How to Draw Shoe — Free Practice Sheets

ANSWER / CASE 1

shoe: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

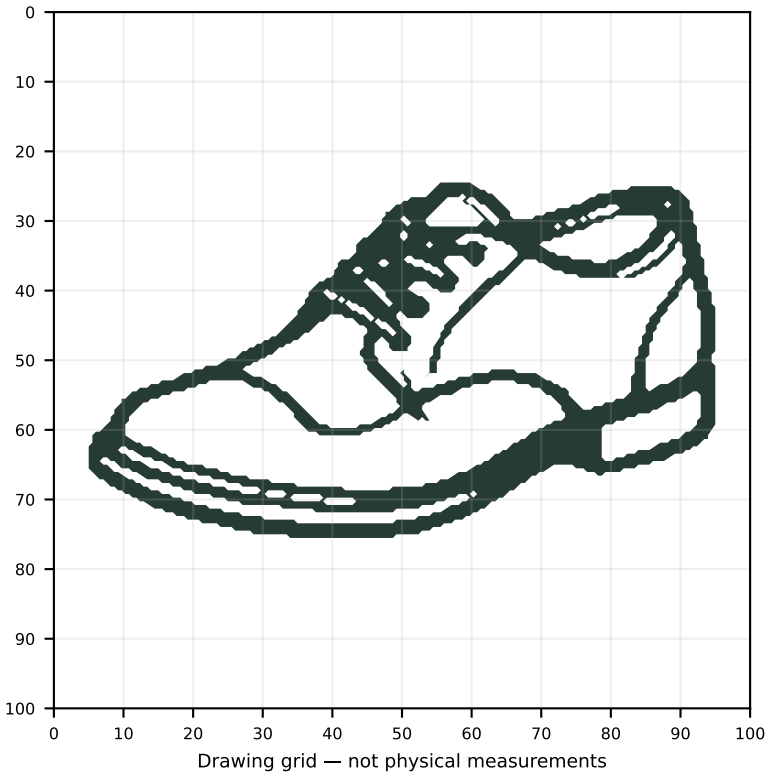

ANSWER: Example solution: preserve rounded toe box at the front, thick sole outline running along the bottom, crisscross laces on the upper. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the long, slightly curved sole outline with a raised heel block at the rear.
2. Add the rounded toe box and the upper vamp curve connecting to the lacing area.
3. Sketch the crisscross laces and the collar opening at the top.
4. Outline the heel counter and side panel seams to complete the shoe silhouette.

