How to Draw Flask — Free Practice Sheets

ANSWER / CASE 1

flask: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

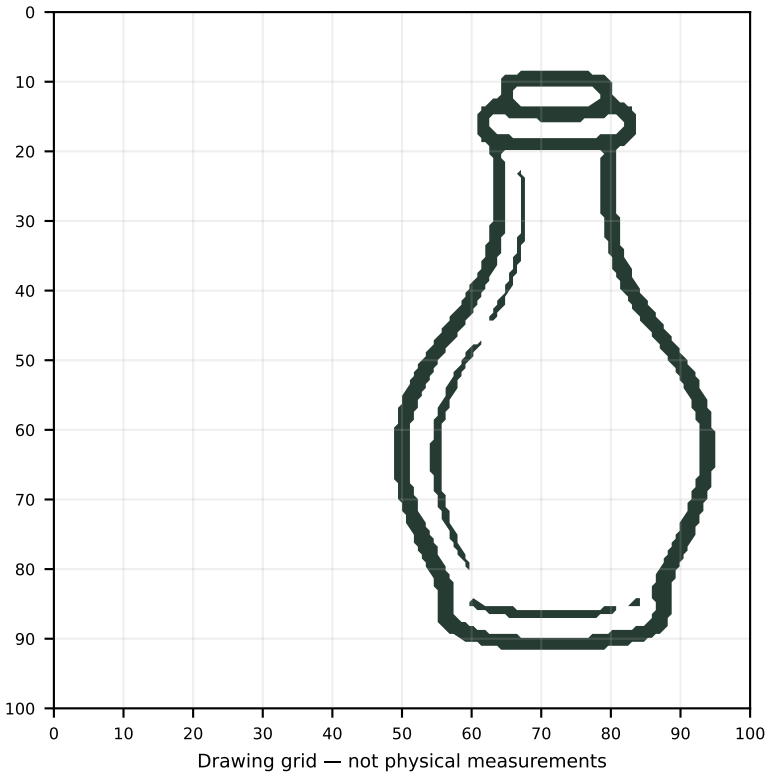

ANSWER: Example solution: preserve narrow neck with a small flared lip/rim, bulbous rounded body that widens below the neck, flat horizontal base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a small horizontal oval/rectangle for the flask lip at the top.
2. Add two short vertical lines downward from the lip to form the narrow neck.
3. Curve the neck lines outward into a rounded bulbous body, widening symmetrically on both sides.
4. Close the bottom with a flat horizontal base line and add a short interior line to indicate the base thickness.

