How to Draw Bottle — Free Practice Sheets

REFERENCE / CASE 1

bottle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

METHOD: Draw a vertical rectangle for the cylindrical body. Add a narrower rectangle on top for the neck and cap. Connect the neck to the body with curved lines for rounded shoulders. Add horizontal lines across the body to indicate a label.
Use the separate practice sheet before checking the answer.

How to Draw Bottle — Free Practice Sheets

REFERENCE / CASE 2

bottle: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

METHOD: Draw a vertical rectangle for the cylindrical body. Add a narrower rectangle on top for the neck and cap. Connect the neck to the body with curved lines for rounded shoulders. Add horizontal lines across the body to indicate a label.
Use the separate practice sheet before checking the answer.

How to Draw Bottle — Free Practice Sheets

REFERENCE / CASE 3

bottle: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

METHOD: Draw a vertical rectangle for the cylindrical body. Add a narrower rectangle on top for the neck and cap. Connect the neck to the body with curved lines for rounded shoulders. Add horizontal lines across the body to indicate a label.
Use the separate practice sheet before checking the answer.

How to Draw Bottle — Free Practice Sheets

REFERENCE / CASE 4

bottle: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a vertical rectangle for the cylindrical body. Add a narrower rectangle on top for the neck and cap. Connect the neck to the body with curved lines for rounded shoulders. Add horizontal lines across the body to indicate a label.
Use the separate practice sheet before checking the answer.