How to Draw Shoe — Free Practice Sheets

ANSWER / CASE 2

shoe: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

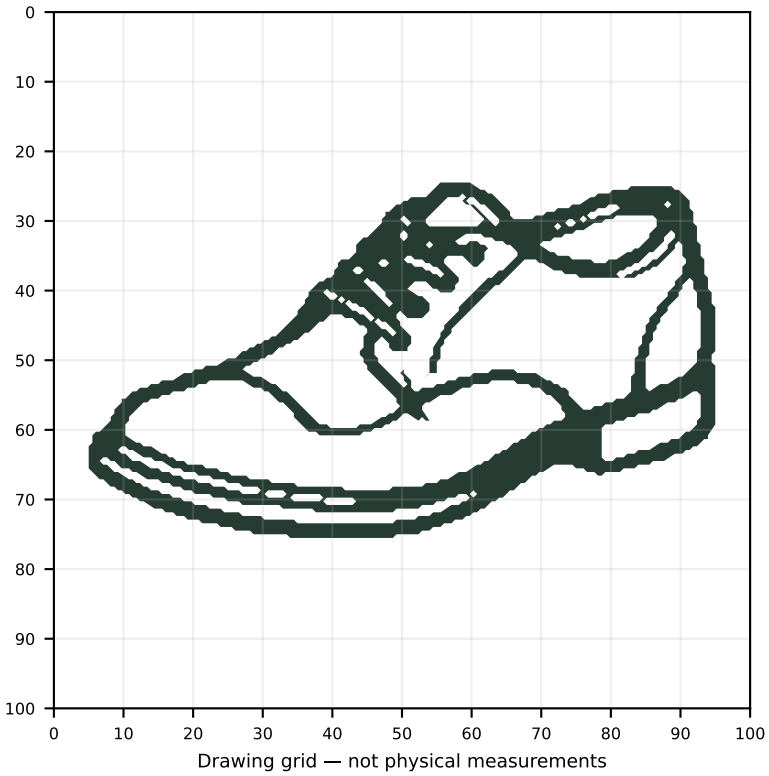

ANSWER: Example solution: preserve rounded toe box at the front, thick sole outline running along the bottom, crisscross laces on the upper. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the long, slightly curved sole outline with a raised heel block at the rear.
2. Add the rounded toe box and the upper vamp curve connecting to the lacing area.
3. Sketch the crisscross laces and the collar opening at the top.
4. Outline the heel counter and side panel seams to complete the shoe silhouette.

How to Draw Shoe — Free Practice Sheets

ANSWER / CASE 3

shoe: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

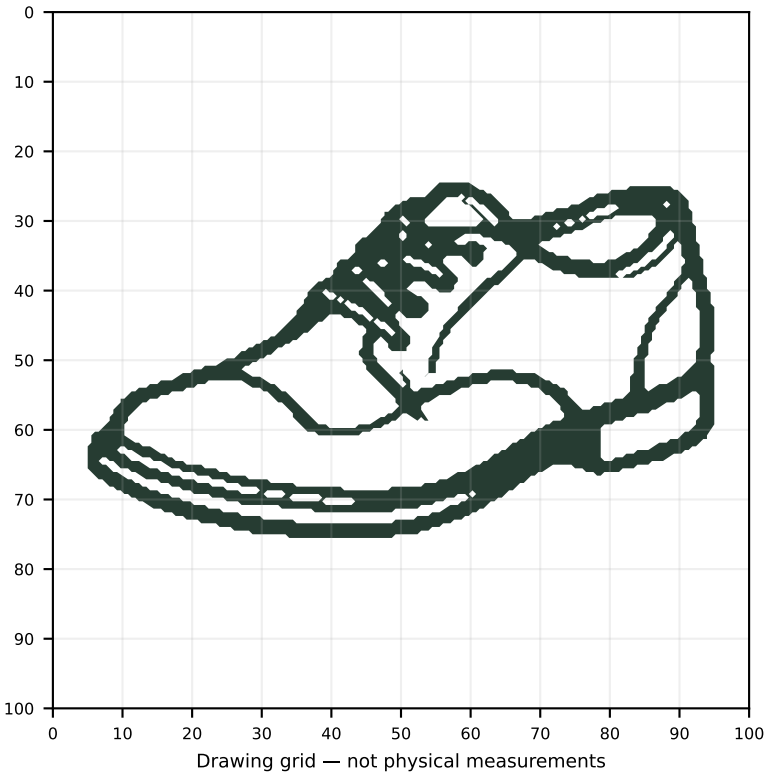

ANSWER: Example solution: preserve rounded toe box at the front, thick sole outline running along the bottom, crisscross laces on the upper. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the long, slightly curved sole outline with a raised heel block at the rear.
2. Add the rounded toe box and the upper vamp curve connecting to the lacing area.
3. Sketch the crisscross laces and the collar opening at the top.
4. Outline the heel counter and side panel seams to complete the shoe silhouette.

How to Draw Shoe — Free Practice Sheets

ANSWER / CASE 4

shoe: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded toe box at the front, thick sole outline running along the bottom, crisscross laces on the upper. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the long, slightly curved sole outline with a raised heel block at the rear.
2. Add the rounded toe box and the upper vamp curve connecting to the lacing area.
3. Sketch the crisscross laces and the collar opening at the top.
4. Outline the heel counter and side panel seams to complete the shoe silhouette.
