How to Draw Bowl — Free Practice Sheets

ANSWER / CASE 1

bowl: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

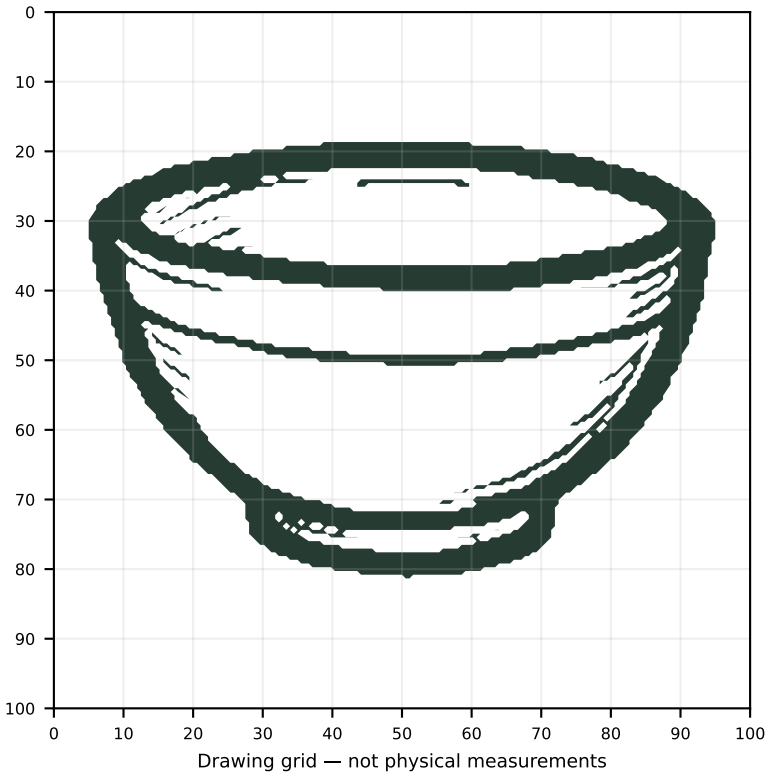

ANSWER: Example solution: preserve curved sides tapering downward, open elliptical rim with thick outline, flat base/foot ring at bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal ellipse for the open rim.
2. Add two curved side lines descending from the rim edges, narrowing toward the bottom.
3. Draw a smaller horizontal ellipse/line at the bottom to form the flat base.
4. Add a horizontal line across the upper body to indicate the rim band, then outline the base foot.

