How to Draw Stove — Free Practice Sheets

ANSWER / CASE 1

stove: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

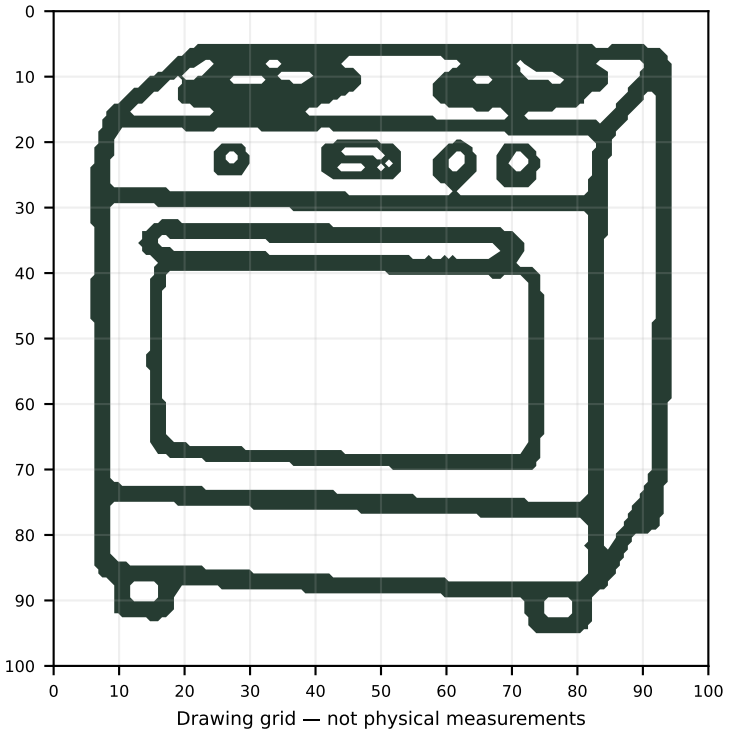

ANSWER: Example solution: preserve flat rectangular cooktop with two visible burners, large oven door with horizontal handle, front control panel with knobs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rectangular box for the stove body in slight perspective.
2. Add a flat top surface and draw two circular burners on it.
3. Draw a horizontal control panel below the cooktop and add small knobs.
4. Draw a large rectangular oven door with a horizontal handle, then add small feet at the bottom.

How to Draw Stove — Free Practice Sheets

ANSWER / CASE 2

stove: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

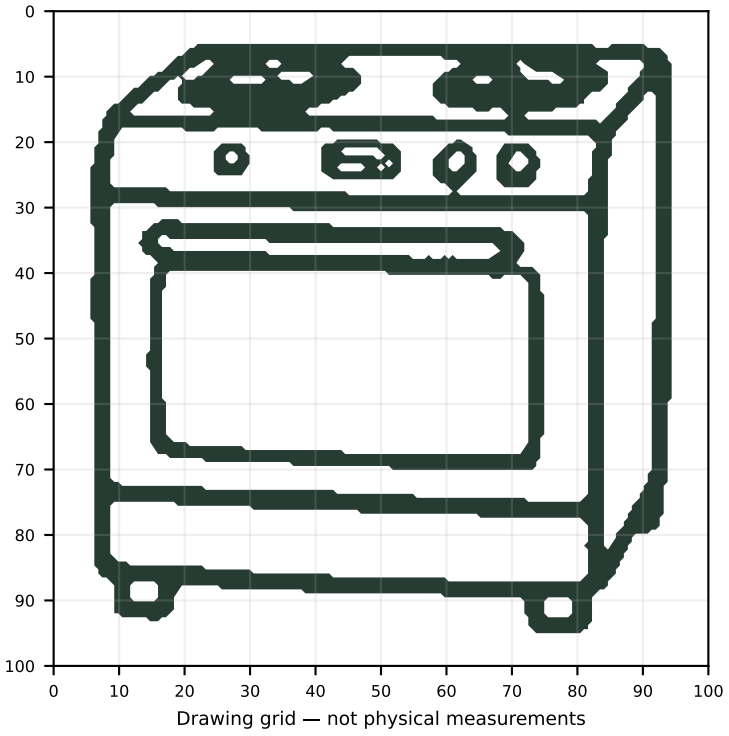

ANSWER: Example solution: preserve flat rectangular cooktop with two visible burners, large oven door with horizontal handle, front control panel with knobs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rectangular box for the stove body in slight perspective.
2. Add a flat top surface and draw two circular burners on it.
3. Draw a horizontal control panel below the cooktop and add small knobs.
4. Draw a large rectangular oven door with a horizontal handle, then add small feet at the bottom.

How to Draw Stove — Free Practice Sheets

ANSWER / CASE 3

stove: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

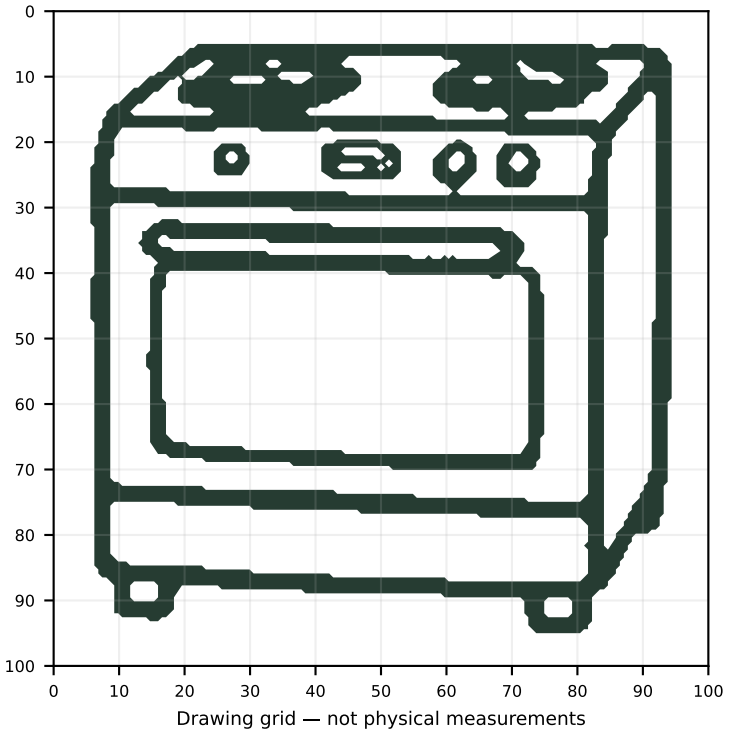

ANSWER: Example solution: preserve flat rectangular cooktop with two visible burners, large oven door with horizontal handle, front control panel with knobs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rectangular box for the stove body in slight perspective.
2. Add a flat top surface and draw two circular burners on it.
3. Draw a horizontal control panel below the cooktop and add small knobs.
4. Draw a large rectangular oven door with a horizontal handle, then add small feet at the bottom.

How to Draw Stove — Free Practice Sheets

ANSWER / CASE 4

stove: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve flat rectangular cooktop with two visible burners, large oven door with horizontal handle, front control panel with knobs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a rectangular box for the stove body in slight perspective.
2. Add a flat top surface and draw two circular burners on it.
3. Draw a horizontal control panel below the cooktop and add small knobs.
4. Draw a large rectangular oven door with a horizontal handle, then add small feet at the bottom.