How to Draw Flask — Free Practice Sheets

ANSWER / CASE 2

flask: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

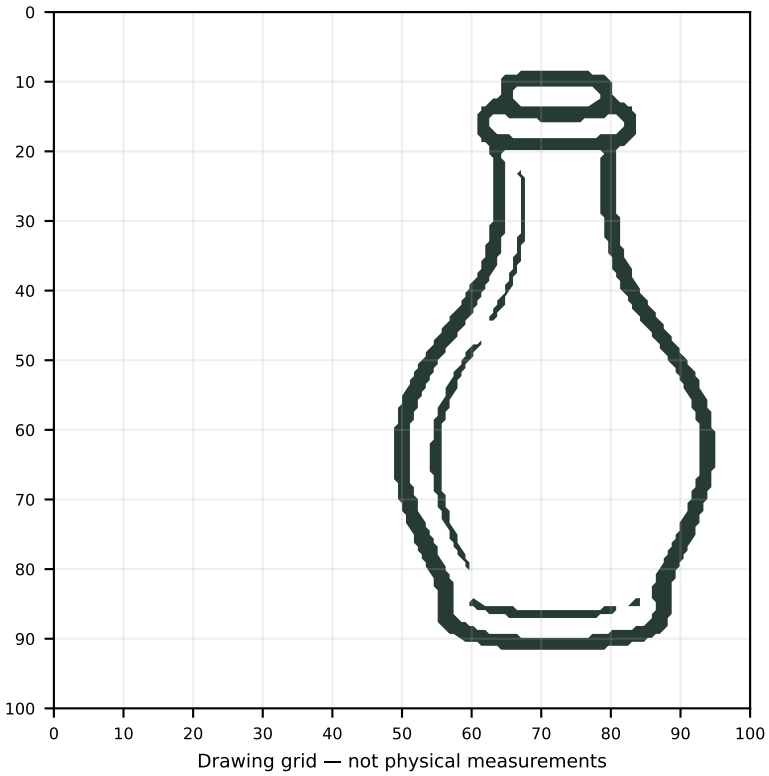

ANSWER: Example solution: preserve narrow neck with a small flared lip/rim, bulbous rounded body that widens below the neck, flat horizontal base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a small horizontal oval/rectangle for the flask lip at the top.
2. Add two short vertical lines downward from the lip to form the narrow neck.
3. Curve the neck lines outward into a rounded bulbous body, widening symmetrically on both sides.
4. Close the bottom with a flat horizontal base line and add a short interior line to indicate the base thickness.

ANSWER / CASE 3

flask: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

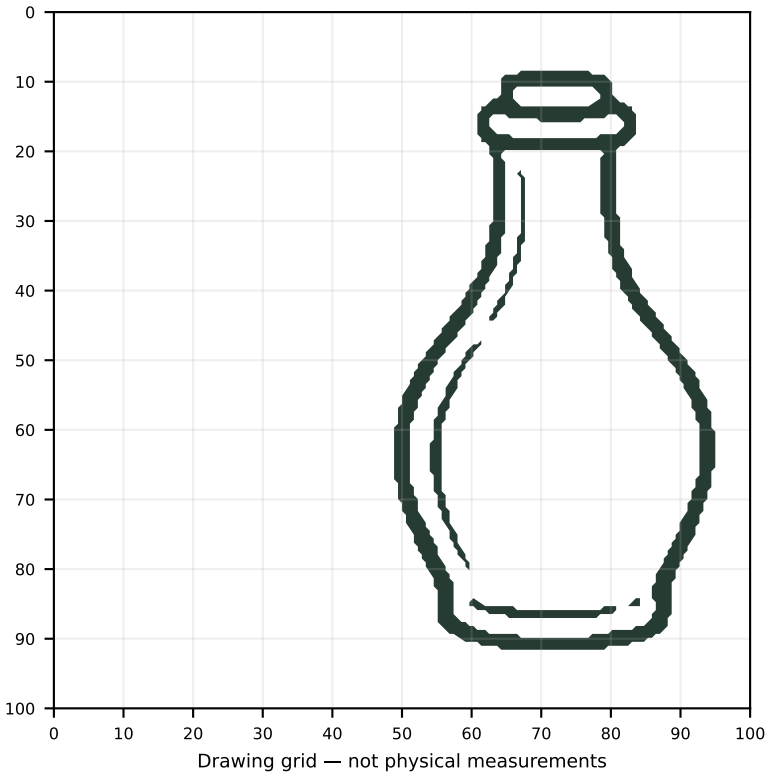

ANSWER: Example solution: preserve narrow neck with a small flared lip/rim, bulbous rounded body that widens below the neck, flat horizontal base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a small horizontal oval/rectangle for the flask lip at the top.
2. Add two short vertical lines downward from the lip to form the narrow neck.
3. Curve the neck lines outward into a rounded bulbous body, widening symmetrically on both sides.
4. Close the bottom with a flat horizontal base line and add a short interior line to indicate the base thickness.

How to Draw Flask — Free Practice Sheets

ANSWER / CASE 4

flask: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve narrow neck with a small flared lip/rim, bulbous rounded body that widens below the neck, flat horizontal base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a small horizontal oval/rectangle for the flask lip at the top.
2. Add two short vertical lines downward from the lip to form the narrow neck.
3. Curve the neck lines outward into a rounded bulbous body, widening symmetrically on both sides.
4. Close the bottom with a flat horizontal base line and add a short interior line to indicate the base thickness.
