How to Draw Lock — Free Practice Sheets

ANSWER / CASE 1

lock: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

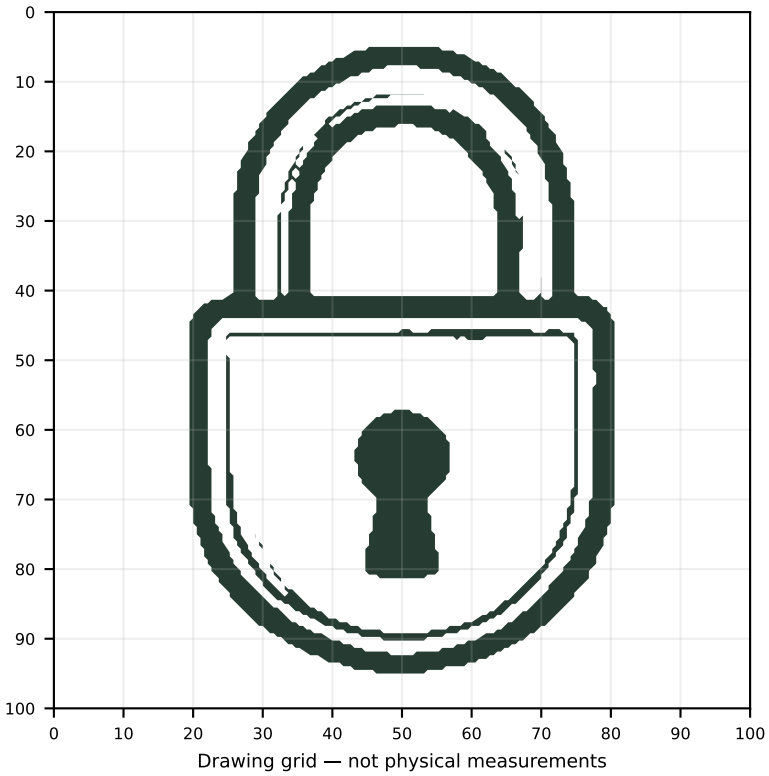

ANSWER: Example solution: preserve rounded rectangular lock body, U-shaped shackle loop attached to the top of the body, central keyhole shape on the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded rectangle for the lock body.
2. Draw a U-shaped shackle loop above the body, with its ends meeting the top edge.
3. Draw a smaller inner outline inside the body to suggest a face or bevel.
4. Draw a keyhole shape in the center of the body.

