# How to Draw Racquet — Free Practice Sheets

### ANSWER / CASE 1

racquet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

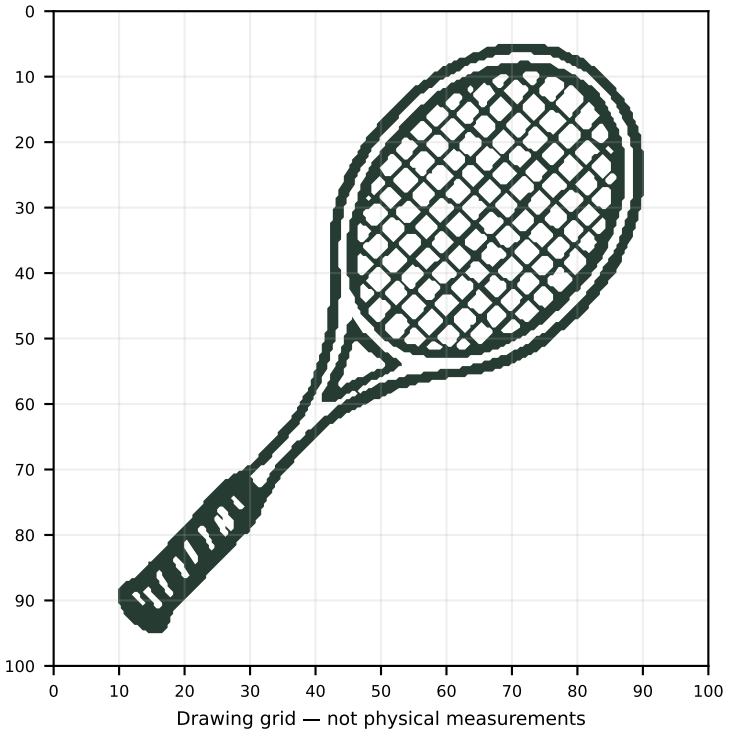

ANSWER: Example solution: preserve oval head outline, diagonal string grid inside the head, long handle with wrapped grip lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the racquet head.
2. Draw a smaller inner oval to form the frame thickness.
3. Fill the inner oval with a diagonal crosshatch grid for the strings.
4. Draw a long tapered handle from the bottom of the head, add a throat triangle, and mark grip wrap lines near the end.

### ANSWER / CASE 2

racquet: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

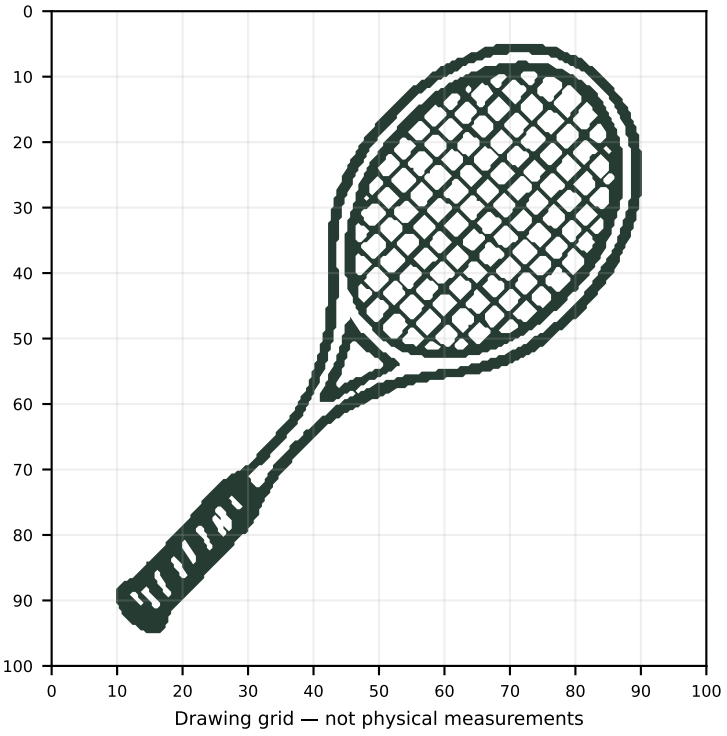

ANSWER: Example solution: preserve oval head outline, diagonal string grid inside the head, long handle with wrapped grip lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the racquet head.
2. Draw a smaller inner oval to form the frame thickness.
3. Fill the inner oval with a diagonal crosshatch grid for the strings.
4. Draw a long tapered handle from the bottom of the head, add a throat triangle, and mark grip wrap lines near the end.

### ANSWER / CASE 3

racquet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

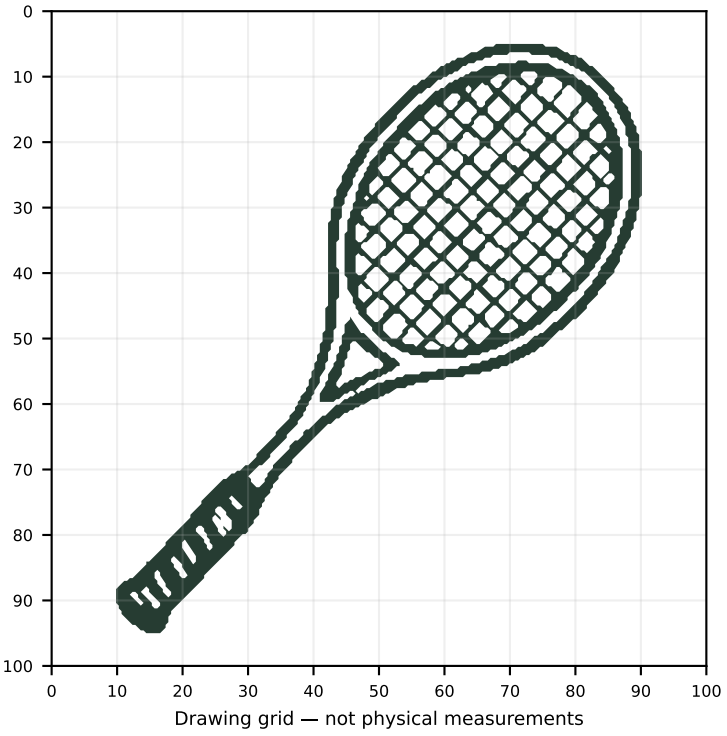

ANSWER: Example solution: preserve oval head outline, diagonal string grid inside the head, long handle with wrapped grip lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the racquet head.
2. Draw a smaller inner oval to form the frame thickness.
3. Fill the inner oval with a diagonal crosshatch grid for the strings.
4. Draw a long tapered handle from the bottom of the head, add a throat triangle, and mark grip wrap lines near the end.

# How to Draw Racquet — Free Practice Sheets

### ANSWER / CASE 4

racquet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve oval head outline, diagonal string grid inside the head, long handle with wrapped grip lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the racquet head.
2. Draw a smaller inner oval to form the frame thickness.
3. Fill the inner oval with a diagonal crosshatch grid for the strings.
4. Draw a long tapered handle from the bottom of the head, add a throat triangle, and mark grip wrap lines near the end.
