How to Draw Firefighter Helmet — Free Practice Sheets

ANSWER / CASE 1

firefighter helmet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

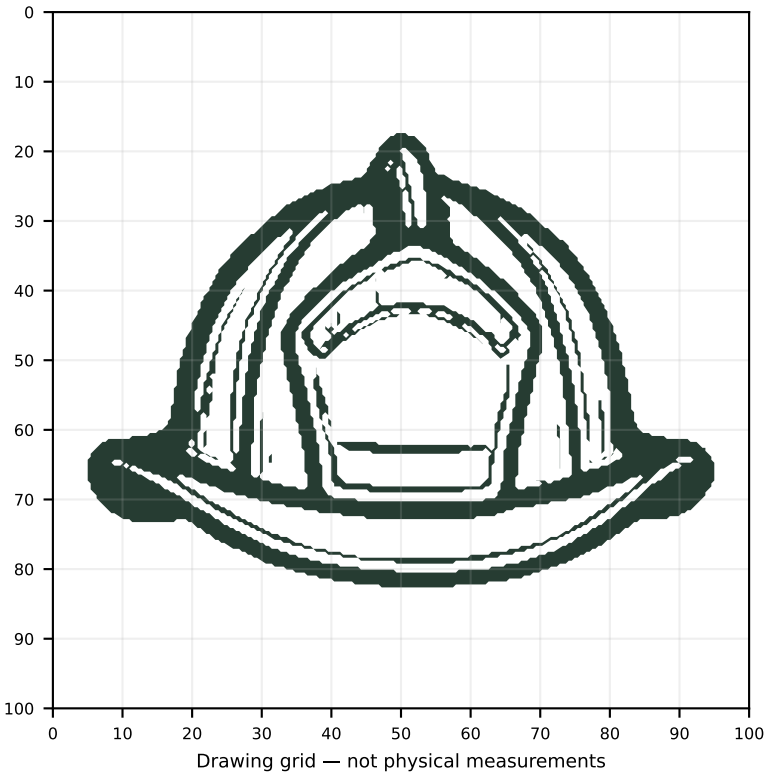

ANSWER: Example solution: preserve wide curved brim extending outward at the base, raised dome crown with a central ridge/crest, front badge/shield shape on the front of the dome. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide, gently curved brim as the base of the helmet.
2. Add a raised dome crown above the brim, with a central vertical ridge/crest.
3. Draw the front badge/shield outline centered on the dome.
4. Add interior contour lines on the dome and badge to show paneling and structure.