How to Draw Lock — Free Practice Sheets

ANSWER / CASE 2

lock: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

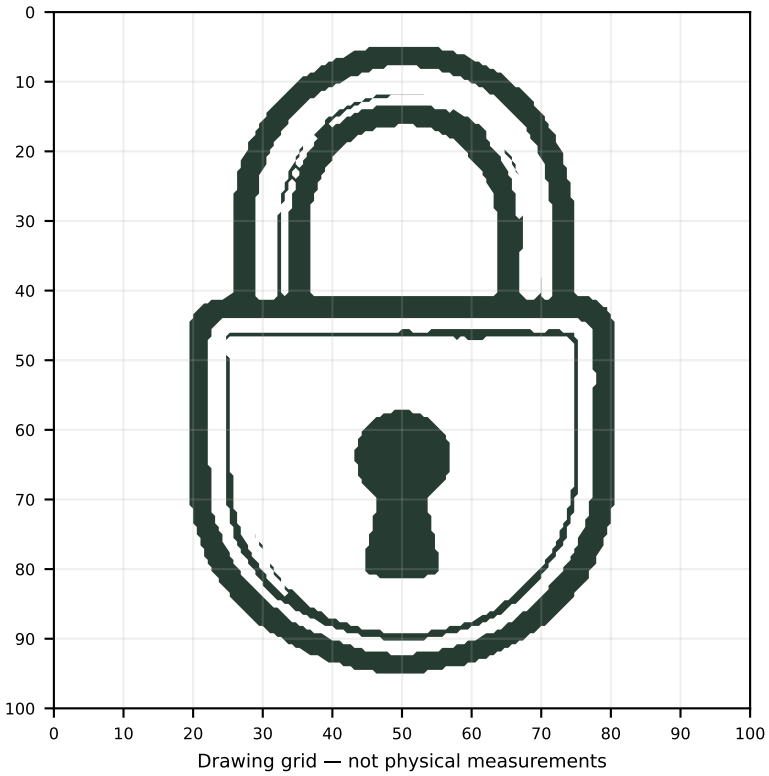

ANSWER: Example solution: preserve rounded rectangular lock body, U-shaped shackle loop attached to the top of the body, central keyhole shape on the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded rectangle for the lock body.
2. Draw a U-shaped shackle loop above the body, with its ends meeting the top edge.
3. Draw a smaller inner outline inside the body to suggest a face or bevel.
4. Draw a keyhole shape in the center of the body.

How to Draw Lock — Free Practice Sheets

ANSWER / CASE 3

lock: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

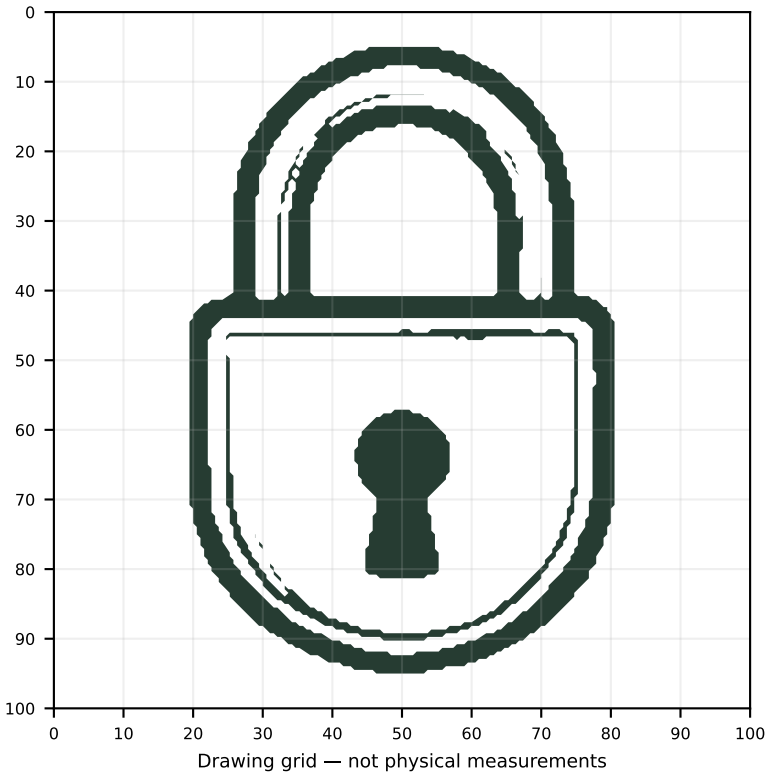

ANSWER: Example solution: preserve rounded rectangular lock body, U-shaped shackle loop attached to the top of the body, central keyhole shape on the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded rectangle for the lock body.
2. Draw a U-shaped shackle loop above the body, with its ends meeting the top edge.
3. Draw a smaller inner outline inside the body to suggest a face or bevel.
4. Draw a keyhole shape in the center of the body.

How to Draw Lock — Free Practice Sheets

ANSWER / CASE 4

lock: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded rectangular lock body, U-shaped shackle loop attached to the top of the body, central keyhole shape on the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rounded rectangle for the lock body.
2. Draw a U-shaped shackle loop above the body, with its ends meeting the top edge.
3. Draw a smaller inner outline inside the body to suggest a face or bevel.
4. Draw a keyhole shape in the center of the body.
