How to Draw Pizza — Free Practice Sheets

ANSWER / CASE 1

pizza: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

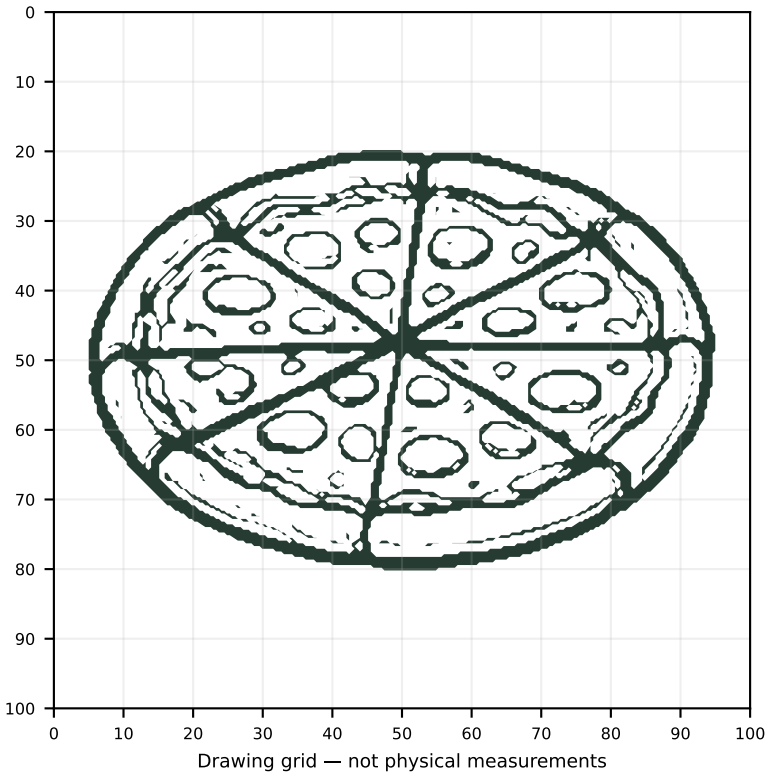

ANSWER: Example solution: preserve round crust, triangular slices, toppings (pepperoni-like circles). Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the pizza base and a slightly smaller inner oval for the crust rim.
2. Add radial lines from the center to the crust edge to divide the pizza into triangular slices.
3. Draw scattered circular toppings across the cheese area.
4. Outline the crust with a double line and add small curved marks for texture.

