How to Draw Campfire — Free Practice Sheets

REFERENCE / CASE 1

campfire: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

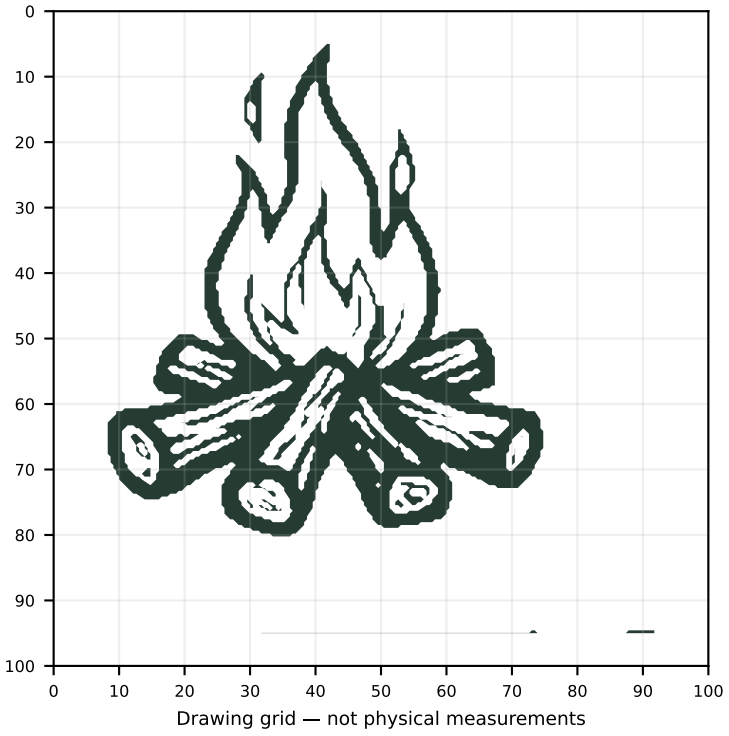

METHOD: Draw a crisscross stack of logs at the bottom, with several log ends facing outward as circles. Add a central flame mass rising from the top of the log stack. Shape the flame into multiple pointed tongues, with the tallest central tongue and smaller side tongues. Outline the log ends and flame edges with bold lines to define the campfire silhouette. Use the separate practice sheet before checking the answer.

How to Draw Campfire — Free Practice Sheets

REFERENCE / CASE 2

campfire: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

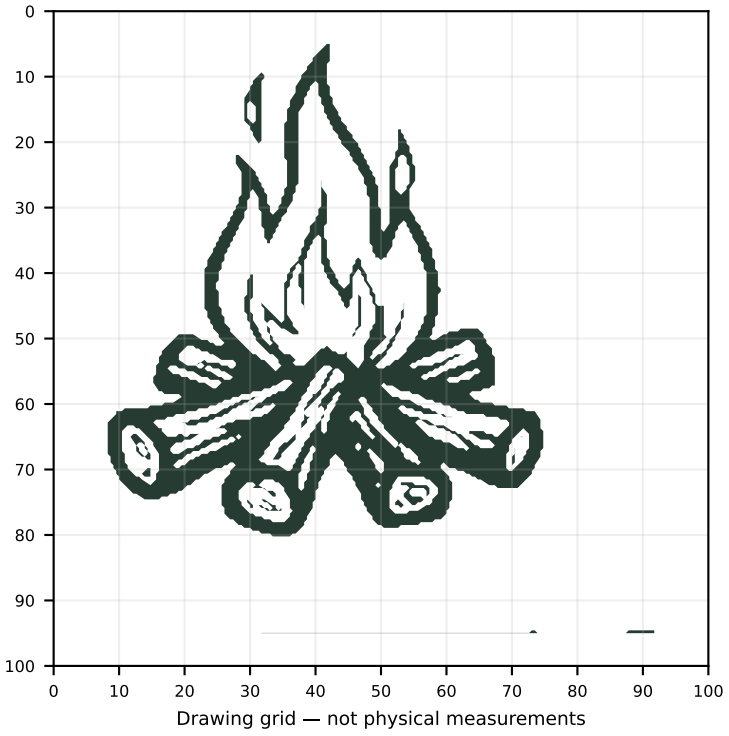

METHOD: Draw a crisscross stack of logs at the bottom, with several log ends facing outward as circles. Add a central flame mass rising from the top of the log stack. Shape the flame into multiple pointed tongues, with the tallest central tongue and smaller side tongues. Outline the log ends and flame edges with bold lines to define the campfire silhouette. Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

campfire: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

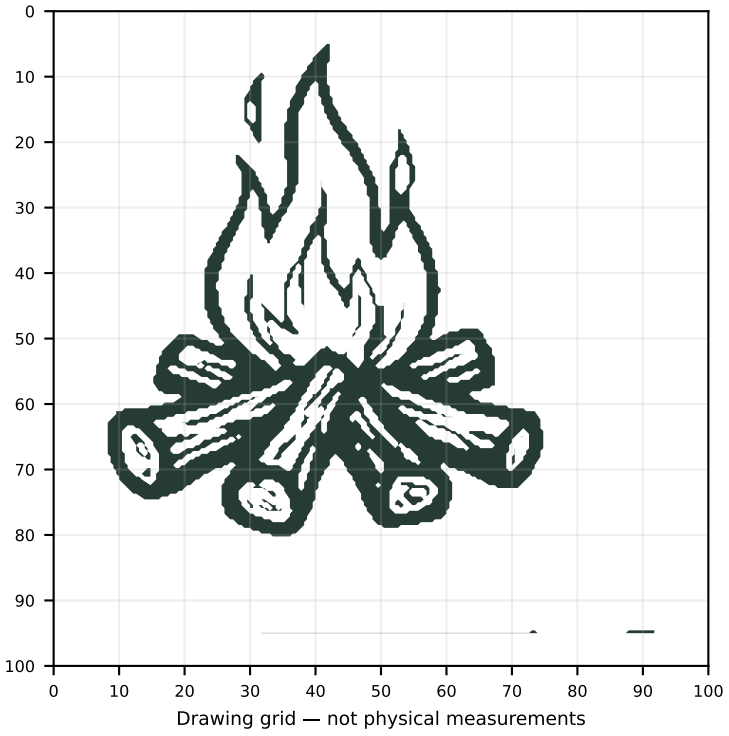

METHOD: Draw a crisscross stack of logs at the bottom, with several log ends facing outward as circles. Add a central flame mass rising from the top of the log stack. Shape the flame into multiple pointed tongues, with the tallest central tongue and smaller side tongues. Outline the log ends and flame edges with bold lines to define the campfire silhouette. Use the separate practice sheet before checking the answer.

How to Draw Campfire — Free Practice Sheets

REFERENCE / CASE 4

campfire: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a crisscross stack of logs at the bottom, with several log ends facing outward as circles. Add a central flame mass rising from the top of the log stack. Shape the flame into multiple pointed tongues, with the tallest central tongue and smaller side tongues. Outline the log ends and flame edges with bold lines to define the campfire silhouette. Use the separate practice sheet before checking the answer.
