How to Draw Axe — Free Practice Sheets

REFERENCE / CASE 1

axe: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

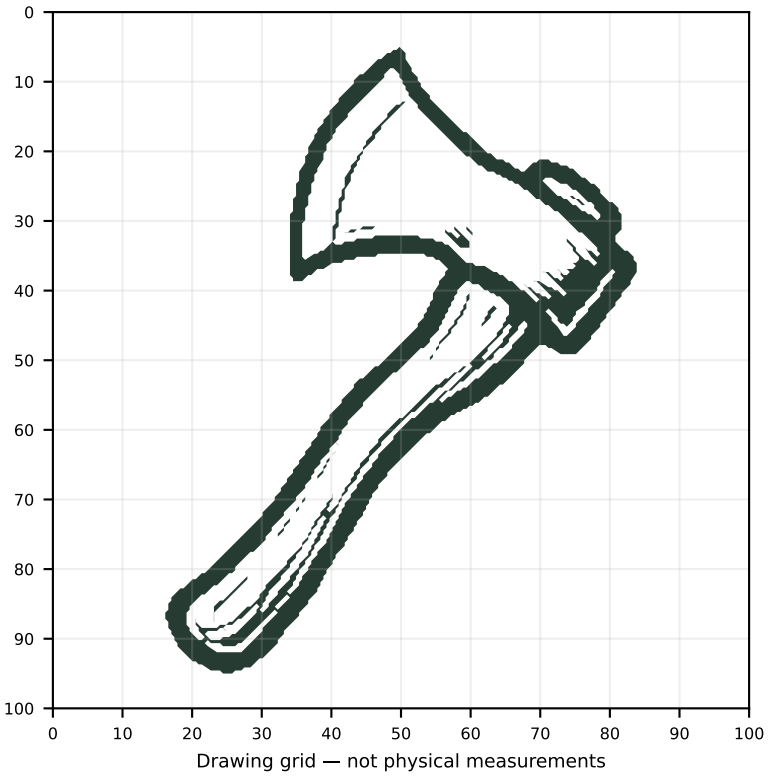

METHOD: Draw the curved blade as a large crescent-like shape with a wide cutting edge on the left. Add the wedge-shaped head body behind the blade, including the rectangular poll/butt on the right. Draw the handle extending downward from the head, slightly curved and tapering toward the bottom. Outline the handle with a double line to show thickness and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

axe: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

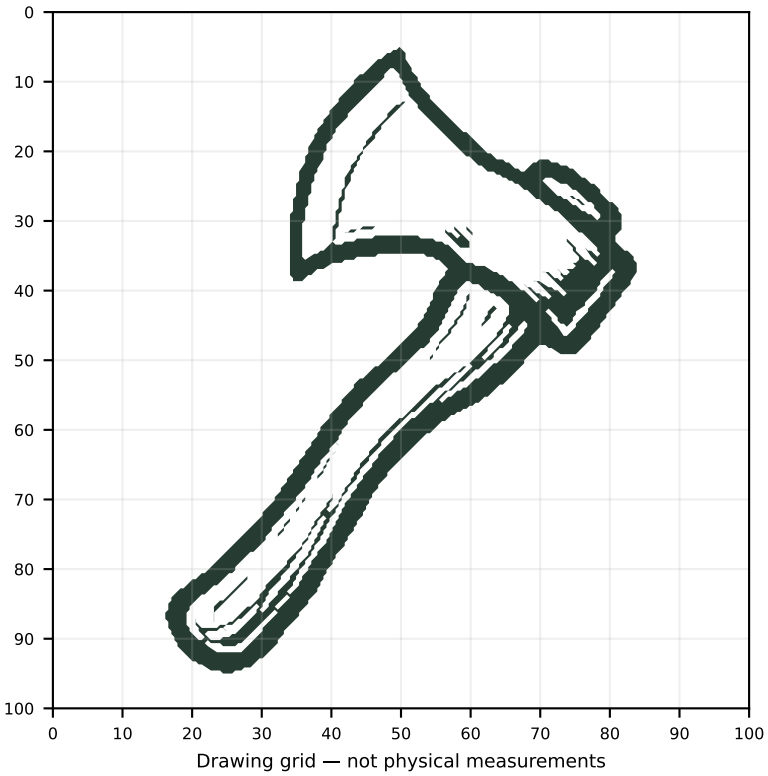

METHOD: Draw the curved blade as a large crescent-like shape with a wide cutting edge on the left. Add the wedge-shaped head body behind the blade, including the rectangular poll/butt on the right. Draw the handle extending downward from the head, slightly curved and tapering toward the bottom. Outline the handle with a double line to show thickness and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.

How to Draw Axe — Free Practice Sheets

REFERENCE / CASE 4

axe: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the curved blade as a large crescent-like shape with a wide cutting edge on the left. Add the wedge-shaped head body behind the blade, including the rectangular poll/butt on the right. Draw the handle extending downward from the head, slightly curved and tapering toward the bottom. Outline the handle with a double line to show thickness and connect it cleanly to the head.
Use the separate practice sheet before checking the answer.
