How to Draw Bracelet — Free Practice Sheets

ANSWER / CASE 1

bracelet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

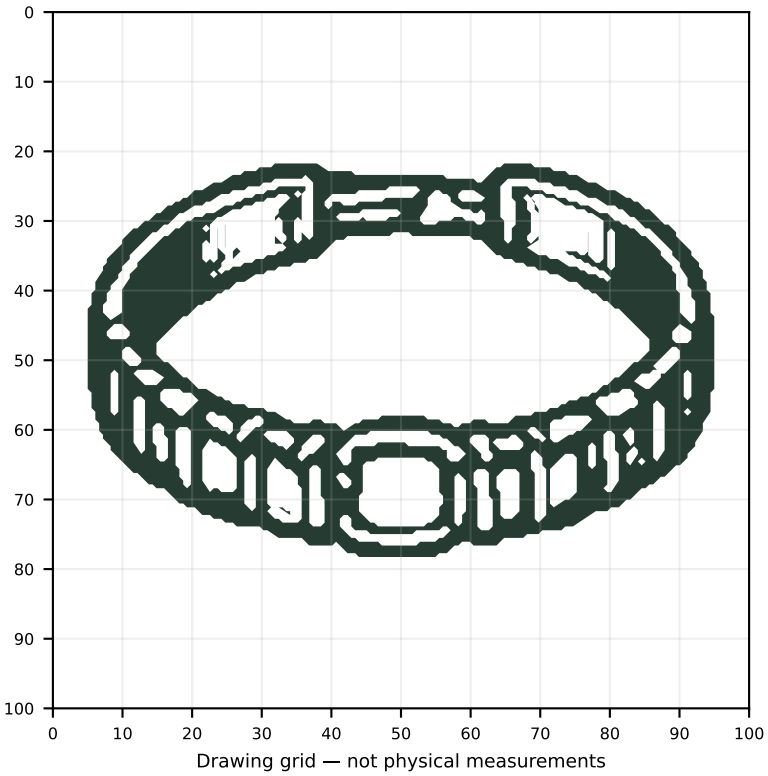

ANSWER: Example solution: preserve circular band forming an open loop, segmented rectangular links along the band, central oval charm or focal element at the front. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide oval to establish the bracelet's circular band and perspective.
2. Add evenly spaced vertical lines around the lower half to create segmented links.
3. Place a rounded rectangular charm at the front center of the band.
4. Leave a gap at the top of the loop and add short end caps to indicate the clasp opening.

