How to Draw Hammer — Free Practice Sheets

REFERENCE / CASE 1

hammer: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

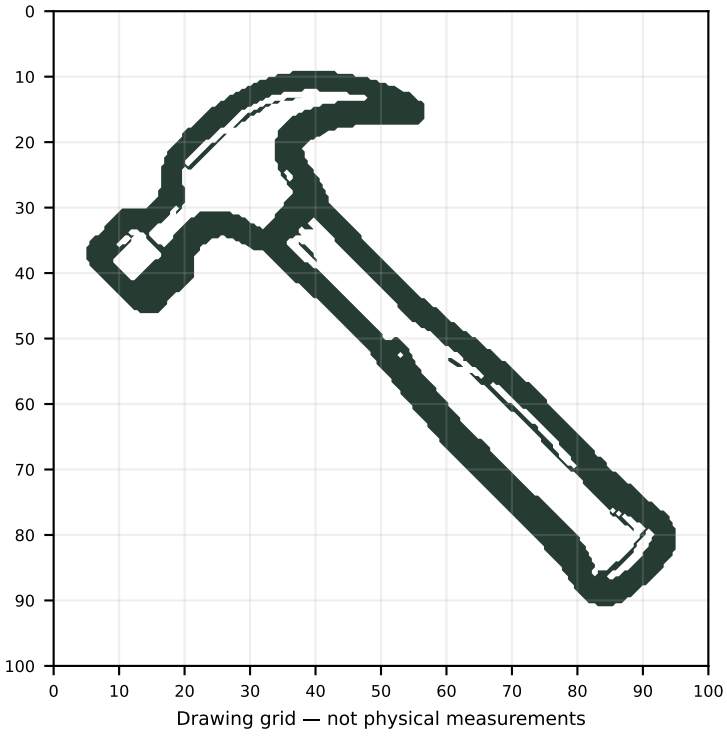

METHOD: Draw the rectangular head block at the upper left. Add the curved claw arching from the top of the head to the right. Extend a long tapered handle downward and to the right from the head. Outline the handle with a slightly wider base and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.

How to Draw Hammer — Free Practice Sheets

REFERENCE / CASE 2

hammer: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

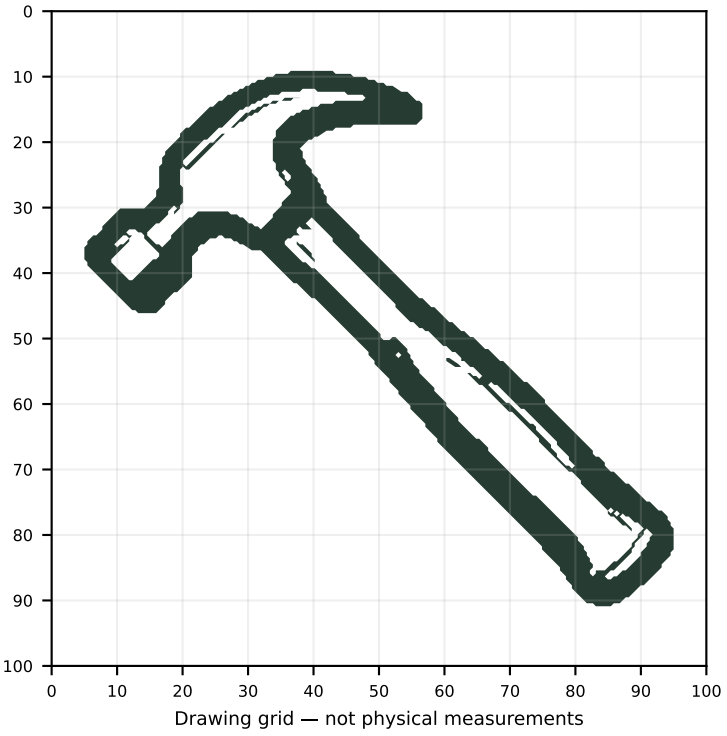

METHOD: Draw the rectangular head block at the upper left. Add the curved claw arching from the top of the head to the right. Extend a long tapered handle downward and to the right from the head. Outline the handle with a slightly wider base and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

hammer: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

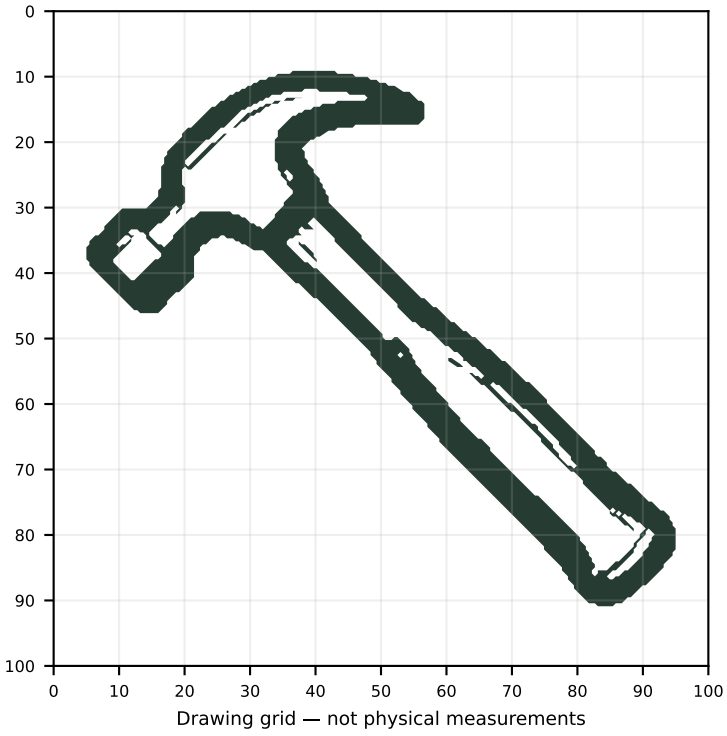

METHOD: Draw the rectangular head block at the upper left. Add the curved claw arching from the top of the head to the right. Extend a long tapered handle downward and to the right from the head. Outline the handle with a slightly wider base and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.

How to Draw Hammer — Free Practice Sheets

REFERENCE / CASE 4

hammer: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the rectangular head block at the upper left. Add the curved claw arching from the top of the head to the right. Extend a long tapered handle downward and to the right from the head. Outline the handle with a slightly wider base and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.
