How to Draw Ayers Rock — Free Practice Sheets

REFERENCE / CASE 1

ayers rock: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

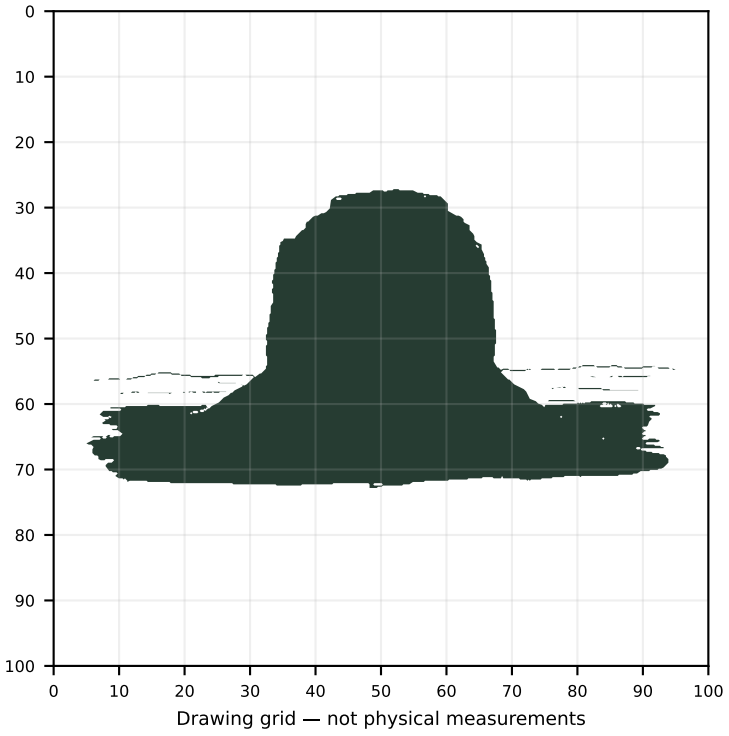

METHOD: Draw a wide horizontal ground line across the lower portion of the grid. Sketch a broad, rounded dome centered above the ground line, keeping the sides sloping outward at the base. Connect the dome's base to the ground line with a wide, flat mound shape. Refine the outline with slightly uneven edges to suggest a natural rock surface.
Use the separate practice sheet before checking the answer.