How to Draw Bowl — Free Practice Sheets

ANSWER / CASE 2

bowl: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

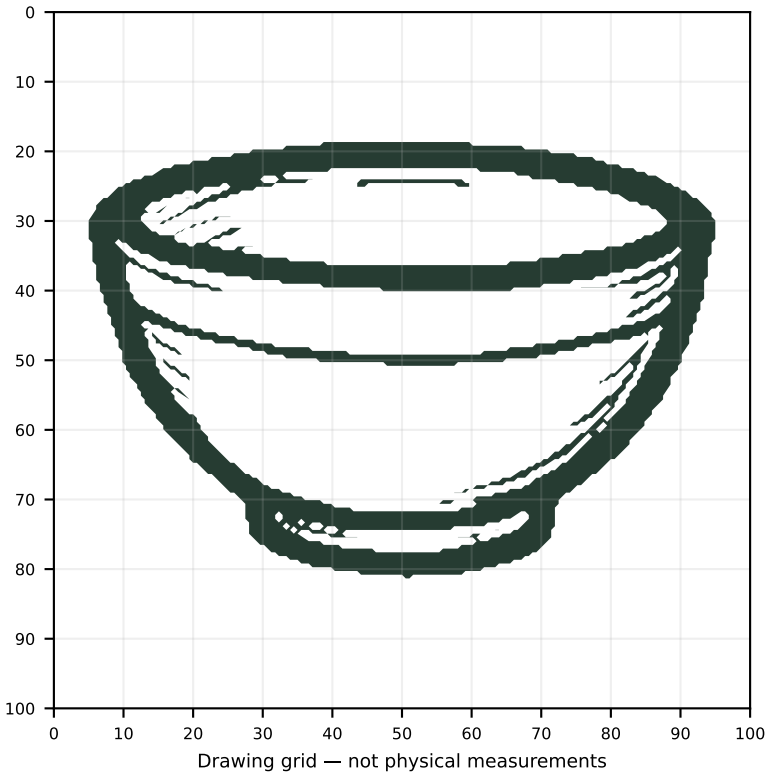

ANSWER: Example solution: preserve curved sides tapering downward, open elliptical rim with thick outline, flat base/foot ring at bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal ellipse for the open rim.
2. Add two curved side lines descending from the rim edges, narrowing toward the bottom.
3. Draw a smaller horizontal ellipse/line at the bottom to form the flat base.
4. Add a horizontal line across the upper body to indicate the rim band, then outline the base foot.

How to Draw Bowl — Free Practice Sheets

ANSWER / CASE 3

bowl: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

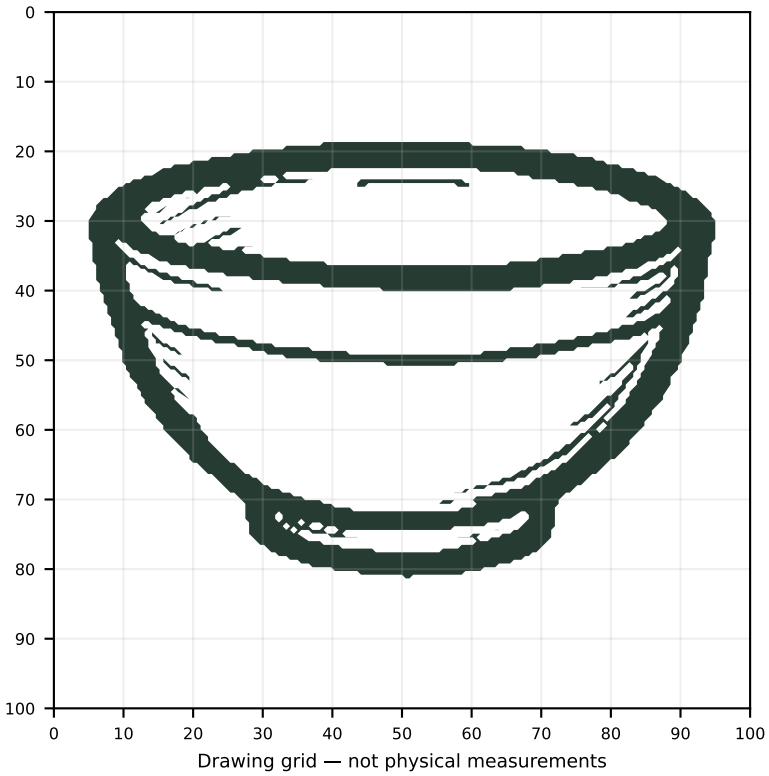

ANSWER: Example solution: preserve curved sides tapering downward, open elliptical rim with thick outline, flat base/foot ring at bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal ellipse for the open rim.
2. Add two curved side lines descending from the rim edges, narrowing toward the bottom.
3. Draw a smaller horizontal ellipse/line at the bottom to form the flat base.
4. Add a horizontal line across the upper body to indicate the rim band, then outline the base foot.

How to Draw Bowl — Free Practice Sheets

ANSWER / CASE 4

bowl: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve curved sides tapering downward, open elliptical rim with thick outline, flat base/foot ring at bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal ellipse for the open rim.
2. Add two curved side lines descending from the rim edges, narrowing toward the bottom.
3. Draw a smaller horizontal ellipse/line at the bottom to form the flat base.
4. Add a horizontal line across the upper body to indicate the rim band, then outline the base foot.