How to Draw Pizza — Free Practice Sheets

ANSWER / CASE 2

pizza: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

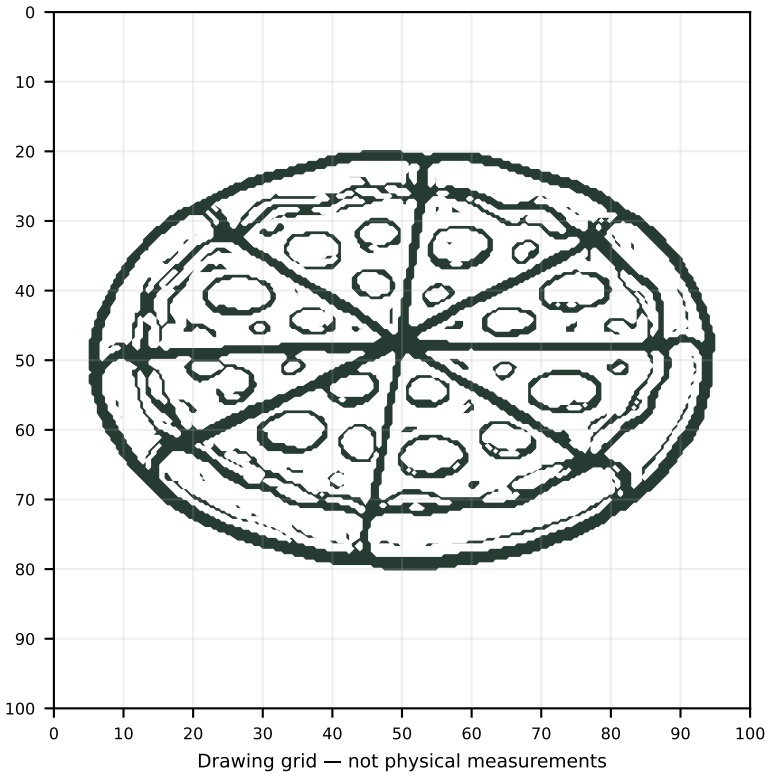

ANSWER: Example solution: preserve round crust, triangular slices, toppings (pepperoni-like circles). Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the pizza base and a slightly smaller inner oval for the crust rim.
2. Add radial lines from the center to the crust edge to divide the pizza into triangular slices.
3. Draw scattered circular toppings across the cheese area.
4. Outline the crust with a double line and add small curved marks for texture.

How to Draw Pizza — Free Practice Sheets

ANSWER / CASE 3

pizza: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

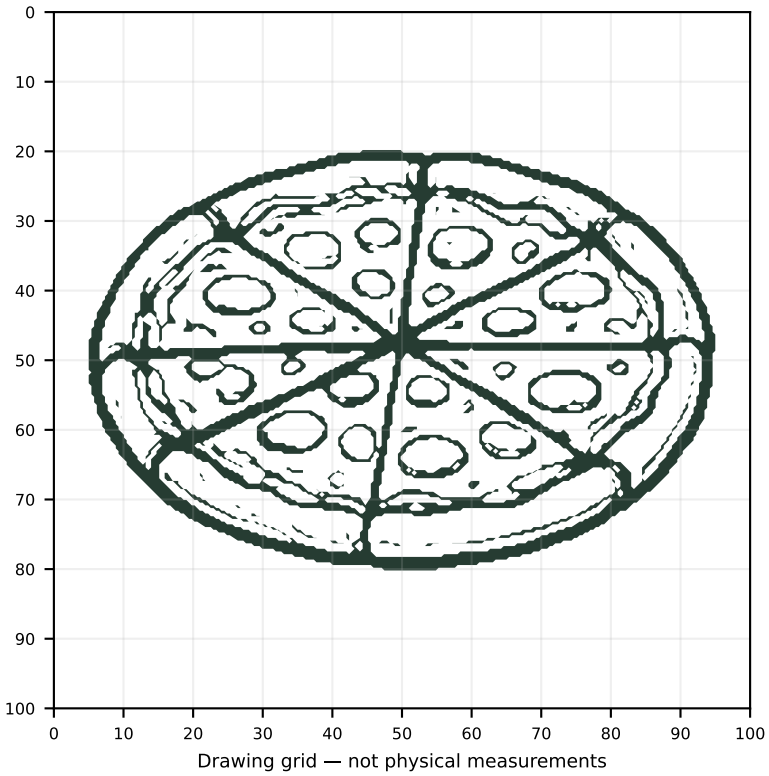

ANSWER: Example solution: preserve round crust, triangular slices, toppings (pepperoni-like circles). Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw a large oval for the pizza base and a slightly smaller inner oval for the crust rim.
2. Add radial lines from the center to the crust edge to divide the pizza into triangular slices.
3. Draw scattered circular toppings across the cheese area.
4. Outline the crust with a double line and add small curved marks for texture.

How to Draw Pizza — Free Practice Sheets

ANSWER / CASE 4

pizza: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve round crust, triangular slices, toppings (pepperoni-like circles). Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the pizza base and a slightly smaller inner oval for the crust rim.
2. Add radial lines from the center to the crust edge to divide the pizza into triangular slices.
3. Draw scattered circular toppings across the cheese area.
4. Outline the crust with a double line and add small curved marks for texture.
