How to Draw Microwave — Free Practice Sheets

REFERENCE / CASE 1

microwave: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

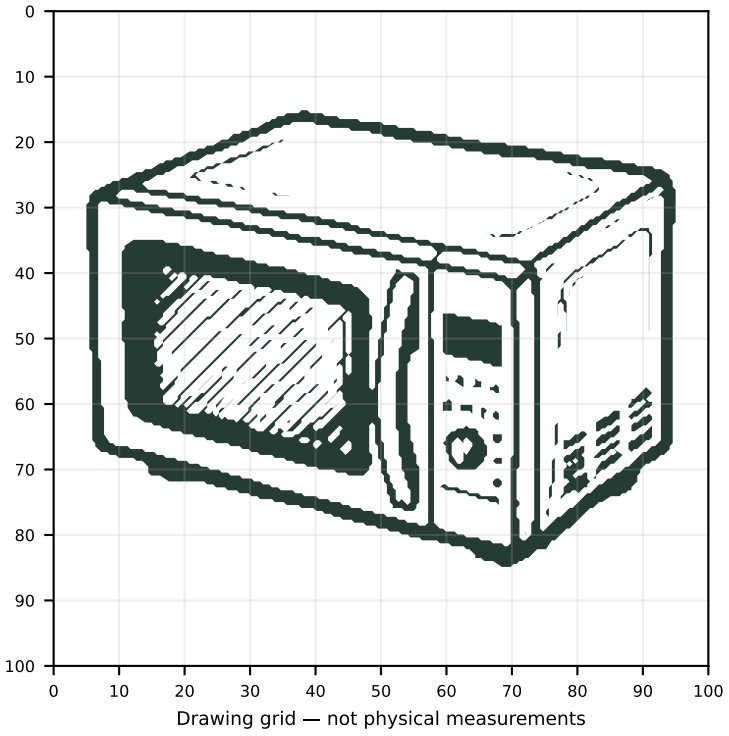

METHOD: Draw the main rectangular box body in perspective, starting with the front face and adding the top and side faces. Outline the front door window as a large rounded rectangle on the left side of the front face, then add the vertical handle beside it. Draw the control panel on the right side of the front face, including a small rectangular display, a grid of buttons, and a circular dial. Add the side vent lines on the right side panel and small feet along the bottom edge to complete the silhouette.
Use the separate practice sheet before checking the answer.
