How to Draw Cave — Free Practice Sheets

ANSWER / CASE 1

cave: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

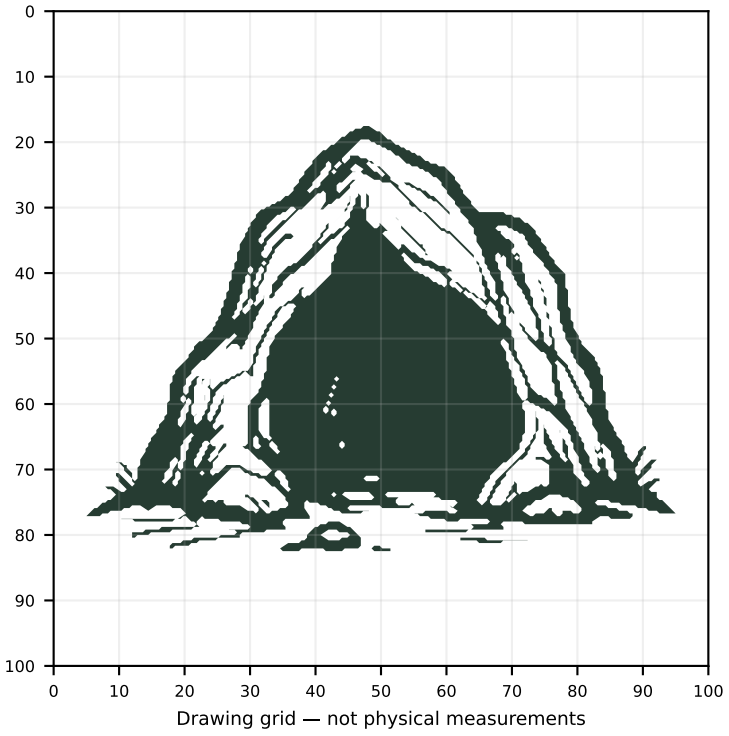

ANSWER: Example solution: preserve arched opening with a rounded top, rocky irregular outer edges with jagged contour lines, dark filled interior suggesting depth. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large arched outline for the cave opening, keeping the top rounded and the sides slightly uneven.
2. Add jagged, irregular lines around the outer edge to suggest rocky walls framing the opening.
3. Fill the interior opening with solid dark shading to create a deep, shadowed interior.
4. Sketch small rocks and tufts of grass along the bottom edge to ground the cave in a simple landscape.
