How to Draw Tent — Free Practice Sheets

ANSWER / CASE 1

tent: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

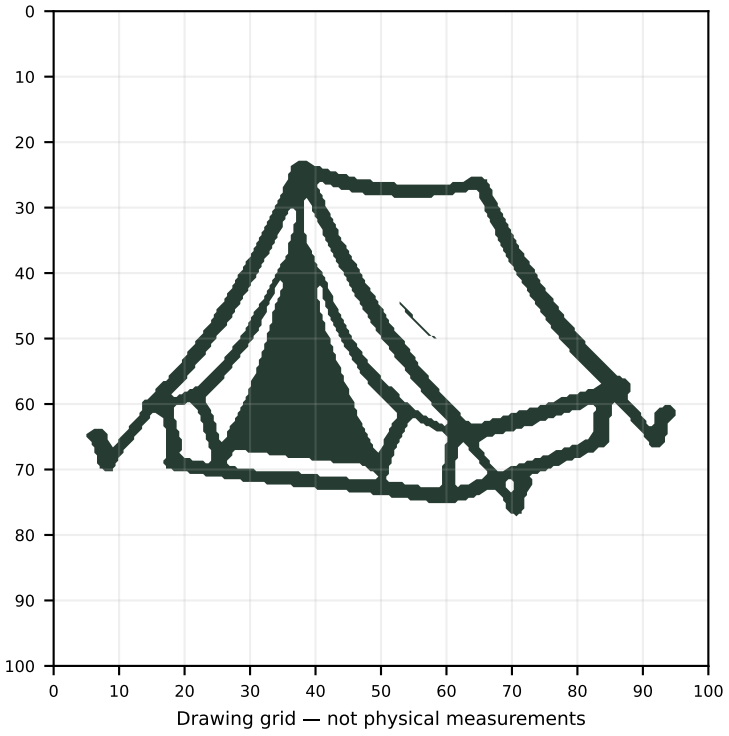

ANSWER: Example solution: preserve triangular A-frame silhouette, dark triangular door flap, guy lines extending from corners. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide triangular A-frame outline for the tent body.
2. Add a dark triangular door flap in the center front.
3. Draw short guy lines extending outward from the lower corners.
4. Add a base line along the bottom to ground the tent.

How to Draw Tent — Free Practice Sheets

ANSWER / CASE 2

tent: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

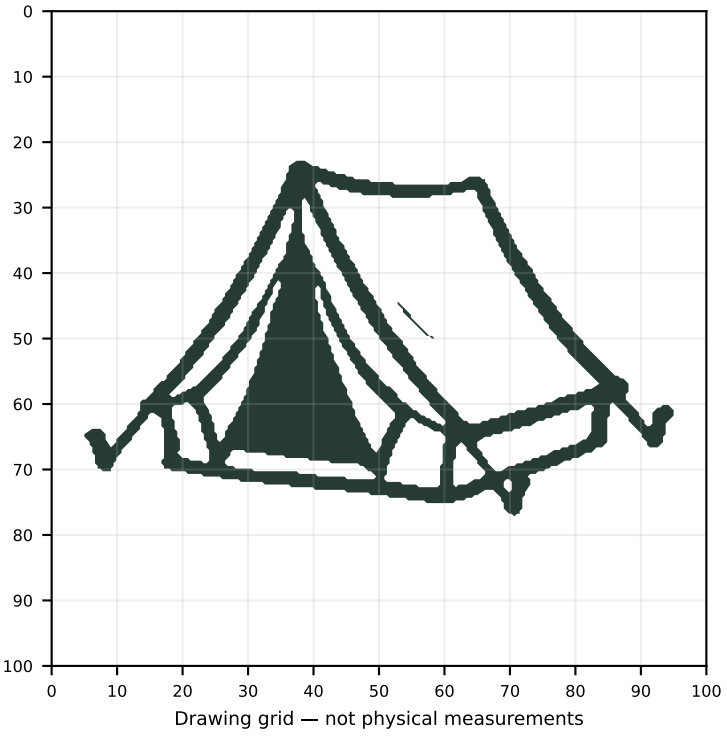

ANSWER: Example solution: preserve triangular A-frame silhouette, dark triangular door flap, guy lines extending from corners. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide triangular A-frame outline for the tent body.
2. Add a dark triangular door flap in the center front.
3. Draw short guy lines extending outward from the lower corners.
4. Add a base line along the bottom to ground the tent.

How to Draw Tent — Free Practice Sheets

ANSWER / CASE 3

tent: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

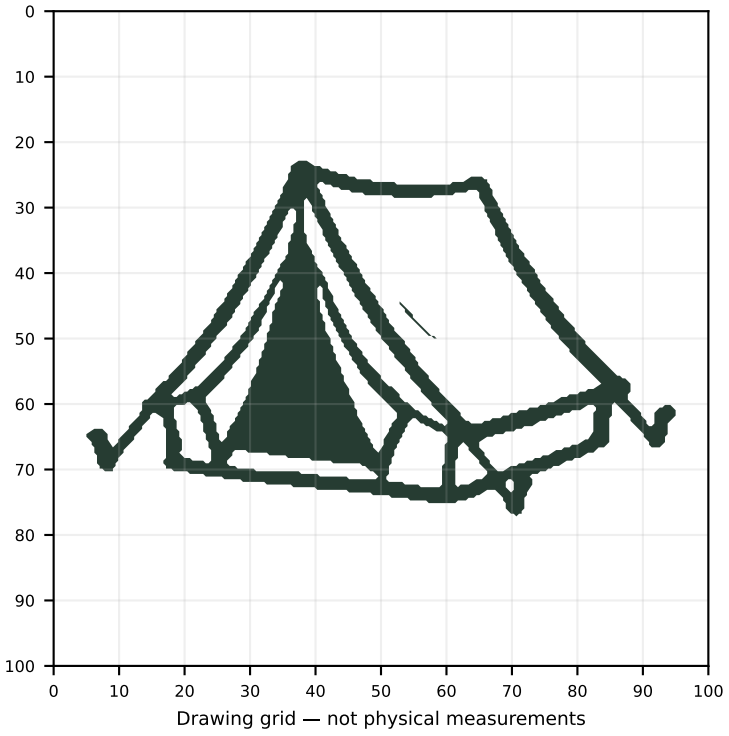

ANSWER: Example solution: preserve triangular A-frame silhouette, dark triangular door flap, guy lines extending from corners. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide triangular A-frame outline for the tent body.
2. Add a dark triangular door flap in the center front.
3. Draw short guy lines extending outward from the lower corners.
4. Add a base line along the bottom to ground the tent.

How to Draw Tent — Free Practice Sheets

ANSWER / CASE 4

tent: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve triangular A-frame silhouette, dark triangular door flap, guy lines extending from corners. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide triangular A-frame outline for the tent body.
2. Add a dark triangular door flap in the center front.
3. Draw short guy lines extending outward from the lower corners.
4. Add a base line along the bottom to ground the tent.
