How to Draw Deviled Egg — Free Practice Sheets

REFERENCE / CASE 1

deviled egg: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

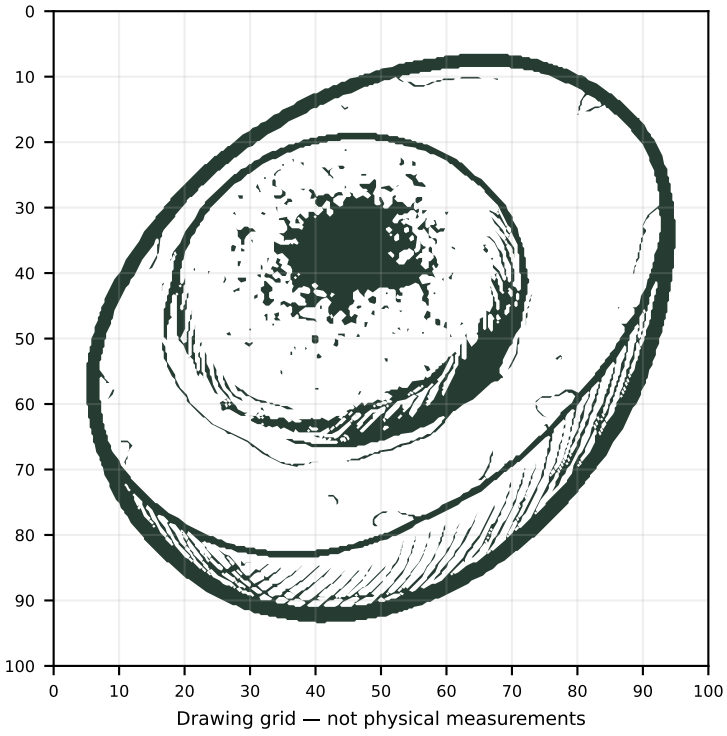

METHOD: Draw a large tilted oval for the outer egg white half with a thick outline. Draw a smaller rounded oval inside it, centered, to define the yolk filling boundary. Add a dense cluster of small speckles on top of the yolk to represent paprika. Add short hatching lines along the lower inner edge of the white for shading, then refine the outlines.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

deviled egg: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

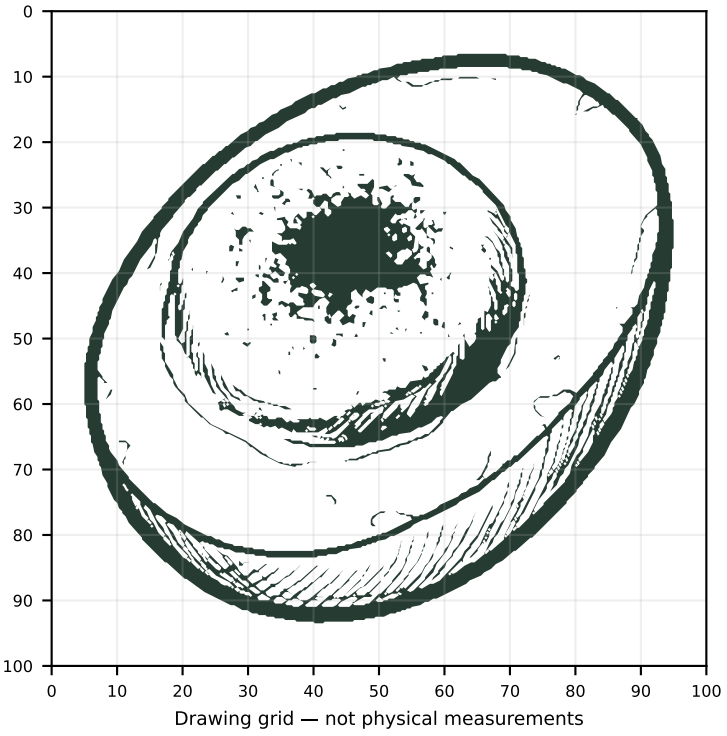

METHOD: Draw a large tilted oval for the outer egg white half with a thick outline. Draw a smaller rounded oval inside it, centered, to define the yolk filling boundary. Add a dense cluster of small speckles on top of the yolk to represent paprika. Add short hatching lines along the lower inner edge of the white for shading, then refine the outlines.

REFERENCE / CASE 3

deviled egg: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

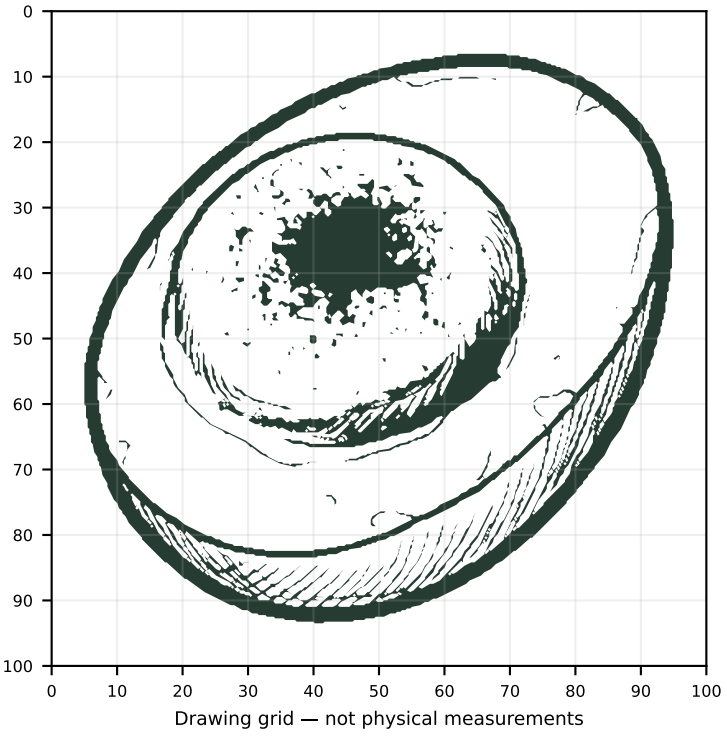

METHOD: Draw a large tilted oval for the outer egg white half with a thick outline. Draw a smaller rounded oval inside it, centered, to define the yolk filling boundary. Add a dense cluster of small speckles on top of the yolk to represent paprika. Add short hatching lines along the lower inner edge of the white for shading, then refine the outlines.
