How to Draw Sofa — Free Practice Sheets

ANSWER / CASE 1

sofa: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

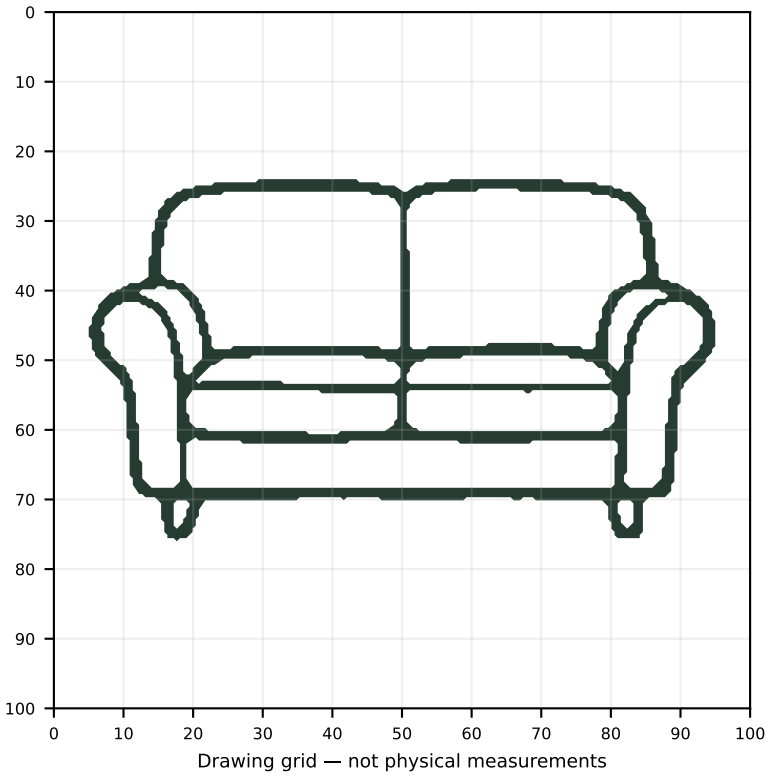

ANSWER: Example solution: preserve rounded backrest divided into two sections, two seat cushions with a center seam, curved armrests on both sides. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the overall rectangular body outline with a slightly rounded top edge.
2. Add a vertical center line to divide the backrest and seat into two sections.
3. Draw the two curved armrests attached to the left and right sides of the body.
4. Add the two short front legs beneath the base and outline the seat cushions.

