# How to Draw Television — Free Practice Sheets

### ANSWER / CASE 1

television: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

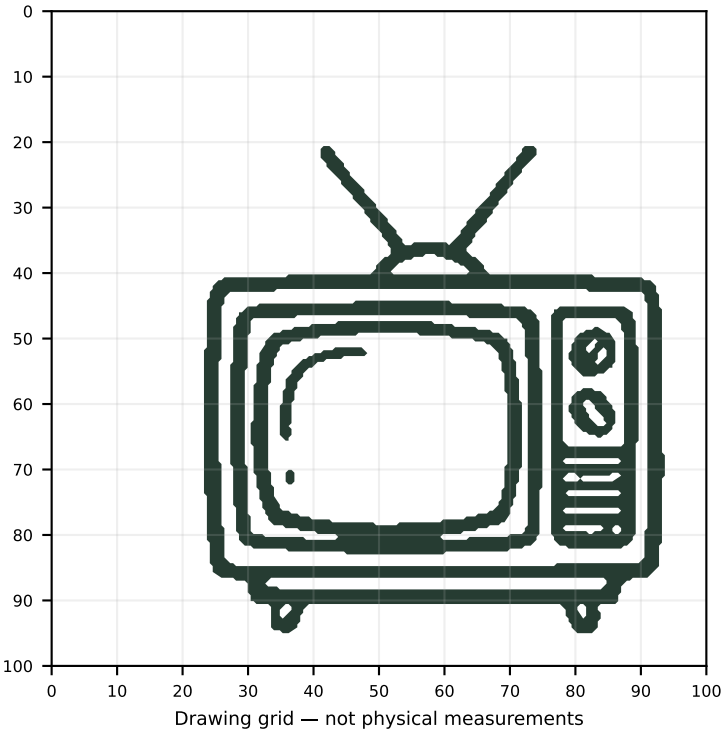

ANSWER: Example solution: preserve rectangular outer body with rounded corners, inner rounded rectangular screen outline, right-side control panel with two circular knobs and horizontal lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded rectangle for the TV body.
2. Draw a smaller rounded rectangle inside for the screen, leaving a right-side panel.
3. Add two circles and horizontal lines on the right panel for controls.
4. Draw two diagonal lines on top for antennas and two small feet at the bottom.