How to Draw Firefighter Helmet — Free Practice Sheets

ANSWER / CASE 2

firefighter helmet: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

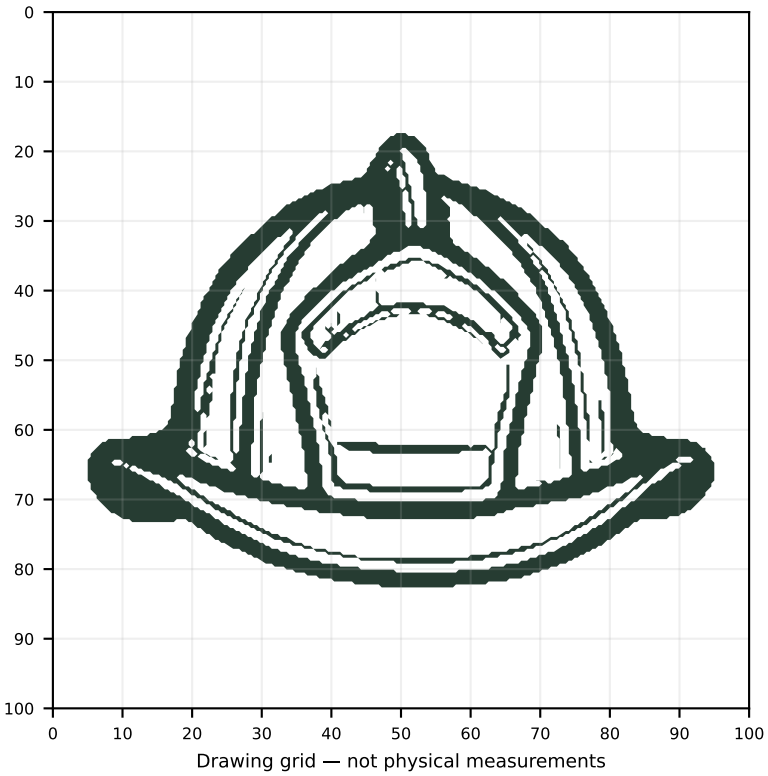

ANSWER: Example solution: preserve wide curved brim extending outward at the base, raised dome crown with a central ridge/crest, front badge/shield shape on the front of the dome. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide, gently curved brim as the base of the helmet.
2. Add a raised dome crown above the brim, with a central vertical ridge/crest.
3. Draw the front badge/shield outline centered on the dome.
4. Add interior contour lines on the dome and badge to show paneling and structure.

How to Draw Firefighter Helmet — Free Practice Sheets

ANSWER / CASE 3

firefighter helmet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

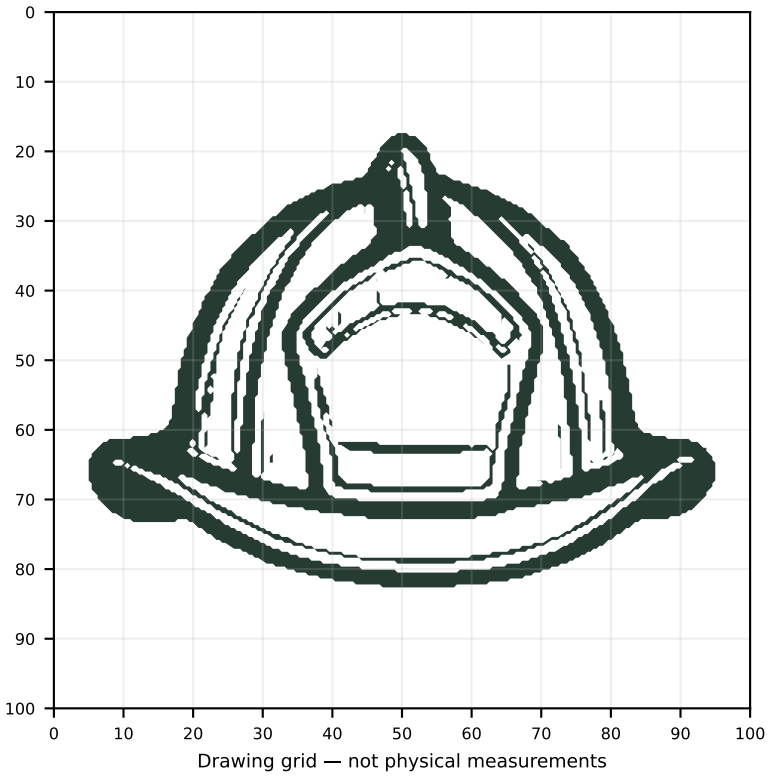

ANSWER: Example solution: preserve wide curved brim extending outward at the base, raised dome crown with a central ridge/crest, front badge/shield shape on the front of the dome. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide, gently curved brim as the base of the helmet.
2. Add a raised dome crown above the brim, with a central vertical ridge/crest.
3. Draw the front badge/shield outline centered on the dome.
4. Add interior contour lines on the dome and badge to show paneling and structure.

How to Draw Firefighter Helmet — Free Practice Sheets

ANSWER / CASE 4

firefighter helmet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve wide curved brim extending outward at the base, raised dome crown with a central ridge/crest, front badge/shield shape on the front of the dome. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide, gently curved brim as the base of the helmet.
2. Add a raised dome crown above the brim, with a central vertical ridge/crest.
3. Draw the front badge/shield outline centered on the dome.
4. Add interior contour lines on the dome and badge to show paneling and structure.
