How to Draw Bar Of Soap — Free Practice Sheets

REFERENCE / CASE 1

bar of soap: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

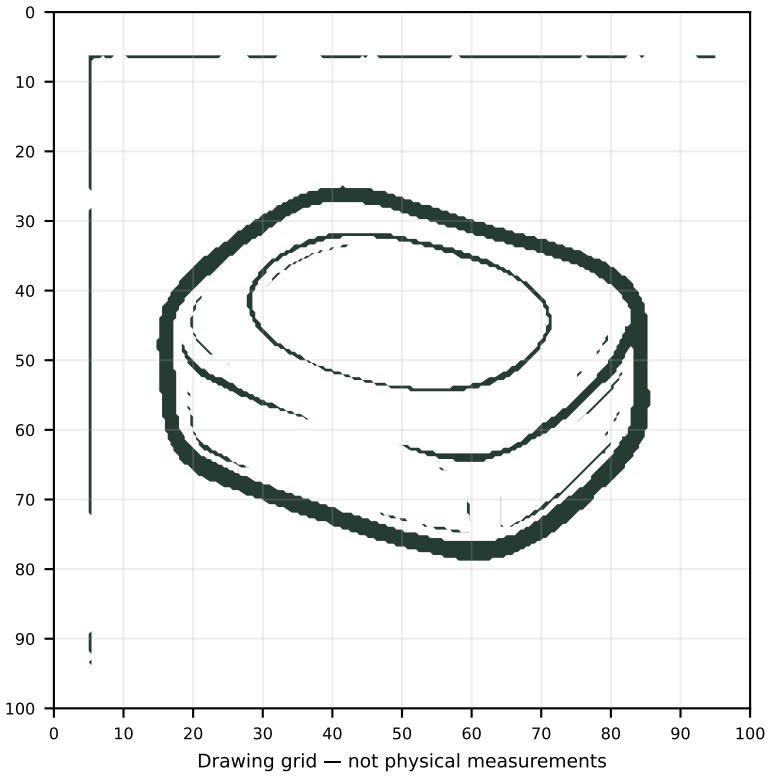

METHOD: Draw a rounded rectangular base outline for the soap body. Add a second offset outline above the base to create the beveled side wall. Draw an oval on the top surface to indicate the smooth curved top/inset. Add short vertical or curved lines on the side to suggest thickness and rounded corners.
Use the separate practice sheet before checking the answer.

How to Draw Bar Of Soap — Free Practice Sheets

REFERENCE / CASE 2

bar of soap: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

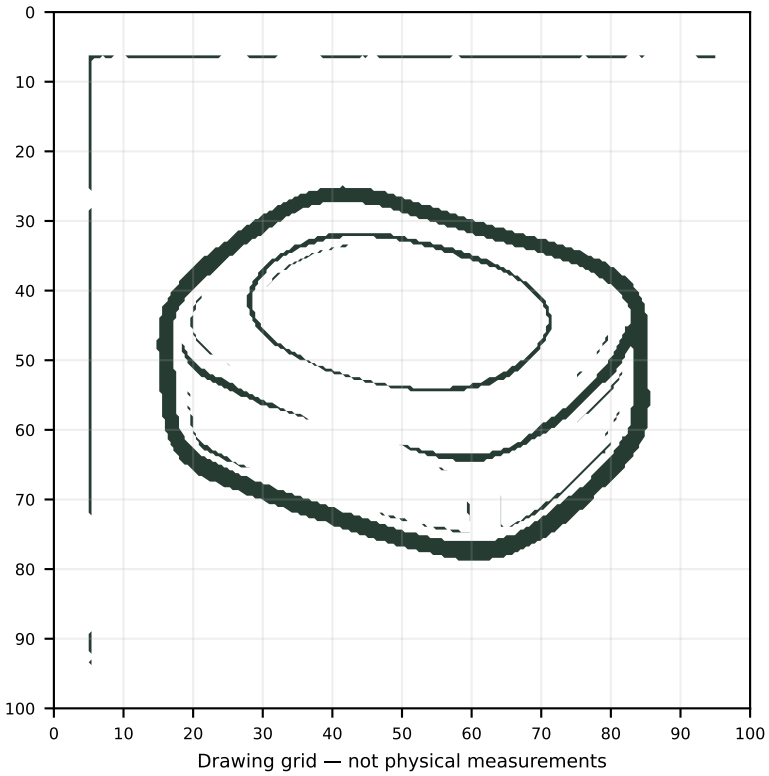

METHOD: Draw a rounded rectangular base outline for the soap body. Add a second offset outline above the base to create the beveled side wall. Draw an oval on the top surface to indicate the smooth curved top/inset. Add short vertical or curved lines on the side to suggest thickness and rounded corners.
Use the separate practice sheet before checking the answer.

How to Draw Bar Of Soap — Free Practice Sheets

REFERENCE / CASE 3

bar of soap: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

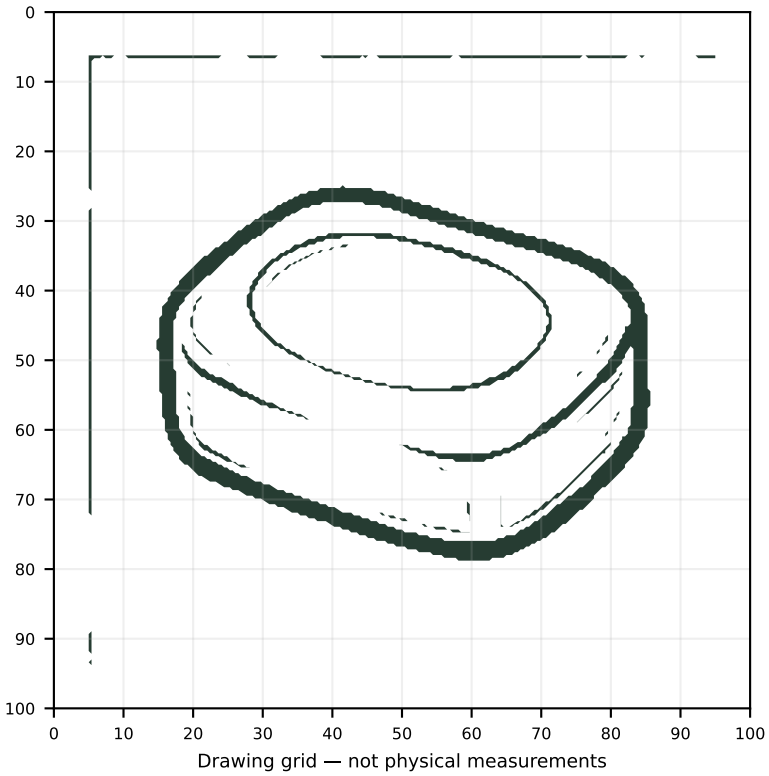

METHOD: Draw a rounded rectangular base outline for the soap body. Add a second offset outline above the base to create the beveled side wall. Draw an oval on the top surface to indicate the smooth curved top/inset. Add short vertical or curved lines on the side to suggest thickness and rounded corners.
Use the separate practice sheet before checking the answer.

How to Draw Bar Of Soap — Free Practice Sheets

REFERENCE / CASE 4

bar of soap: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a rounded rectangular base outline for the soap body. Add a second offset outline above the base to create the beveled side wall. Draw an oval on the top surface to indicate the smooth curved top/inset. Add short vertical or curved lines on the side to suggest thickness and rounded corners.
Use the separate practice sheet before checking the answer.
