How to Draw Park Bench — Free Practice Sheets

ANSWER / CASE 1

park bench: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

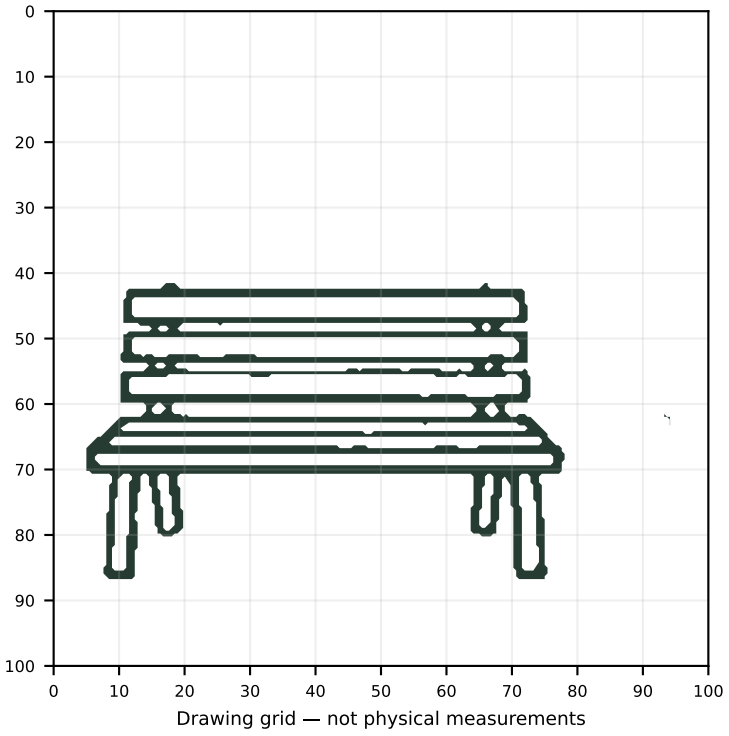

ANSWER: Example solution: preserve horizontal slatted backrest with three boards, flat horizontal slatted seat, four visible legs with two on each side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal rectangle for the seat base.
2. Add three parallel horizontal boards above the seat for the backrest.
3. Draw two legs on the left and two legs on the right, angled slightly outward.
4. Outline the seat and backrest boards with clean double lines to show slats.

How to Draw Park Bench — Free Practice Sheets

ANSWER / CASE 2

park bench: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

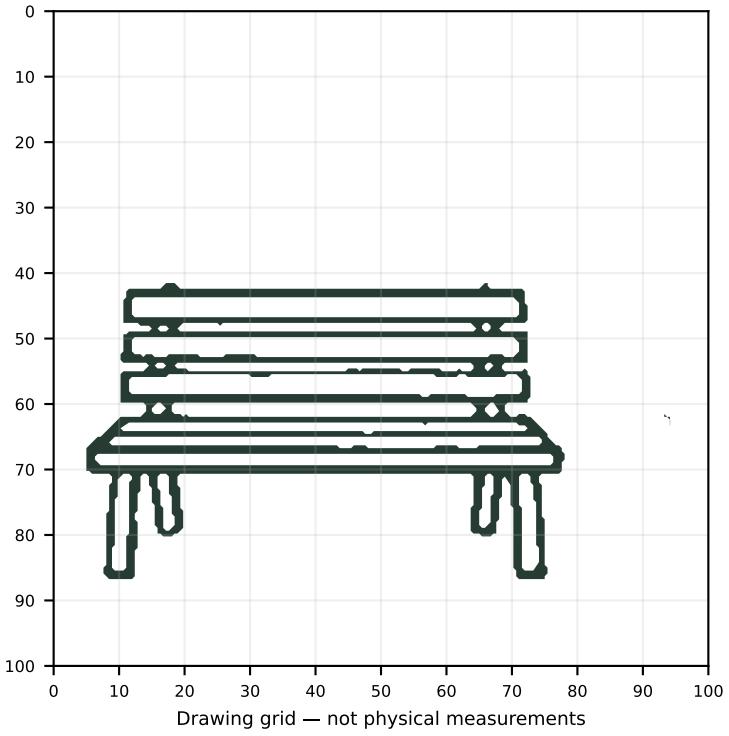

ANSWER: Example solution: preserve horizontal slatted backrest with three boards, flat horizontal slatted seat, four visible legs with two on each side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal rectangle for the seat base.
2. Add three parallel horizontal boards above the seat for the backrest.
3. Draw two legs on the left and two legs on the right, angled slightly outward.
4. Outline the seat and backrest boards with clean double lines to show slats.

How to Draw Park Bench — Free Practice Sheets

ANSWER / CASE 3

park bench: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

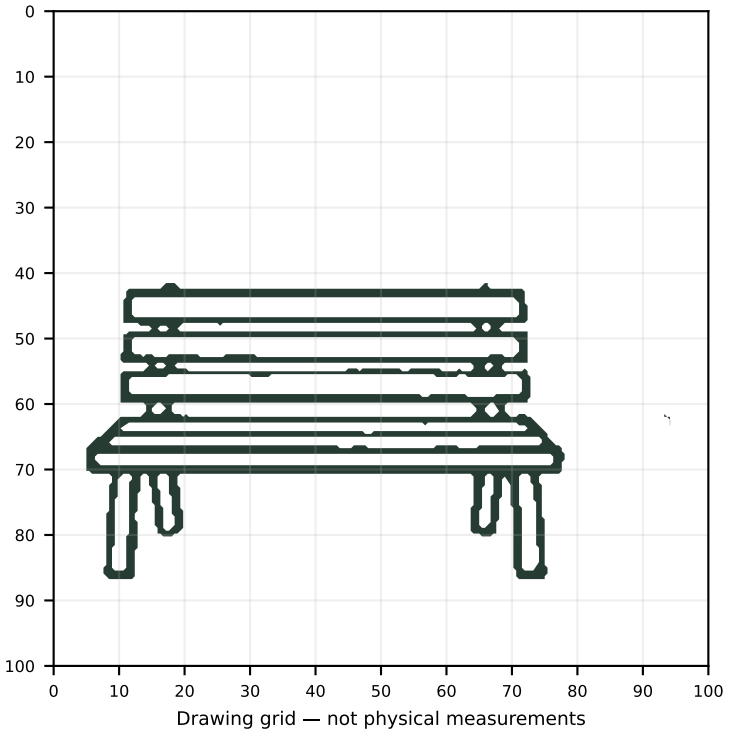

ANSWER: Example solution: preserve horizontal slatted backrest with three boards, flat horizontal slatted seat, four visible legs with two on each side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal rectangle for the seat base.
2. Add three parallel horizontal boards above the seat for the backrest.
3. Draw two legs on the left and two legs on the right, angled slightly outward.
4. Outline the seat and backrest boards with clean double lines to show slats.

How to Draw Park Bench — Free Practice Sheets

ANSWER / CASE 4

park bench: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve horizontal slatted backrest with three boards, flat horizontal slatted seat, four visible legs with two on each side. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide horizontal rectangle for the seat base.
2. Add three parallel horizontal boards above the seat for the backrest.
3. Draw two legs on the left and two legs on the right, angled slightly outward.
4. Outline the seat and backrest boards with clean double lines to show slats.
