# How to Draw Moon — Free Practice Sheets

**REFERENCE / CASE 1**

moon: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

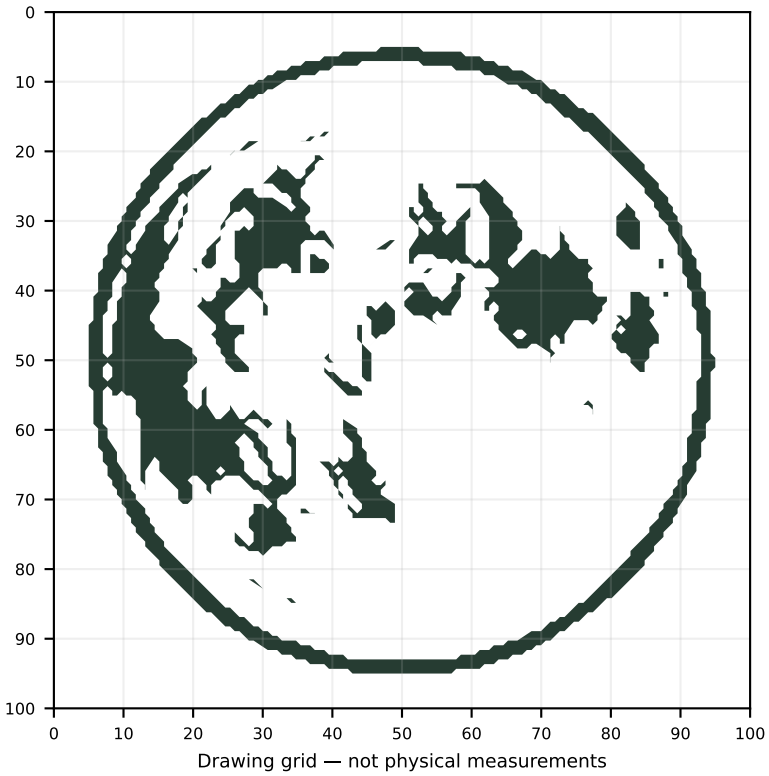

METHOD: Draw a clean circular outline for the moon disk. Sketch irregular crater and mare shapes inside the circle, concentrated on the left and upper areas. Add gray shading to the crater patches while leaving the right/lower area mostly white. Refine the outer circle and shading edges to keep the full moon silhouette clear.
