How to Draw Crayon Box — Free Practice Sheets

ANSWER / CASE 1

crayon box: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

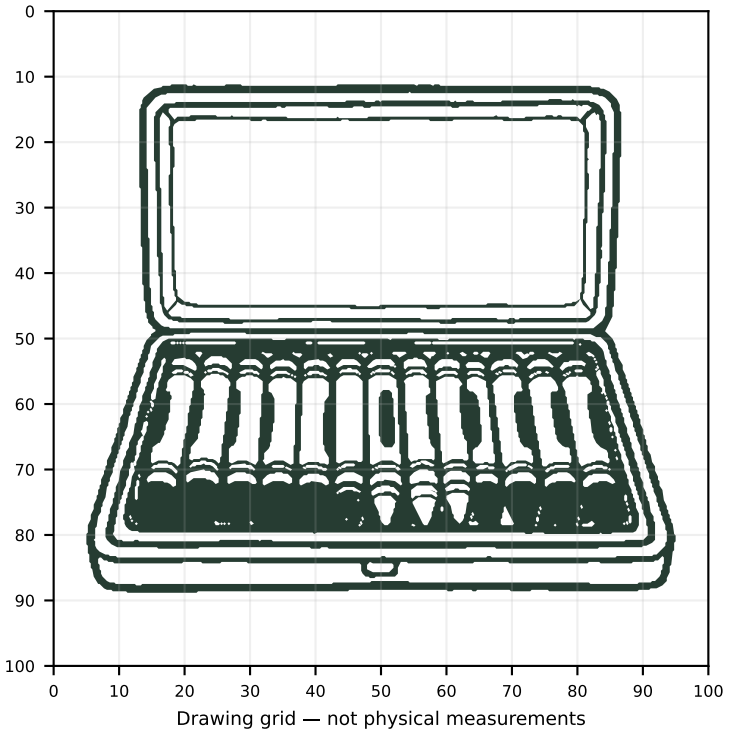

ANSWER: Example solution: preserve rectangular open box with a hinged lid, single row of crayons packed side by side, pointed crayon tips aligned along the bottom edge. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rectangle for the open lid and a smaller rectangle below for the box base.
2. Add a horizontal line across the base to form the front rim and a small tab at the bottom center.
3. Draw a row of vertical crayon bodies inside the base, spacing them evenly.
4. Add pointed tips to the bottom of each crayon and a small oval label on each body.
