How to Draw Water Droplet — Free Practice Sheets

REFERENCE / CASE 1

water droplet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

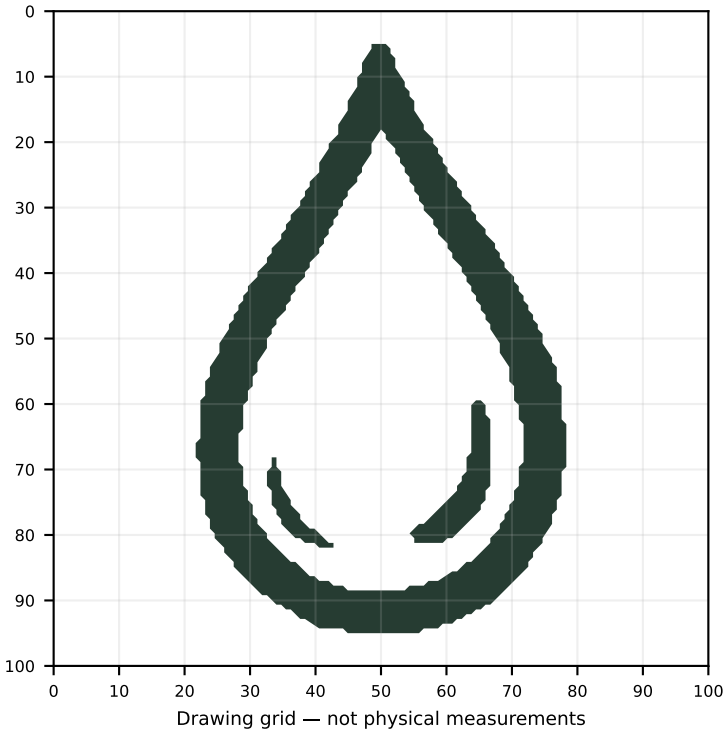

METHOD: Draw a vertical teardrop outline: start at a sharp point at the top, curve outward symmetrically on both sides, and close with a rounded bottom. Thicken the outline slightly to create a bold, consistent border. Add a small curved highlight line inside the lower-left area. Add a second small curved highlight line inside the lower-right area, mirroring the first.
Use the separate practice sheet before checking the answer.

How to Draw Water Droplet — Free Practice Sheets

REFERENCE / CASE 2

water droplet: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

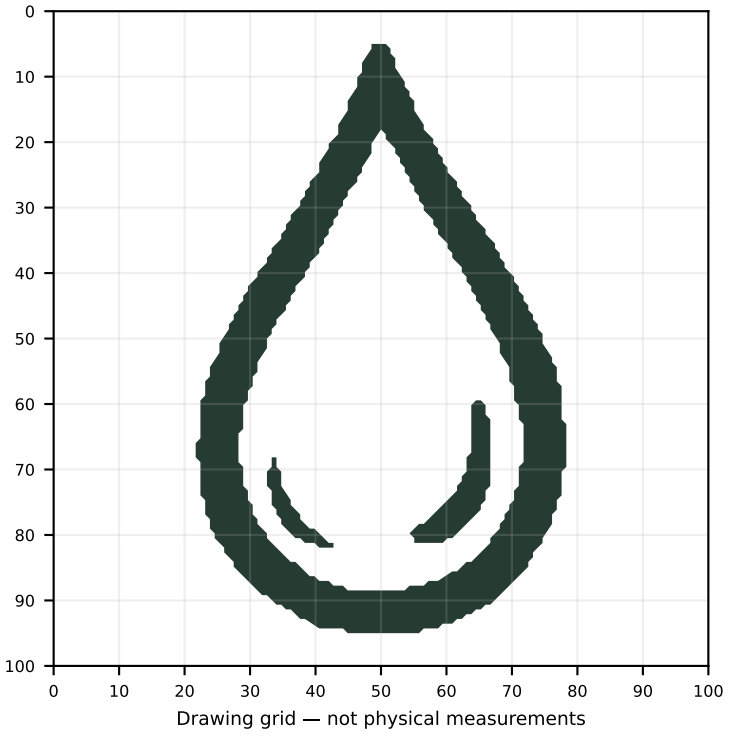

METHOD: Draw a vertical teardrop outline: start at a sharp point at the top, curve outward symmetrically on both sides, and close with a rounded bottom. Thicken the outline slightly to create a bold, consistent border. Add a small curved highlight line inside the lower-left area. Add a second small curved highlight line inside the lower-right area, mirroring the first.
Use the separate practice sheet before checking the answer.

How to Draw Water Droplet — Free Practice Sheets

REFERENCE / CASE 3

water droplet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

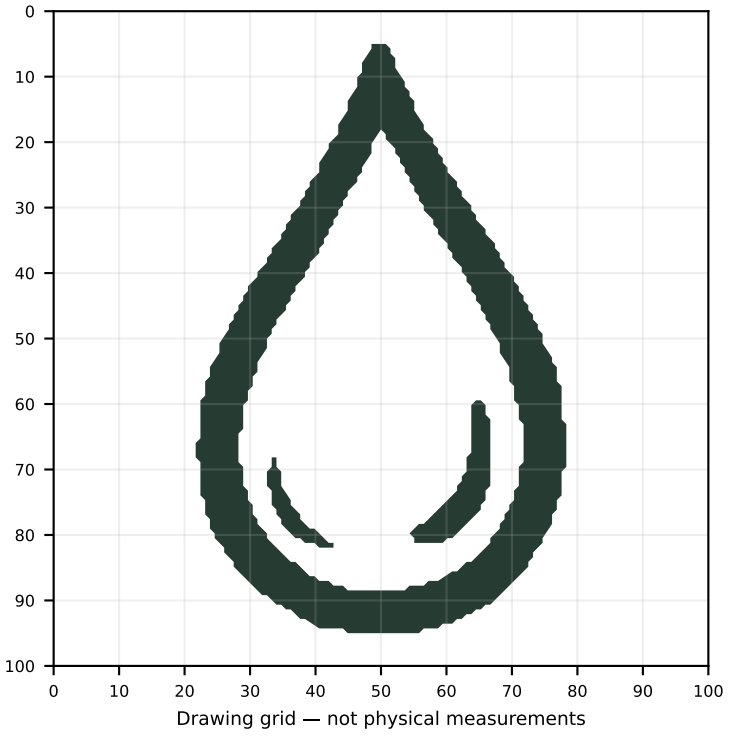

METHOD: Draw a vertical teardrop outline: start at a sharp point at the top, curve outward symmetrically on both sides, and close with a rounded bottom. Thicken the outline slightly to create a bold, consistent border. Add a small curved highlight line inside the lower-left area. Add a second small curved highlight line inside the lower-right area, mirroring the first.
Use the separate practice sheet before checking the answer.

How to Draw Water Droplet — Free Practice Sheets

REFERENCE / CASE 4

water droplet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a vertical teardrop outline: start at a sharp point at the top, curve outward symmetrically on both sides, and close with a rounded bottom. Thicken the outline slightly to create a bold, consistent border. Add a small curved highlight line inside the lower-left area. Add a second small curved highlight line inside the lower-right area, mirroring the first.
Use the separate practice sheet before checking the answer.
