How to Draw Medal — Free Practice Sheets

ANSWER / CASE 1

medal: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

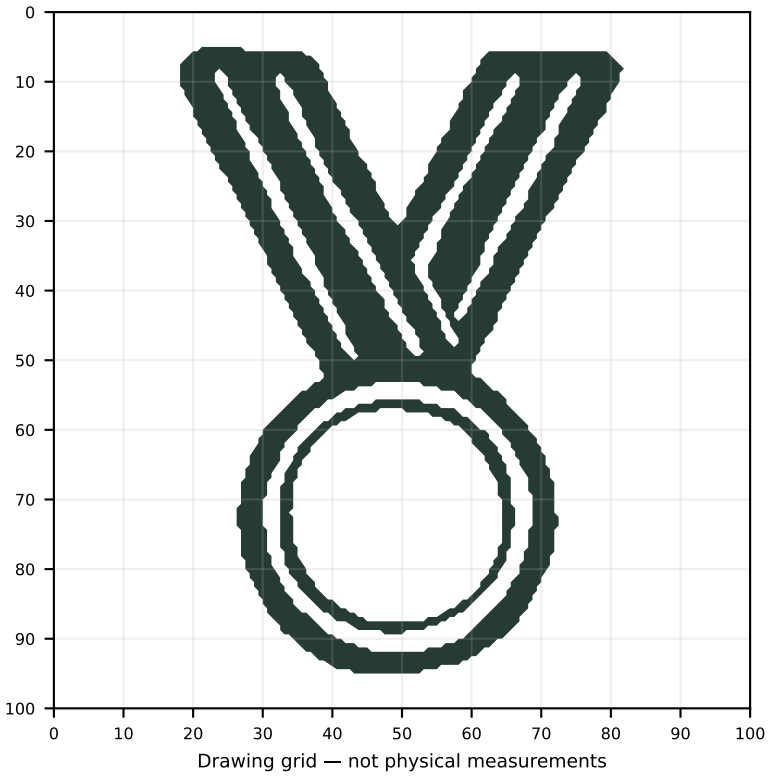

ANSWER: Example solution: preserve circular disc at the bottom, V-shaped ribbon loop above the disc, inner concentric ring on the disc. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a circle for the medal disc and add a smaller concentric circle inside it.
2. Draw two angled ribbon arms forming a V shape above the disc, meeting at the top of the circle.
3. Add parallel inner lines along each ribbon arm to suggest folds or edges.
4. Connect the bottom of the V to the top of the circular disc with clean lines.
