How to Draw Milkshake — Free Practice Sheets

ANSWER / CASE 1

milkshake: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

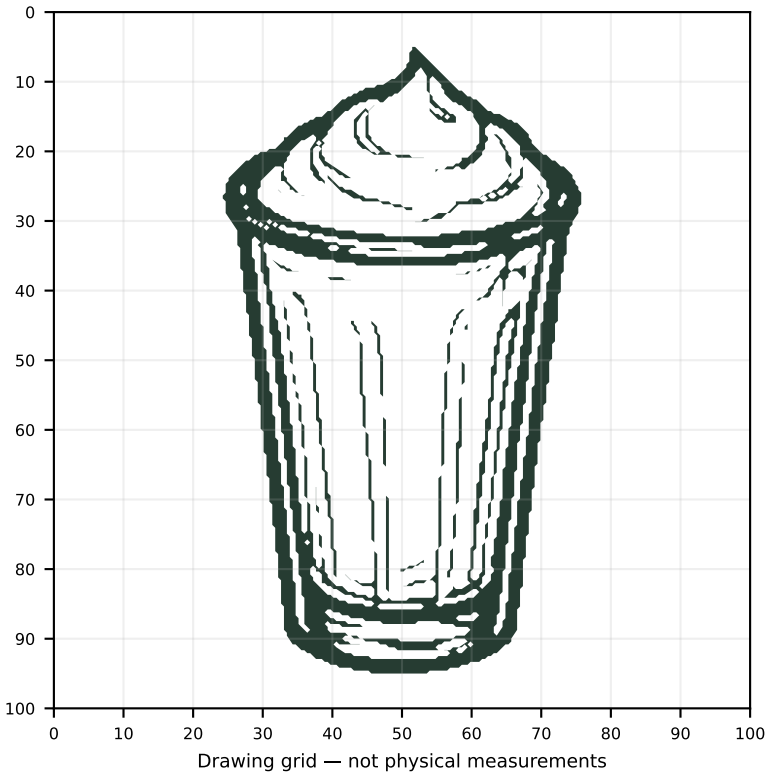

ANSWER: Example solution: preserve tall tapered glass with thick rim, swirled whipped cream peak on top, vertical highlight/reflection lines on glass. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the tall tapered glass body with a thick elliptical rim.
2. Add the whipped cream mound above the rim, building it as a spiral swirl with a pointed peak.
3. Draw vertical curved lines inside the glass to indicate reflections and glass thickness.
4. Add a rounded base line at the bottom of the glass to close the silhouette.

