How to Draw Ham — Free Practice Sheets

ANSWER / CASE 1

ham: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

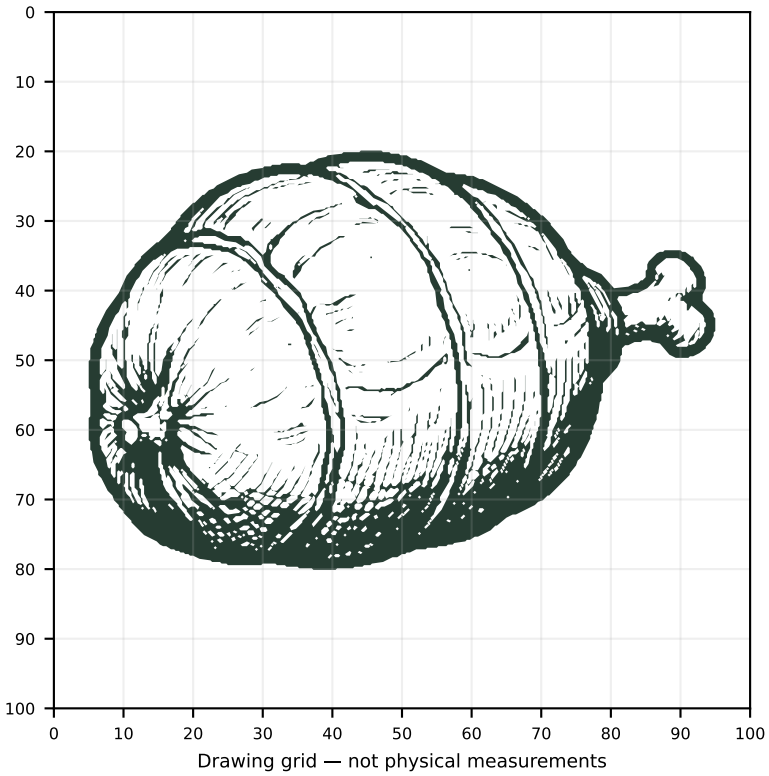

ANSWER: Example solution: preserve rounded domed shape, bone end protrusion, scored surface lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded oval for the main body of the ham.
2. Add a small protruding bone shape at the right end.
3. Draw curved scored lines across the surface of the ham.
4. Add a small circular detail at the left end to indicate the tied/closed end.

How to Draw Ham — Free Practice Sheets

ANSWER / CASE 2

ham: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

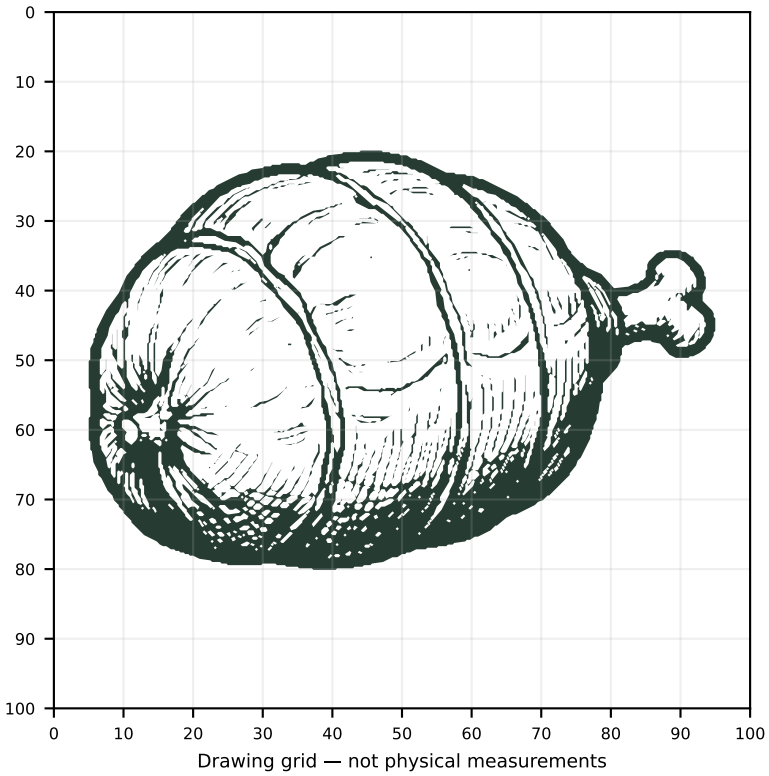

ANSWER: Example solution: preserve rounded domed shape, bone end protrusion, scored surface lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw a large rounded oval for the main body of the ham.
2. Add a small protruding bone shape at the right end.
3. Draw curved scored lines across the surface of the ham.
4. Add a small circular detail at the left end to indicate the tied/closed end.

How to Draw Ham — Free Practice Sheets

ANSWER / CASE 3

ham: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

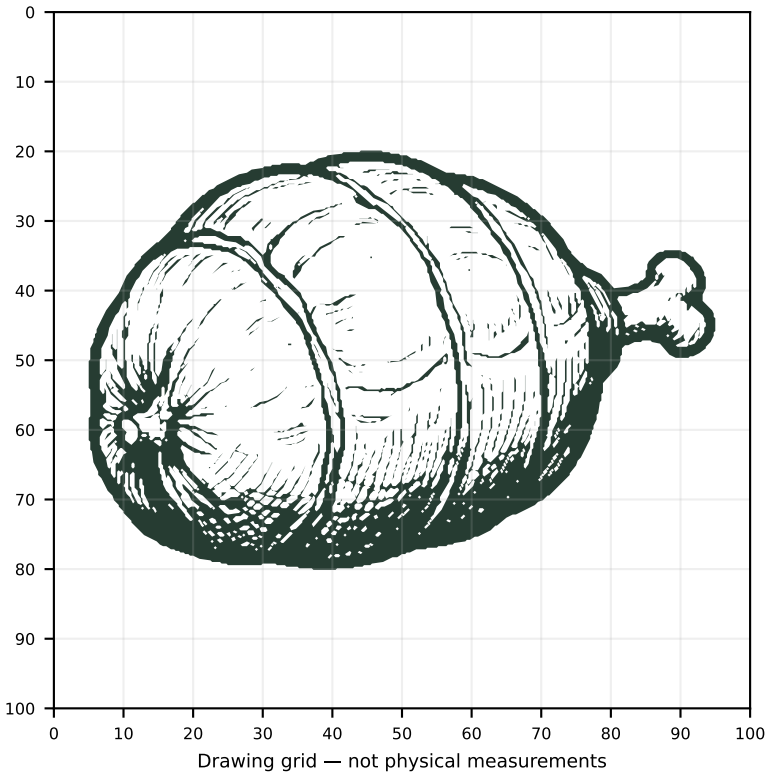

ANSWER: Example solution: preserve rounded domed shape, bone end protrusion, scored surface lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded oval for the main body of the ham.
2. Add a small protruding bone shape at the right end.
3. Draw curved scored lines across the surface of the ham.
4. Add a small circular detail at the left end to indicate the tied/closed end.

How to Draw Ham — Free Practice Sheets

ANSWER / CASE 4

ham: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded domed shape, bone end protrusion, scored surface lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw a large rounded oval for the main body of the ham.
2. Add a small protruding bone shape at the right end.
3. Draw curved scored lines across the surface of the ham.
4. Add a small circular detail at the left end to indicate the tied/closed end.
