How to Draw Birdhouse — Free Practice Sheets

REFERENCE / CASE 1

birdhouse: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

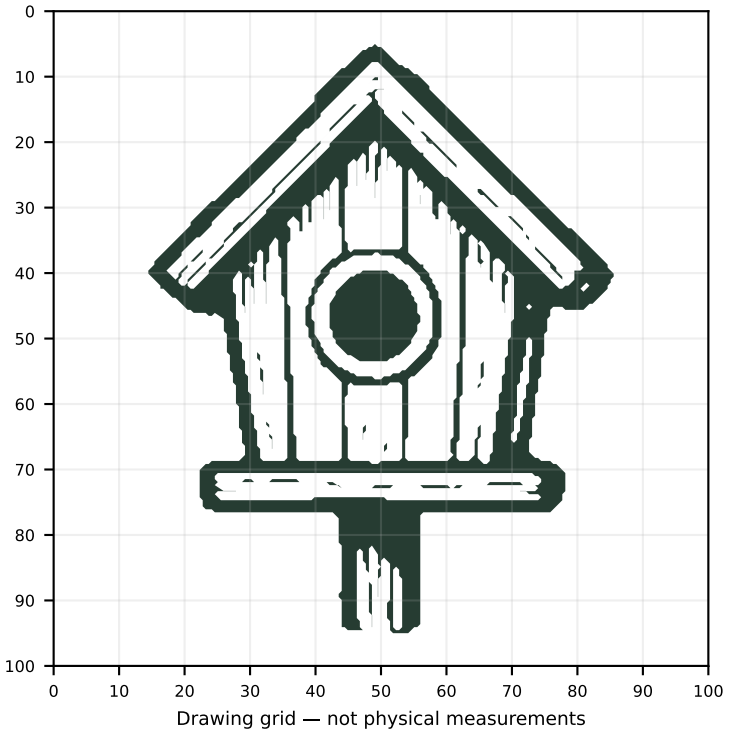

METHOD: Draw a tall rectangle for the front body, then add a triangular roof with overhanging eaves on top. Place a centered circle for the entrance hole on the upper front face. Add a horizontal bar below the hole to form the perch. Draw vertical lines down the front panel to suggest wooden planks, and add a short post below the base.
Use the separate practice sheet before checking the answer.
