How to Draw Watch — Free Practice Sheets

ANSWER / CASE 1

watch: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

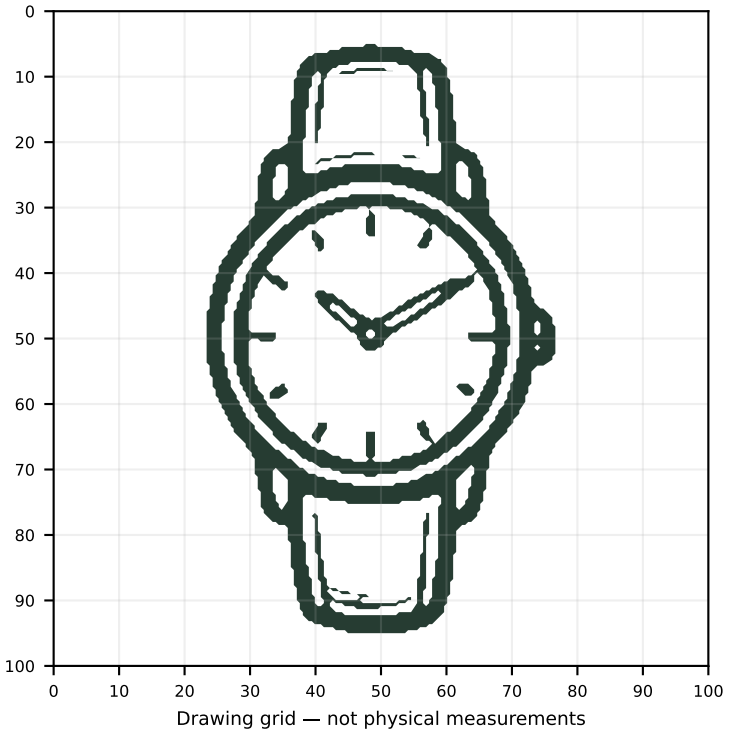

ANSWER: Example solution: preserve round face with tick marks for numerals, two hands meeting at center, strap/band extending above and below the case. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large circle for the watch face and a slightly larger outer ring for the case.
2. Add short radial tick marks around the inside of the face to indicate hour positions.
3. Draw two straight hands from the center: a longer minute hand and a shorter hour hand.
4. Extend a rectangular band above and below the case, then add a small rounded crown on the right edge.