How to Draw Sofa — Free Practice Sheets

ANSWER / CASE 2

sofa: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

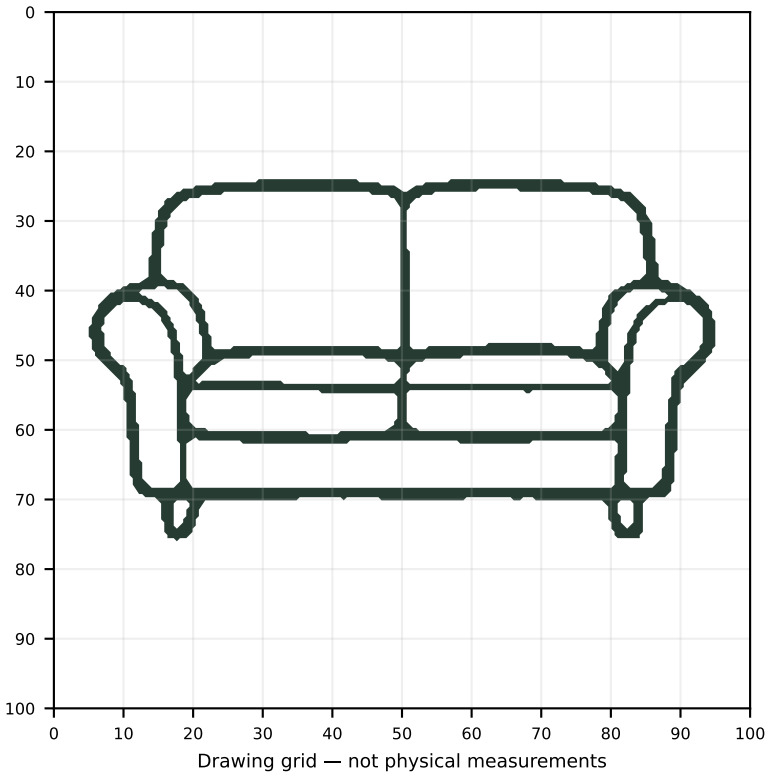

ANSWER: Example solution: preserve rounded backrest divided into two sections, two seat cushions with a center seam, curved armrests on both sides. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the overall rectangular body outline with a slightly rounded top edge.
2. Add a vertical center line to divide the backrest and seat into two sections.
3. Draw the two curved armrests attached to the left and right sides of the body.
4. Add the two short front legs beneath the base and outline the seat cushions.

How to Draw Sofa — Free Practice Sheets

ANSWER / CASE 3

sofa: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

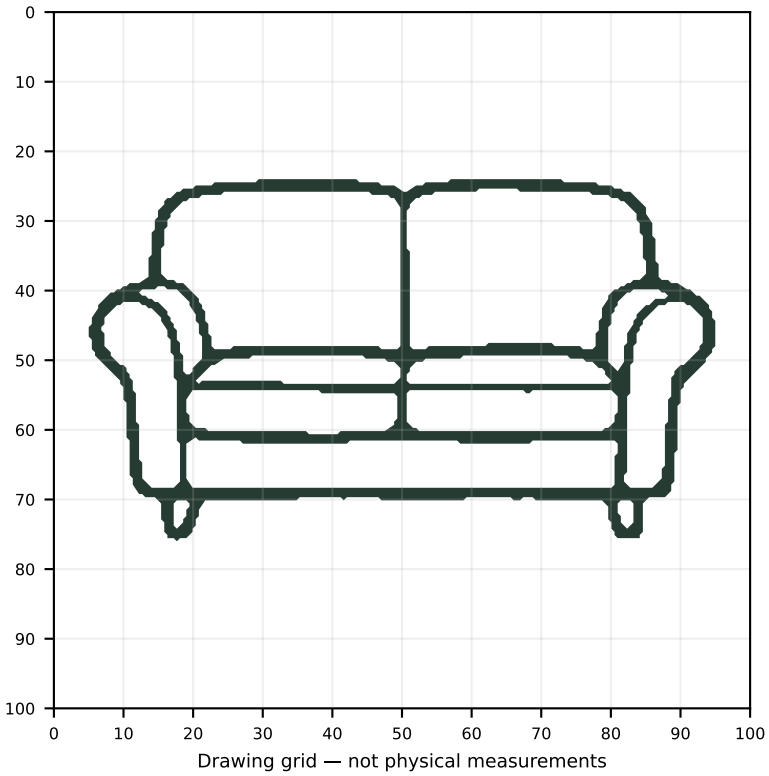

ANSWER: Example solution: preserve rounded backrest divided into two sections, two seat cushions with a center seam, curved armrests on both sides. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the overall rectangular body outline with a slightly rounded top edge.
2. Add a vertical center line to divide the backrest and seat into two sections.
3. Draw the two curved armrests attached to the left and right sides of the body.
4. Add the two short front legs beneath the base and outline the seat cushions.

How to Draw Sofa — Free Practice Sheets

ANSWER / CASE 4

sofa: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded backrest divided into two sections, two seat cushions with a center seam, curved armrests on both sides. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the overall rectangular body outline with a slightly rounded top edge.
2. Add a vertical center line to divide the backrest and seat into two sections.
3. Draw the two curved armrests attached to the left and right sides of the body.
4. Add the two short front legs beneath the base and outline the seat cushions.
