal line inside the bowl to indicate the liquid fill level.
4. Draw a narrow stem down from the bowl and finish with a flat oval base.

How to Draw Cocktail — Free Practice Sheets

ANSWER / CASE 2

cocktail: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

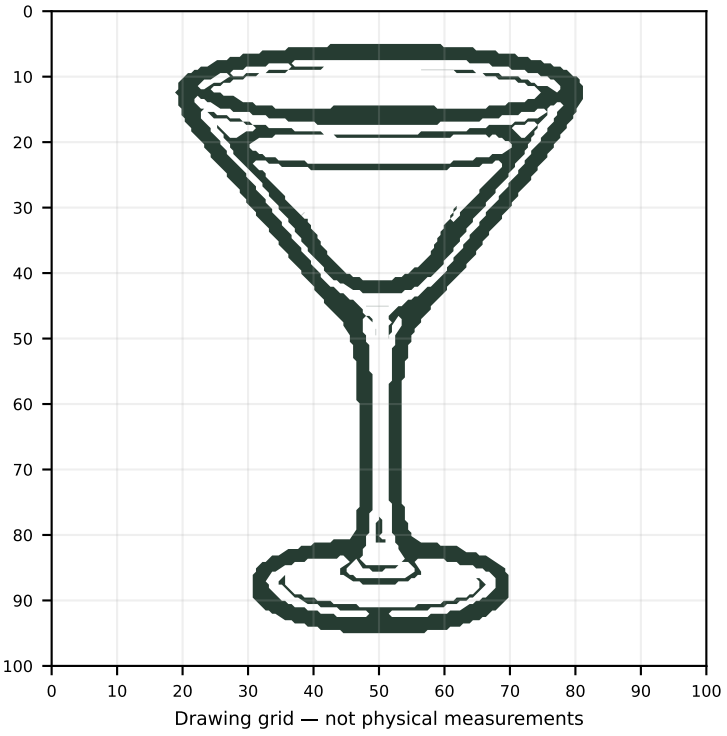

ANSWER: Example solution: preserve V-shaped bowl with an elliptical rim, horizontal liquid fill line inside the bowl, thin stem connecting bowl to a flat oval base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw the elliptical rim of the glass as a wide oval.
2. Connect the sides of the oval down to a point to form the V-shaped bowl.
3. Add a horizontal line inside the bowl to indicate the liquid fill level.
4. Draw a narrow stem down from the bowl and finish with a flat oval base.

How to Draw Cocktail — Free Practice Sheets

ANSWER / CASE 3

cocktail: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

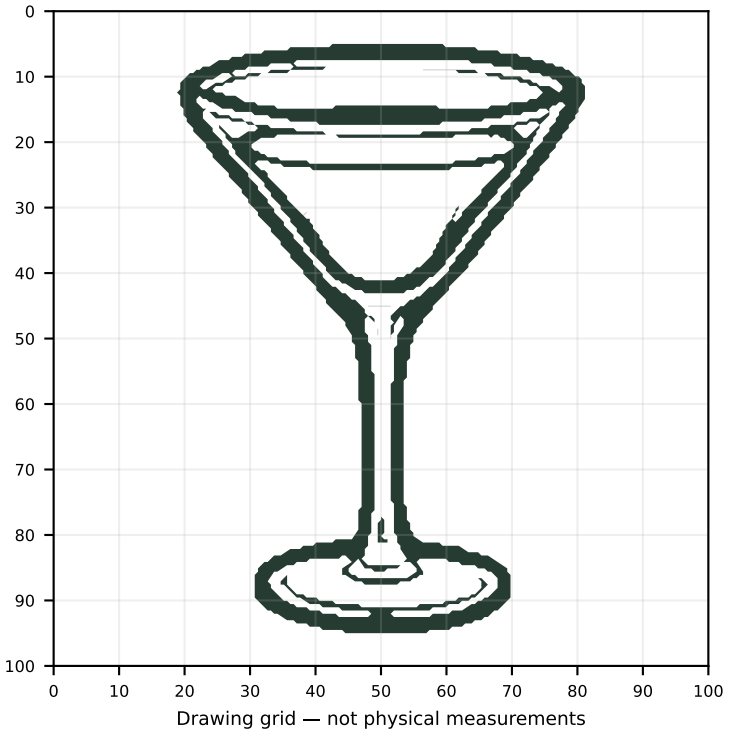

ANSWER: Example solution: preserve V-shaped bowl with an elliptical rim, horizontal liquid fill line inside the bowl, thin stem connecting bowl to a flat oval base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elliptical rim of the glass as a wide oval.
2. Connect the sides of the oval down to a point to form the V-shaped bowl.
3. Add a horizontal line inside the bowl to indicate the liquid fill level.
4. Draw a narrow stem down from the bowl and finish with a flat oval base.

How to Draw Cocktail — Free Practice Sheets

ANSWER / CASE 4

cocktail: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve V-shaped bowl with an elliptical rim, horizontal liquid fill line inside the bowl, thin stem connecting bowl to a flat oval base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elliptical rim of the glass as a wide oval.
2. Connect the sides of the oval down to a point to form the V-shaped bowl.
3. Add a horizontal line inside the bowl to indicate the liquid fill level.
4. Draw a narrow stem down from the bowl and finish with a flat oval base.
