How to Draw Glass — Free Practice Sheets

REFERENCE / CASE 1

glass: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

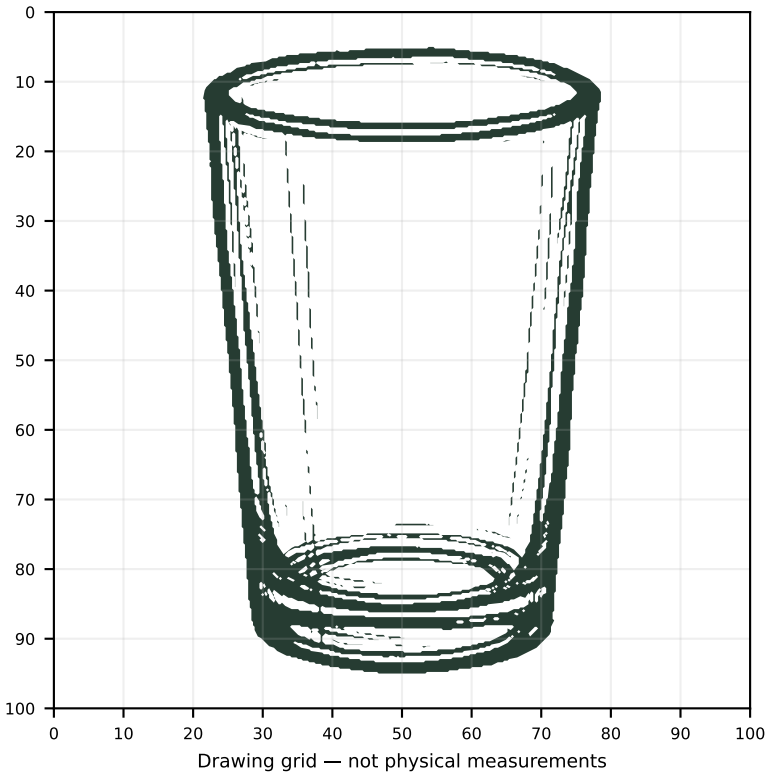

METHOD: Draw a vertical ellipse for the open rim. Draw two slightly converging vertical lines down from the rim to form the sides. Draw a curved line connecting the bottom of the sides to form the base. Add a second curved line near the bottom to indicate the thick glass base.
Use the separate practice sheet before checking the answer.

How to Draw Glass — Free Practice Sheets

REFERENCE / CASE 2

glass: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

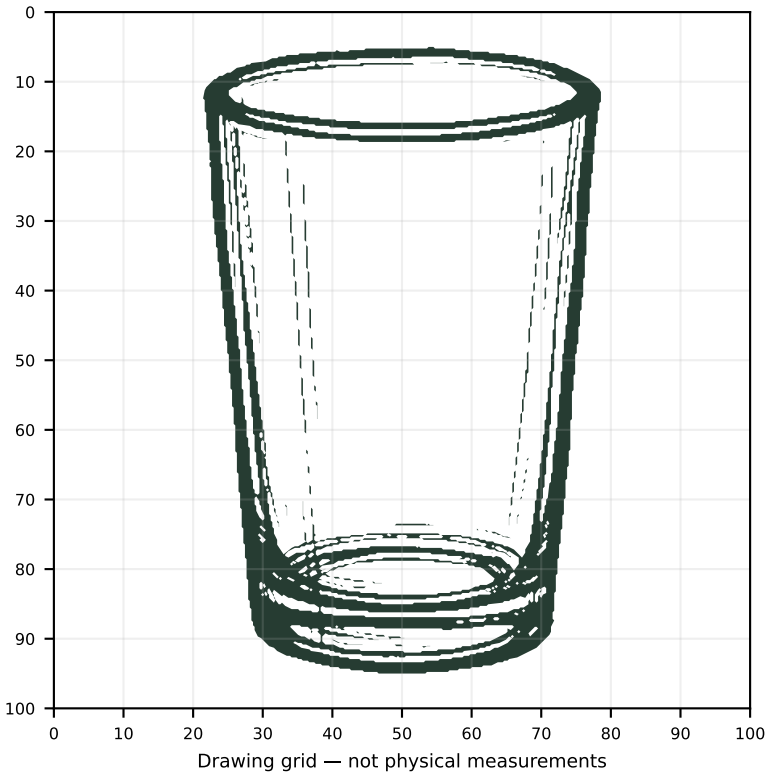

METHOD: Draw a vertical ellipse for the open rim. Draw two slightly converging vertical lines down from the rim to form the sides. Draw a curved line connecting the bottom of the sides to form the base. Add a second curved line near the bottom to indicate the thick glass base.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

glass: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

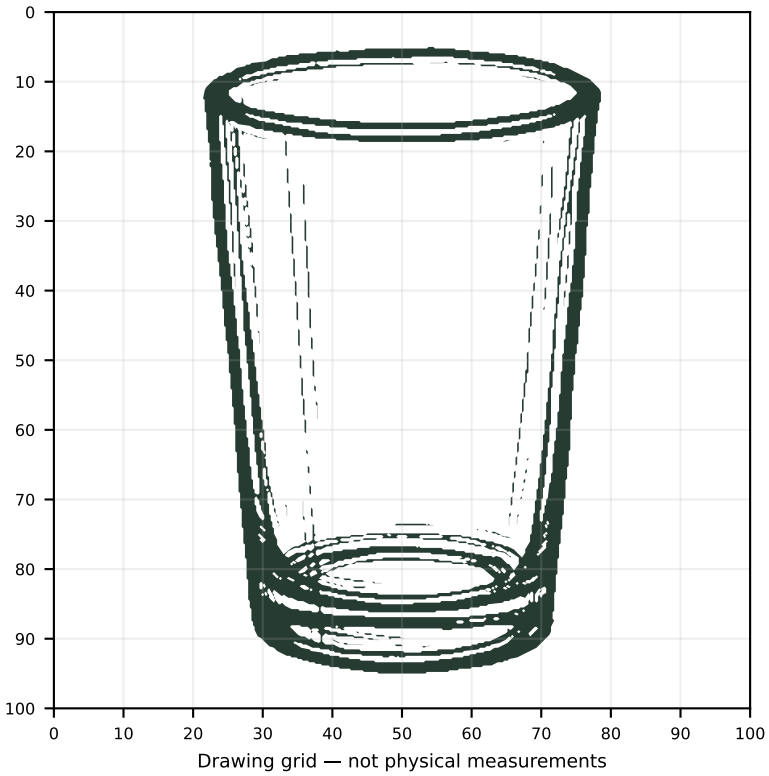

METHOD: Draw a vertical ellipse for the open rim. Draw two slightly converging vertical lines down from the rim to form the sides. Draw a curved line connecting the bottom of the sides to form the base. Add a second curved line near the bottom to indicate the thick glass base.
Use the separate practice sheet before checking the answer.

How to Draw Glass — Free Practice Sheets

REFERENCE / CASE 4

glass: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a vertical ellipse for the open rim. Draw two slightly converging vertical lines down from the rim to form the sides. Draw a curved line connecting the bottom of the sides to form the base. Add a second curved line near the bottom to indicate the thick glass base.
Use the separate practice sheet before checking the answer.
