How to Draw Typewriter — Free Practice Sheets

ANSWER / CASE 1

typewriter: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

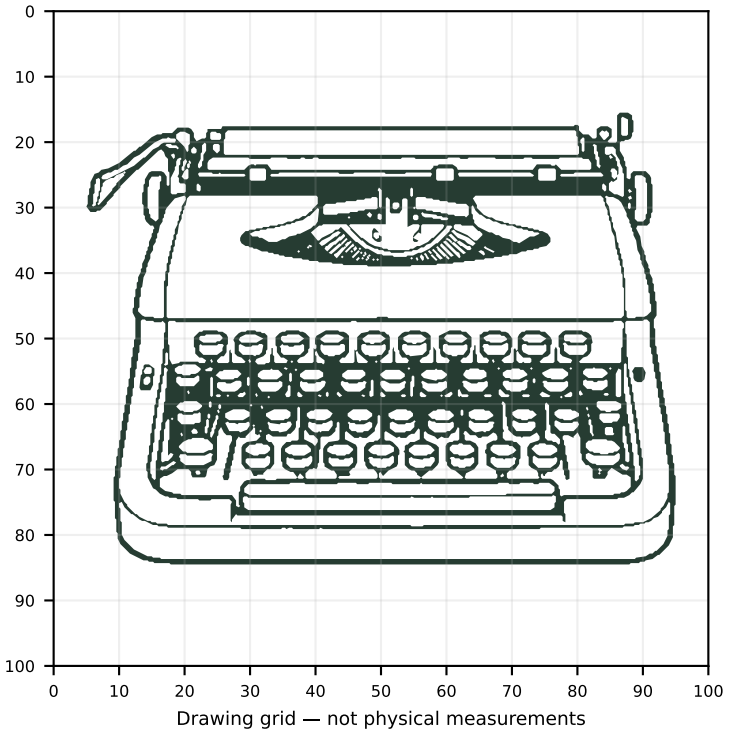

Drawing grid — not physical measurements

ANSWER: Example solution: preserve rows of round keys arranged in a grid, carriage bar with paper roller at the top, curved body with a front space bar and side carriage return lever. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the rounded rectangular body outline with a wider base and narrower top.
2. Add the top carriage assembly: horizontal bar, paper roller, and side knobs/lever.
3. Draw the central type guide area with curved arms above the key grid.
4. Fill the lower body with rows of round keys and a long front space bar.