How to Draw Milkshake — Free Practice Sheets

ANSWER / CASE 2

milkshake: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

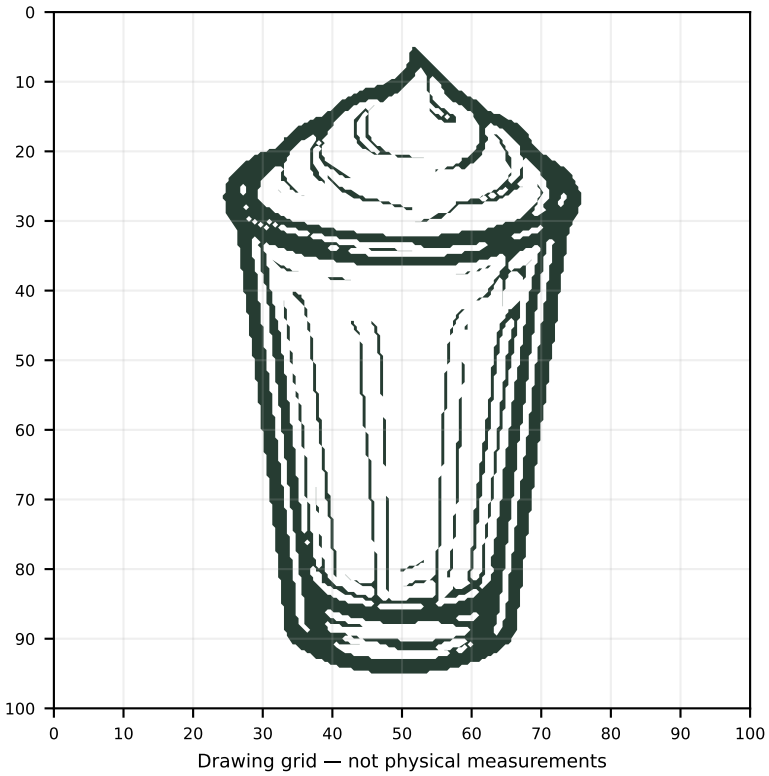

ANSWER: Example solution: preserve tall tapered glass with thick rim, swirled whipped cream peak on top, vertical highlight/reflection lines on glass. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the tall tapered glass body with a thick elliptical rim.
2. Add the whipped cream mound above the rim, building it as a spiral swirl with a pointed peak.
3. Draw vertical curved lines inside the glass to indicate reflections and glass thickness.
4. Add a rounded base line at the bottom of the glass to close the silhouette.

How to Draw Milkshake — Free Practice Sheets

ANSWER / CASE 3

milkshake: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

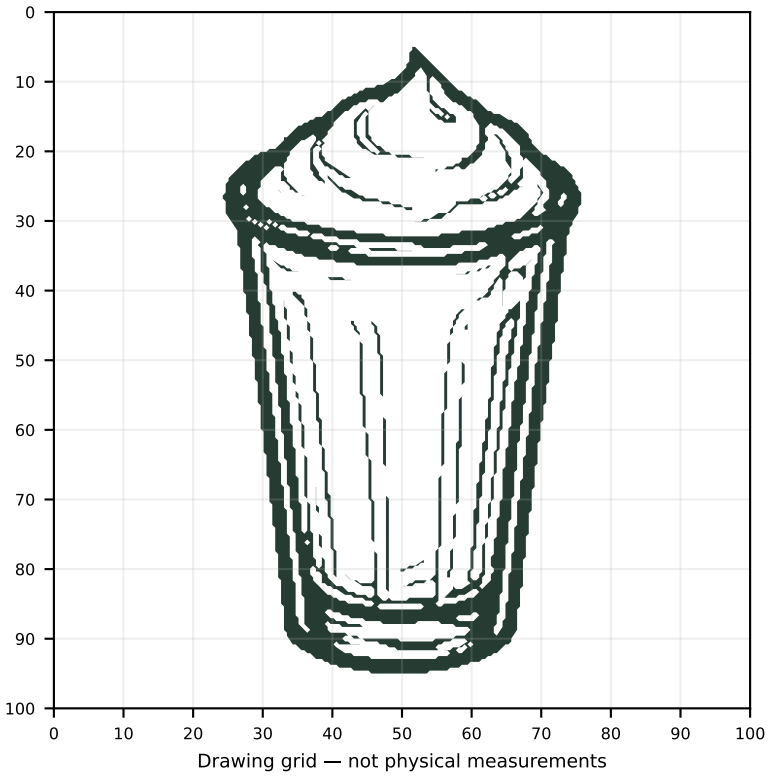

ANSWER: Example solution: preserve tall tapered glass with thick rim, swirled whipped cream peak on top, vertical highlight/reflection lines on glass. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the tall tapered glass body with a thick elliptical rim.
2. Add the whipped cream mound above the rim, building it as a spiral swirl with a pointed peak.
3. Draw vertical curved lines inside the glass to indicate reflections and glass thickness.
4. Add a rounded base line at the bottom of the glass to close the silhouette.

How to Draw Milkshake — Free Practice Sheets

ANSWER / CASE 4

milkshake: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve tall tapered glass with thick rim, swirled whipped cream peak on top, vertical highlight/reflection lines on glass. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the tall tapered glass body with a thick elliptical rim.
2. Add the whipped cream mound above the rim, building it as a spiral swirl with a pointed peak.
3. Draw vertical curved lines inside the glass to indicate reflections and glass thickness.
4. Add a rounded base line at the bottom of the glass to close the silhouette.
