How to Draw Lantern — Free Practice Sheets

ANSWER / CASE 1

lantern: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

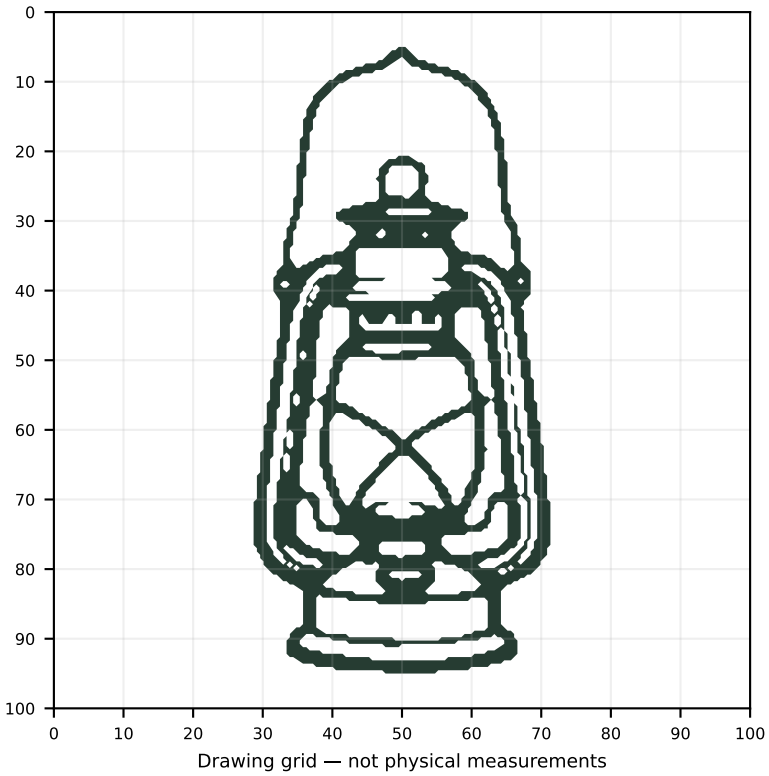

ANSWER: Example solution: preserve tall arched handle loop spanning over the top, rounded glass body with crossed diagonal guard wires, stacked base and top caps with a small finial knob. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a tall inverted-U handle loop centered over the body.
2. Add the top cap assembly: a small knob, a wide cap, and a vented collar.
3. Draw the rounded glass body with two crossed diagonal guard wires inside.
4. Add the lower frame and stacked base with a small central knob.