How to Draw Bracelet — Free Practice Sheets

ANSWER / CASE 2

bracelet: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

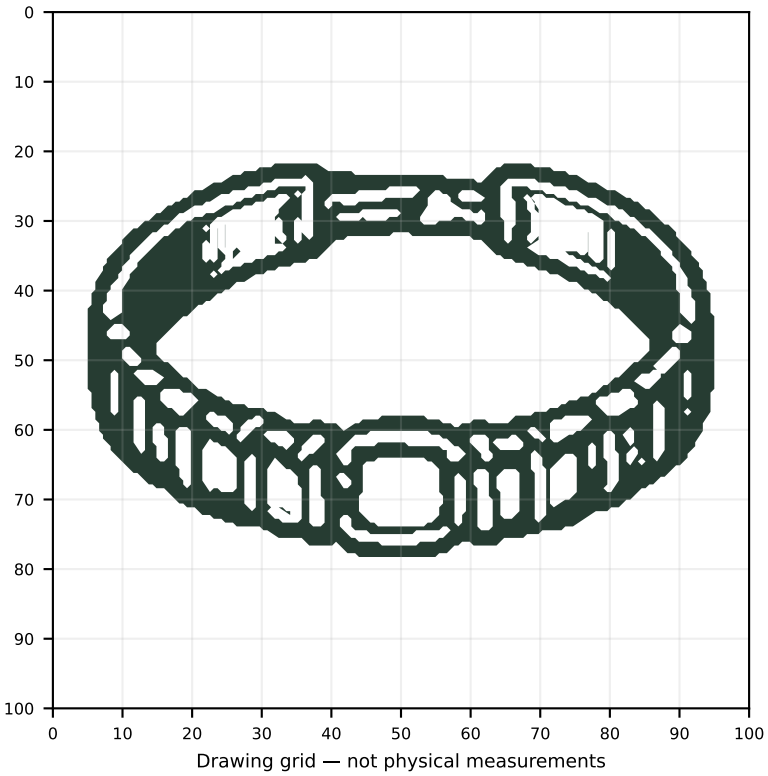

ANSWER: Example solution: preserve circular band forming an open loop, segmented rectangular links along the band, central oval charm or focal element at the front. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide oval to establish the bracelet's circular band and perspective.
2. Add evenly spaced vertical lines around the lower half to create segmented links.
3. Place a rounded rectangular charm at the front center of the band.
4. Leave a gap at the top of the loop and add short end caps to indicate the clasp opening.

How to Draw Bracelet — Free Practice Sheets

ANSWER / CASE 3

bracelet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

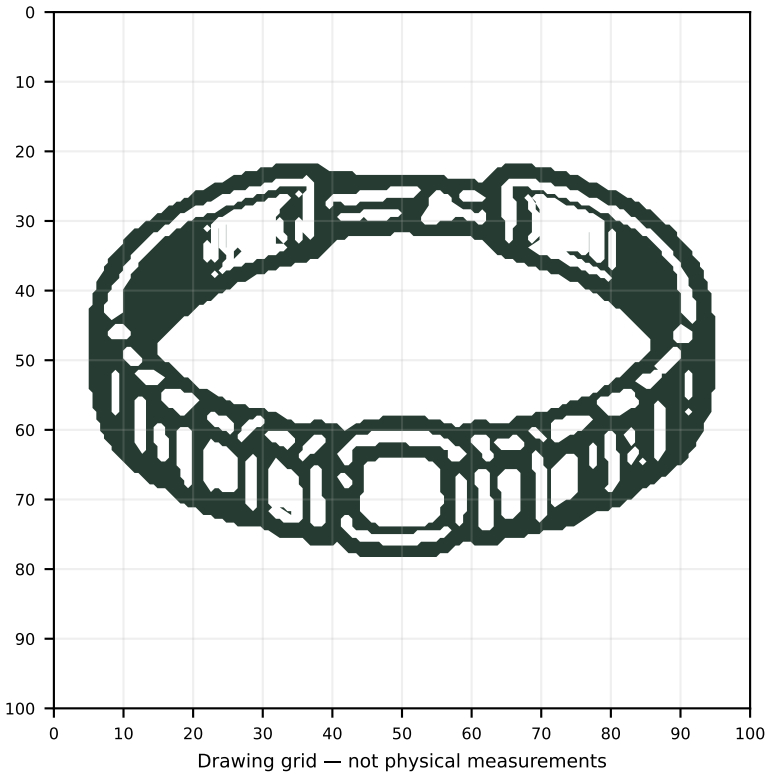

ANSWER: Example solution: preserve circular band forming an open loop, segmented rectangular links along the band, central oval charm or focal element at the front. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide oval to establish the bracelet's circular band and perspective.
2. Add evenly spaced vertical lines around the lower half to create segmented links.
3. Place a rounded rectangular charm at the front center of the band.
4. Leave a gap at the top of the loop and add short end caps to indicate the clasp opening.

How to Draw Bracelet — Free Practice Sheets

ANSWER / CASE 4

bracelet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve circular band forming an open loop, segmented rectangular links along the band, central oval charm or focal element at the front. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide oval to establish the bracelet's circular band and perspective.
2. Add evenly spaced vertical lines around the lower half to create segmented links.
3. Place a rounded rectangular charm at the front center of the band.
4. Leave a gap at the top of the loop and add short end caps to indicate the clasp opening.
