How to Draw Badlands — Free Practice Sheets

REFERENCE / CASE 1

badlands: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

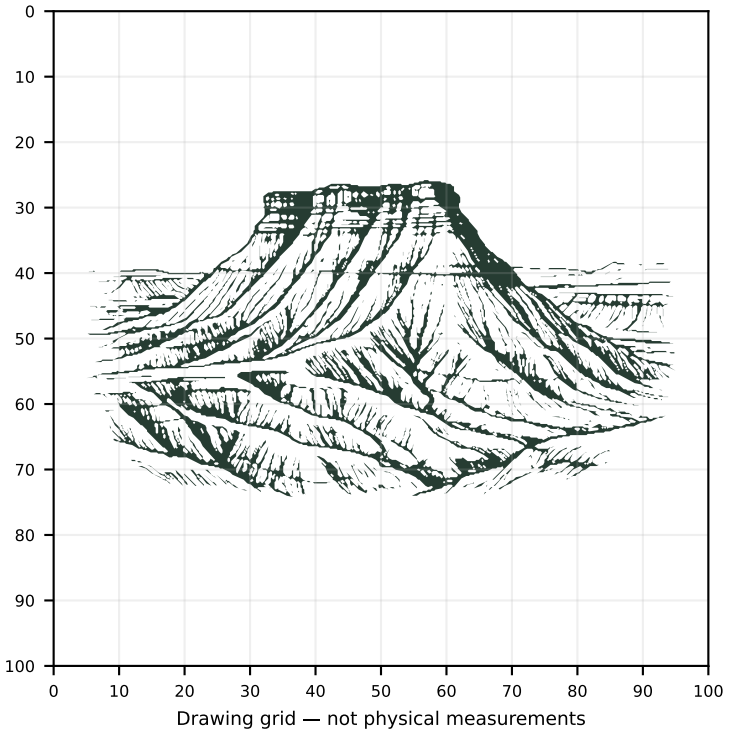

METHOD: Draw the flat top and vertical sides of the central butte, adding horizontal lines for layered strata. Sketch radiating ridge lines down the butte's slopes to show erosion gullies. Add stepped, wavy contour lines in the foreground to form terraced eroded ridges. Outline the distant flat horizon lines on both sides to complete the badlands setting.
Use the separate practice sheet before checking the answer.

How to Draw Badlands — Free Practice Sheets

REFERENCE / CASE 2

badlands: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

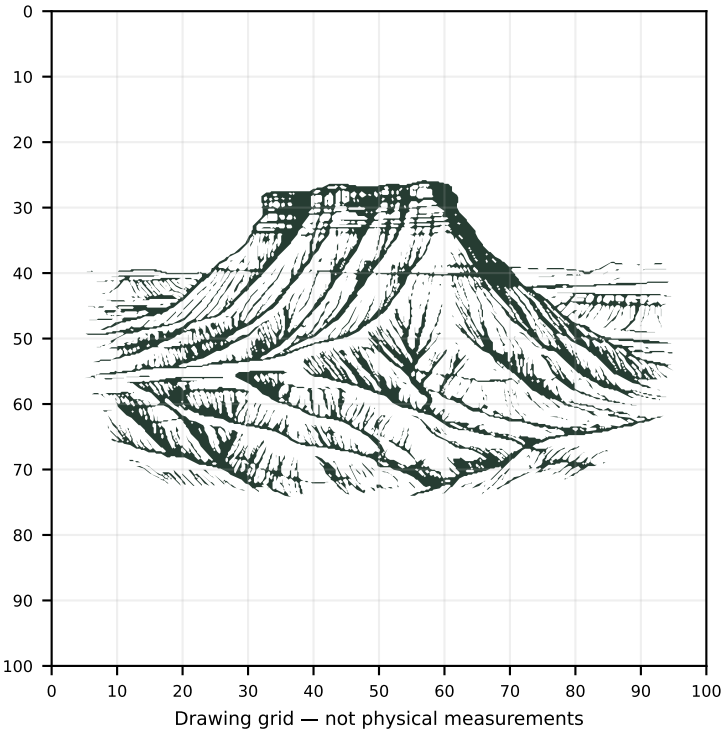

METHOD: Draw the flat top and vertical sides of the central butte, adding horizontal lines for layered strata. Sketch radiating ridge lines down the butte's slopes to show erosion gullies. Add stepped, wavy contour lines in the foreground to form terraced eroded ridges. Outline the distant flat horizon lines on both sides to complete the badlands setting. Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

badlands: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

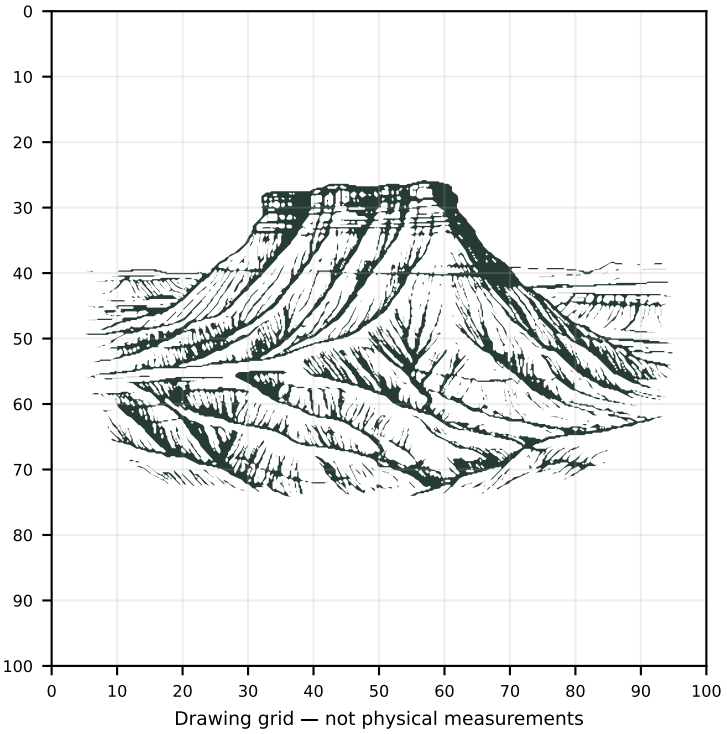

METHOD: Draw the flat top and vertical sides of the central butte, adding horizontal lines for layered strata. Sketch radiating ridge lines down the butte's slopes to show erosion gullies. Add stepped, wavy contour lines in the foreground to form terraced eroded ridges. Outline the distant flat horizon lines on both sides to complete the badlands setting.
Use the separate practice sheet before checking the answer.

How to Draw Badlands — Free Practice Sheets

REFERENCE / CASE 4

badlands: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the flat top and vertical sides of the central butte, adding horizontal lines for layered strata. Sketch radiating ridge lines down the butte's slopes to show erosion gullies. Add stepped, wavy contour lines in the foreground to form terraced eroded ridges. Outline the distant flat horizon lines on both sides to complete the badlands setting.
Use the separate practice sheet before checking the answer.
