How to Draw Knight Helmet — Free Practice Sheets

ANSWER / CASE 1

knight helmet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

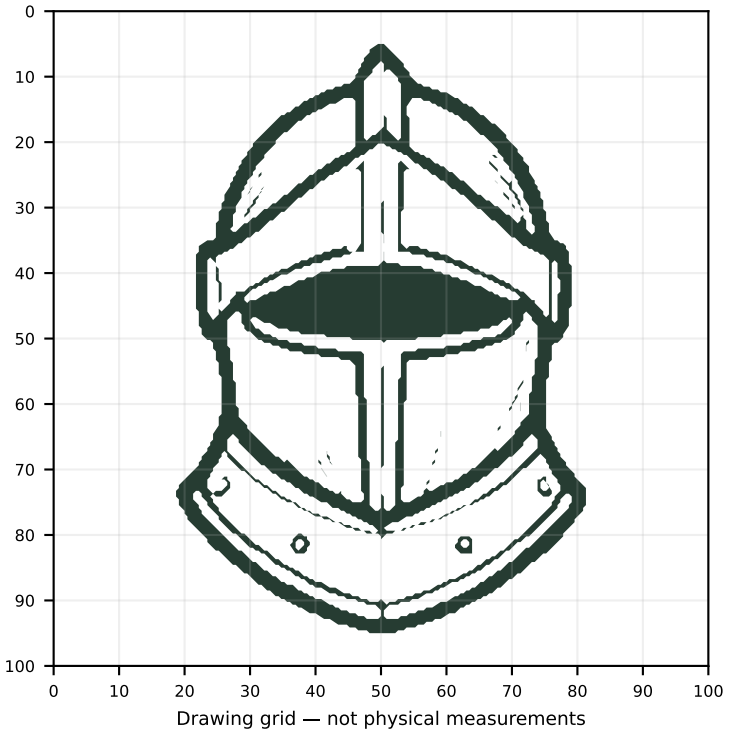

ANSWER: Example solution: preserve rounded dome with a central vertical ridge, dark horizontal visor slit across the face, flared neck guard plate with rivets at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome shape for the top of the helmet.
2. Add a central vertical ridge line running from the top of the dome down to the visor area.
3. Draw a wide, dark horizontal slit across the middle for the visor opening.
4. Add a flared, curved neck guard plate below the visor and mark small rivet circles along its edge.

How to Draw Knight Helmet — Free Practice Sheets

ANSWER / CASE 2

knight helmet: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

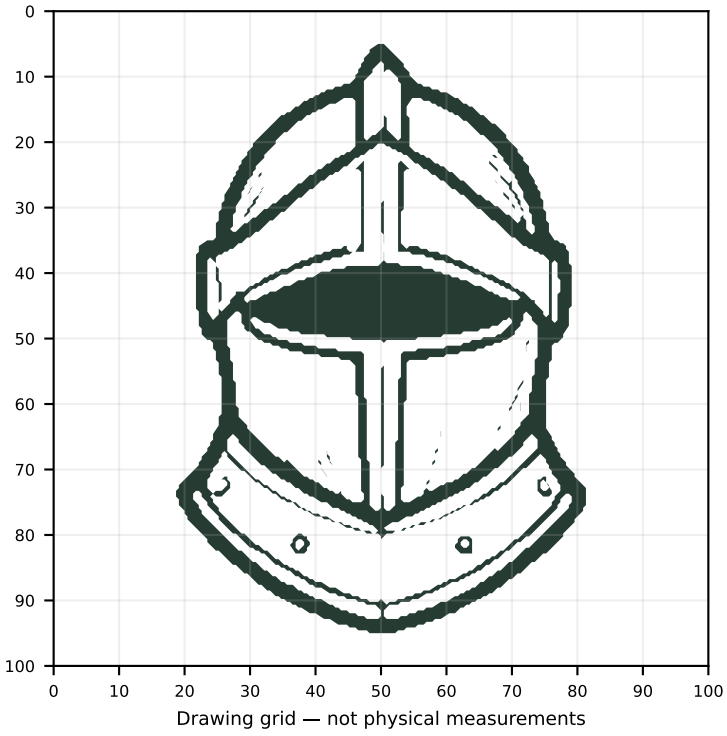

ANSWER: Example solution: preserve rounded dome with a central vertical ridge, dark horizontal visor slit across the face, flared neck guard plate with rivets at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome shape for the top of the helmet.
2. Add a central vertical ridge line running from the top of the dome down to the visor area.
3. Draw a wide, dark horizontal slit across the middle for the visor opening.
4. Add a flared, curved neck guard plate below the visor and mark small rivet circles along its edge.

How to Draw Knight Helmet — Free Practice Sheets

ANSWER / CASE 3

knight helmet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

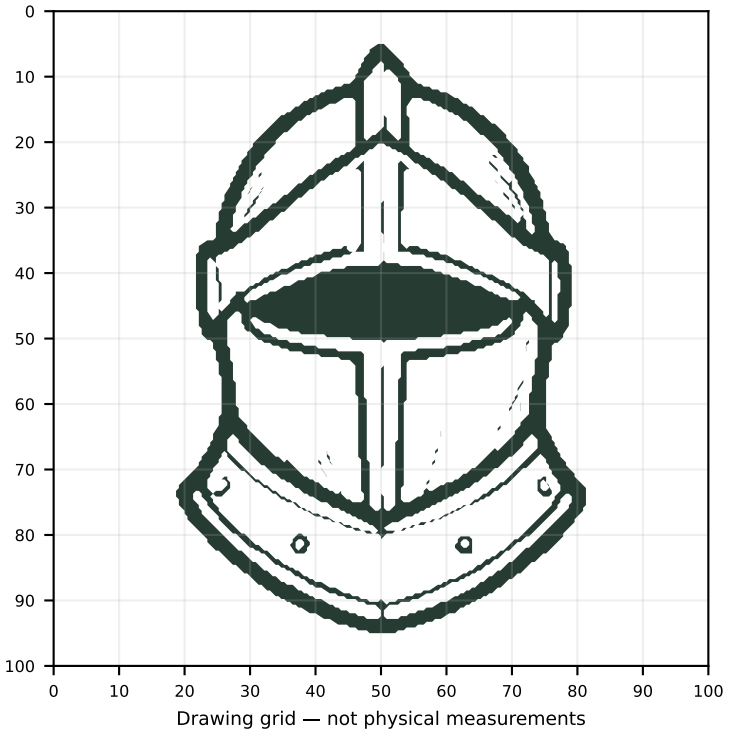

ANSWER: Example solution: preserve rounded dome with a central vertical ridge, dark horizontal visor slit across the face, flared neck guard plate with rivets at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome shape for the top of the helmet.
2. Add a central vertical ridge line running from the top of the dome down to the visor area.
3. Draw a wide, dark horizontal slit across the middle for the visor opening.
4. Add a flared, curved neck guard plate below the visor and mark small rivet circles along its edge.

How to Draw Knight Helmet — Free Practice Sheets

ANSWER / CASE 4

knight helmet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded dome with a central vertical ridge, dark horizontal visor slit across the face, flared neck guard plate with rivets at the bottom. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome shape for the top of the helmet.
2. Add a central vertical ridge line running from the top of the dome down to the visor area.
3. Draw a wide, dark horizontal slit across the middle for the visor opening.
4. Add a flared, curved neck guard plate below the visor and mark small rivet circles along its edge.
