How to Draw Picture Frame — Free Practice Sheets

REFERENCE / CASE 1

picture frame: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

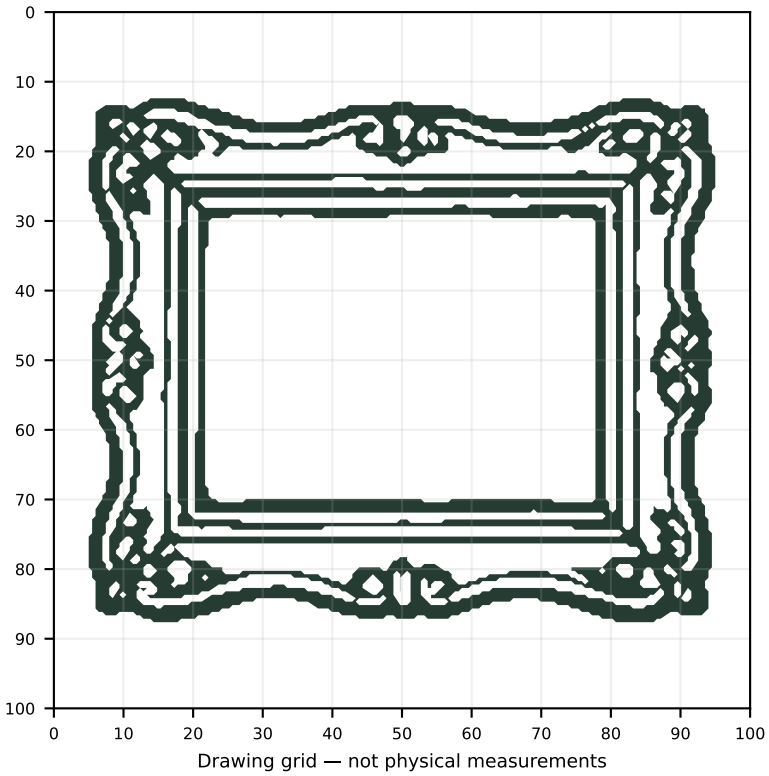

METHOD: Draw a large rectangle for the outer frame boundary. Draw a smaller centered rectangle inside to define the inner opening. Add a second inner rectangle line to create the frame's beveled edge. Draw wavy, scalloped outlines along the outer border and add scroll motifs at the corners and side midpoints.
Use the separate practice sheet before checking the answer.

How to Draw Picture Frame — Free Practice Sheets

REFERENCE / CASE 2

picture frame: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

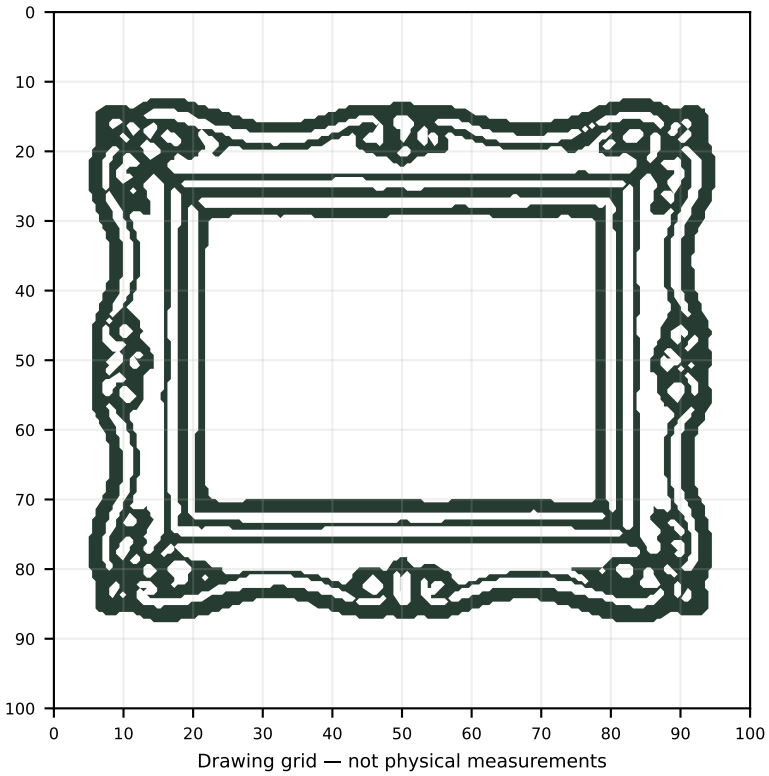

METHOD: Draw a large rectangle for the outer frame boundary. Draw a smaller centered rectangle inside to define the inner opening. Add a second inner rectangle line to create the frame's beveled edge. Draw wavy, scalloped outlines along the outer border and add scroll motifs at the corners and side midpoints.
Use the separate practice sheet before checking the answer.

How to Draw Picture Frame — Free Practice Sheets

REFERENCE / CASE 3

picture frame: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

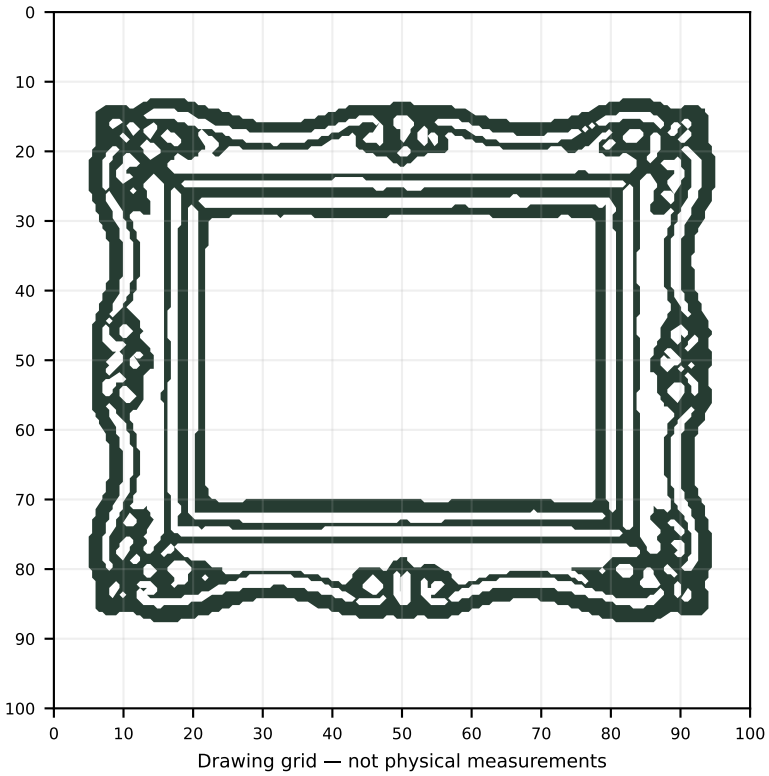

METHOD: Draw a large rectangle for the outer frame boundary. Draw a smaller centered rectangle inside to define the inner opening. Add a second inner rectangle line to create the frame's beveled edge. Draw wavy, scalloped outlines along the outer border and add scroll motifs at the corners and side midpoints.
Use the separate practice sheet before checking the answer.

How to Draw Picture Frame — Free Practice Sheets

REFERENCE / CASE 4

picture frame: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a large rectangle for the outer frame boundary. Draw a smaller centered rectangle inside to define the inner opening. Add a second inner rectangle line to create the frame's beveled edge. Draw wavy, scalloped outlines along the outer border and add scroll motifs at the corners and side midpoints.
Use the separate practice sheet before checking the answer.