How to Draw Lantern — Free Practice Sheets

ANSWER / CASE 2

lantern: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

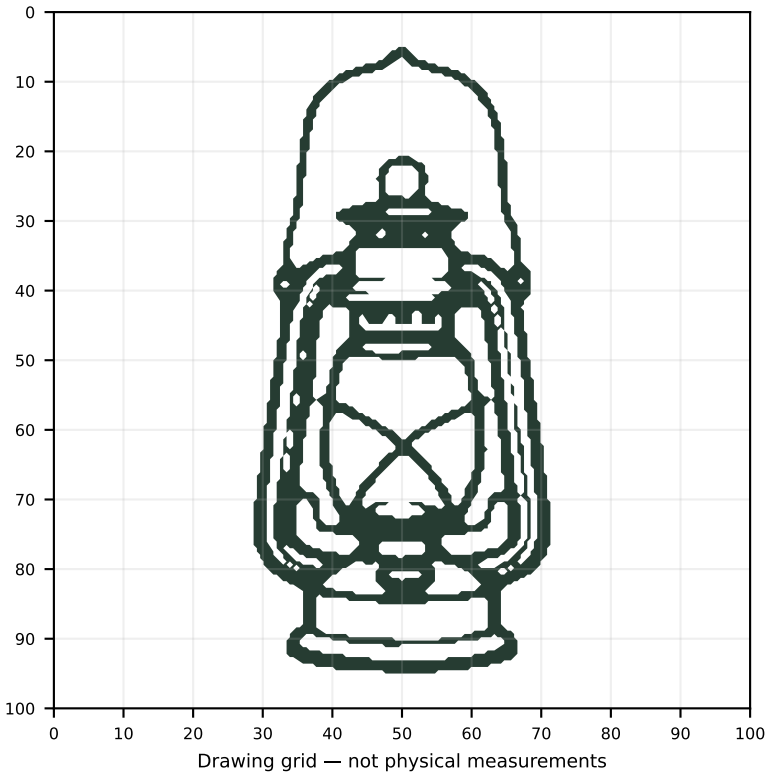

ANSWER: Example solution: preserve tall arched handle loop spanning over the top, rounded glass body with crossed diagonal guard wires, stacked base and top caps with a small finial knob. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a tall inverted-U handle loop centered over the body.
2. Add the top cap assembly: a small knob, a wide cap, and a vented collar.
3. Draw the rounded glass body with two crossed diagonal guard wires inside.
4. Add the lower frame and stacked base with a small central knob.

How to Draw Lantern — Free Practice Sheets

ANSWER / CASE 3

lantern: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

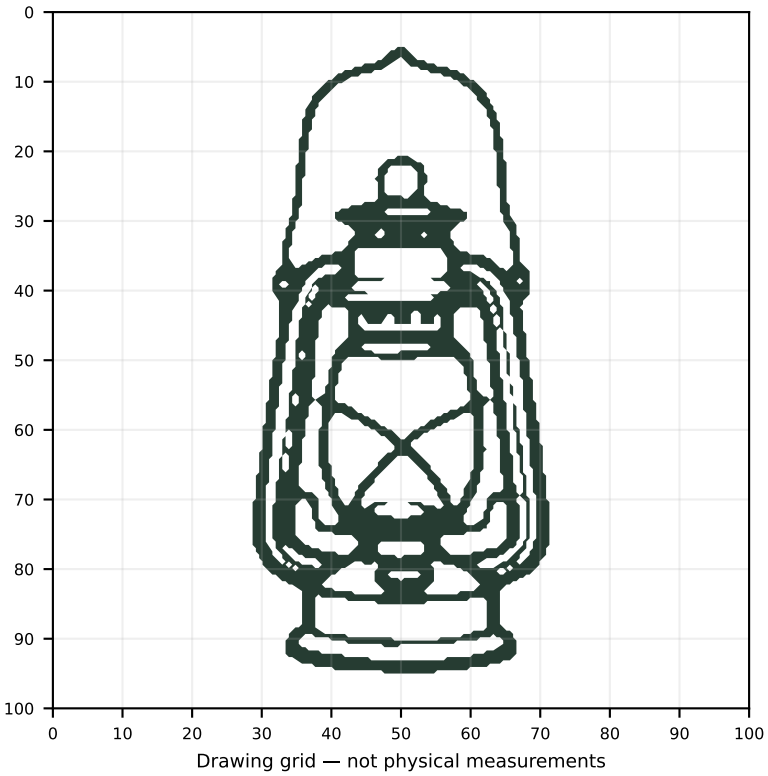

ANSWER: Example solution: preserve tall arched handle loop spanning over the top, rounded glass body with crossed diagonal guard wires, stacked base and top caps with a small finial knob. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a tall inverted-U handle loop centered over the body.
2. Add the top cap assembly: a small knob, a wide cap, and a vented collar.
3. Draw the rounded glass body with two crossed diagonal guard wires inside.
4. Add the lower frame and stacked base with a small central knob.

How to Draw Lantern — Free Practice Sheets

ANSWER / CASE 4

lantern: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve tall arched handle loop spanning over the top, rounded glass body with crossed diagonal guard wires, stacked base and top caps with a small finial knob. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a tall inverted-U handle loop centered over the body.
2. Add the top cap assembly: a small knob, a wide cap, and a vented collar.
3. Draw the rounded glass body with two crossed diagonal guard wires inside.
4. Add the lower frame and stacked base with a small central knob.
