How to Draw Waterfall — Free Practice Sheets

REFERENCE / CASE 1

waterfall: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

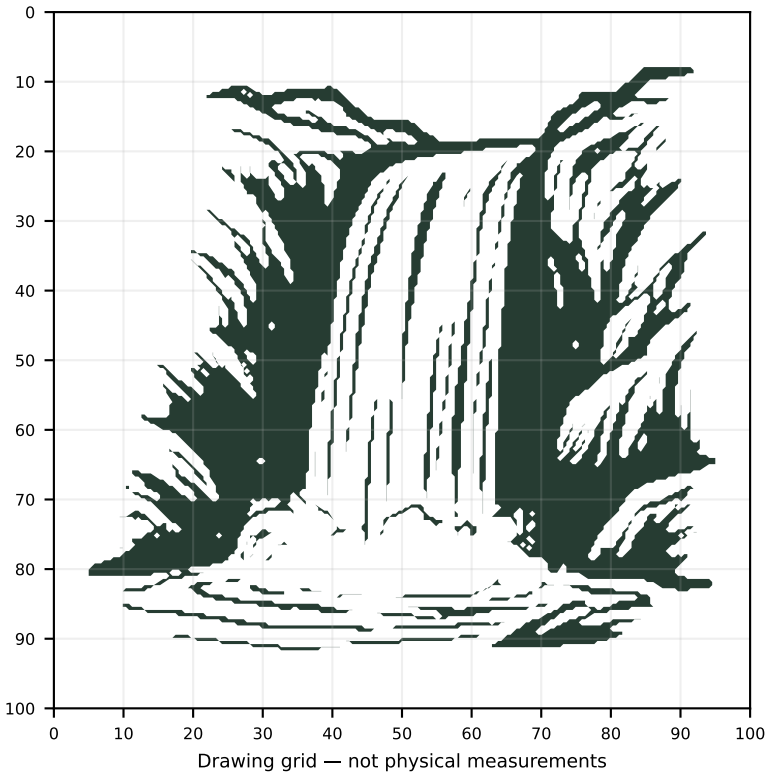

METHOD: Draw the top cliff edge as a jagged horizontal line with overhanging rock shapes on both sides. Add vertical parallel lines falling from the cliff edge to represent the falling water column. Sketch the base foam as rounded splash shapes where the water meets the pool. Draw horizontal ripple lines around the base to indicate the pool surface.
Use the separate practice sheet before checking the answer.

How to Draw Waterfall — Free Practice Sheets

REFERENCE / CASE 2

waterfall: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

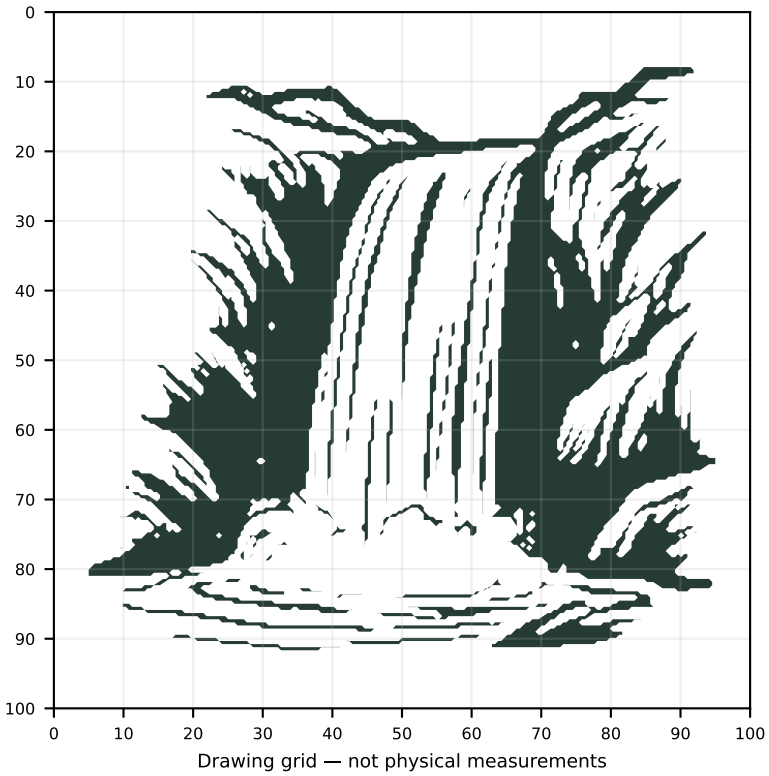

METHOD: Draw the top cliff edge as a jagged horizontal line with overhanging rock shapes on both sides. Add vertical parallel lines falling from the cliff edge to represent the falling water column. Sketch the base foam as rounded splash shapes where the water meets the pool. Draw horizontal ripple lines around the base to indicate the pool surface.
Use the separate practice sheet before checking the answer.

How to Draw Waterfall — Free Practice Sheets

REFERENCE / CASE 3

waterfall: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

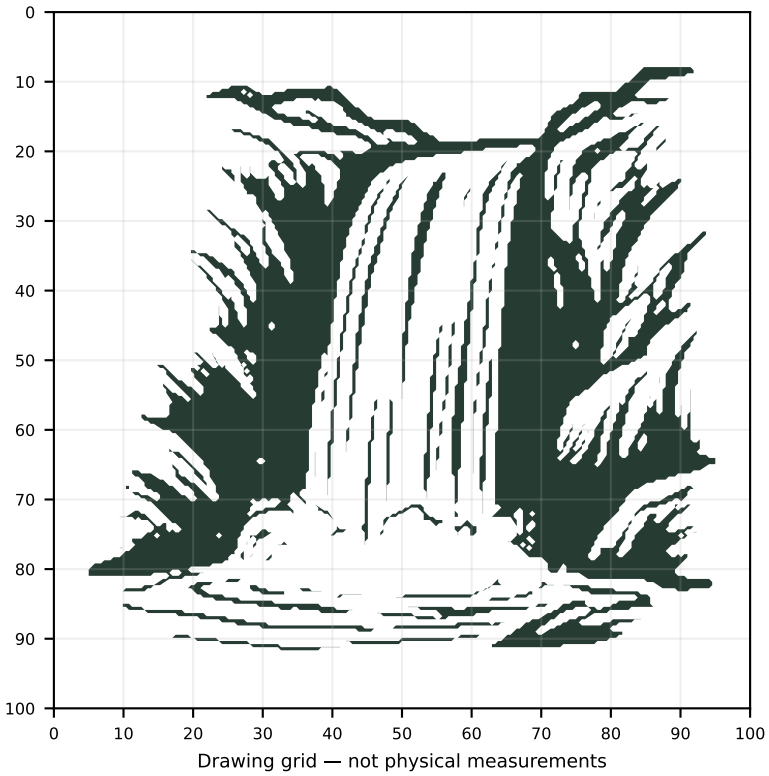

METHOD: Draw the top cliff edge as a jagged horizontal line with overhanging rock shapes on both sides. Add vertical parallel lines falling from the cliff edge to represent the falling water column. Sketch the base foam as rounded splash shapes where the water meets the pool. Draw horizontal ripple lines around the base to indicate the pool surface.
Use the separate practice sheet before checking the answer.

How to Draw Waterfall — Free Practice Sheets

REFERENCE / CASE 4

waterfall: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the top cliff edge as a jagged horizontal line with overhanging rock shapes on both sides. Add vertical parallel lines falling from the cliff edge to represent the falling water column. Sketch the base foam as rounded splash shapes where the water meets the pool. Draw horizontal ripple lines around the base to indicate the pool surface.
Use the separate practice sheet before checking the answer.
