brownie: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

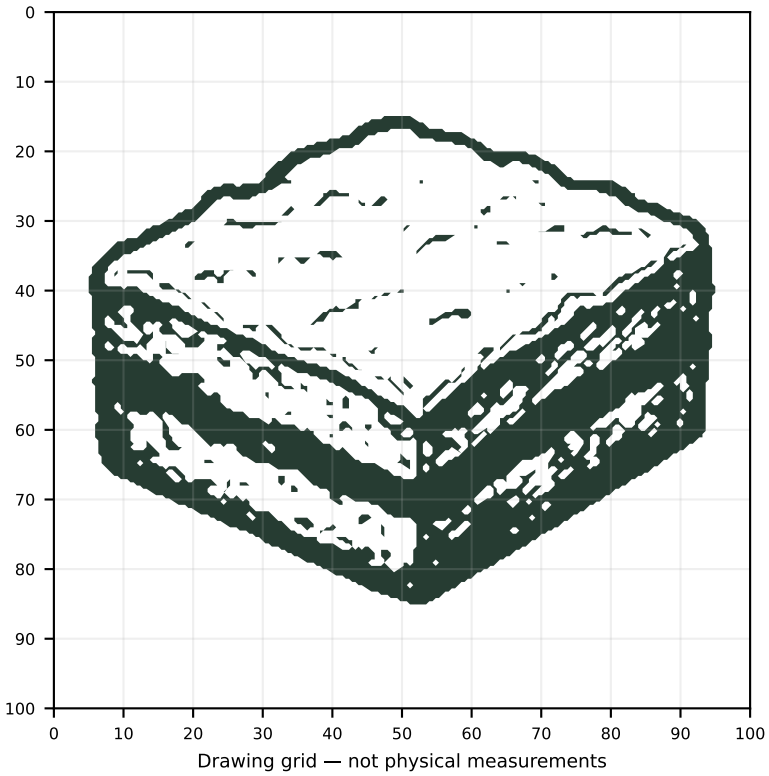

METHOD: Draw a three-dimensional square block using a top parallelogram and two side faces meeting at a central vertical edge. Outline the top with a wavy, slightly domed contour to suggest a crackly crust. Add small dots and short irregular marks across the top surface for the crackled texture. Draw horizontal layered lines and speckled crumb marks on both visible side faces to show the brownie interior.
