How to Draw Crossbow — Free Practice Sheets

REFERENCE / CASE 1

crossbow: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

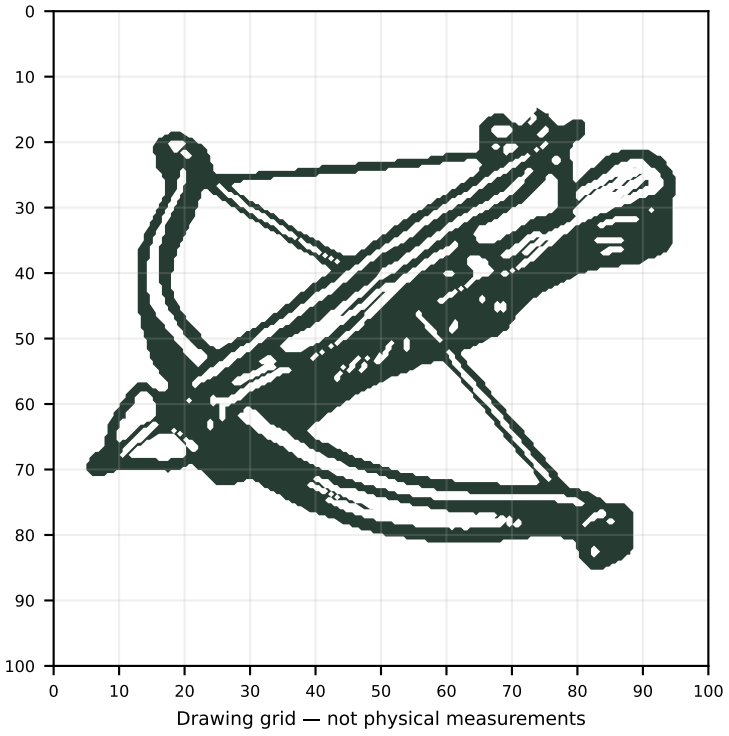

METHOD: Draw the long stock as a tapered horizontal body, then add the trigger housing below the rear half. Attach two curved bow limbs symmetrically to the front of the stock, angling them forward and outward. Draw the bowstring from the limb tips back to the stock, and add the bolt resting in the top groove. Outline the bolt tip at the front and refine the limb tips and trigger area with simple line details.
Use the separate practice sheet before checking the answer.

How to Draw Crossbow — Free Practice Sheets

REFERENCE / CASE 2

crossbow: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

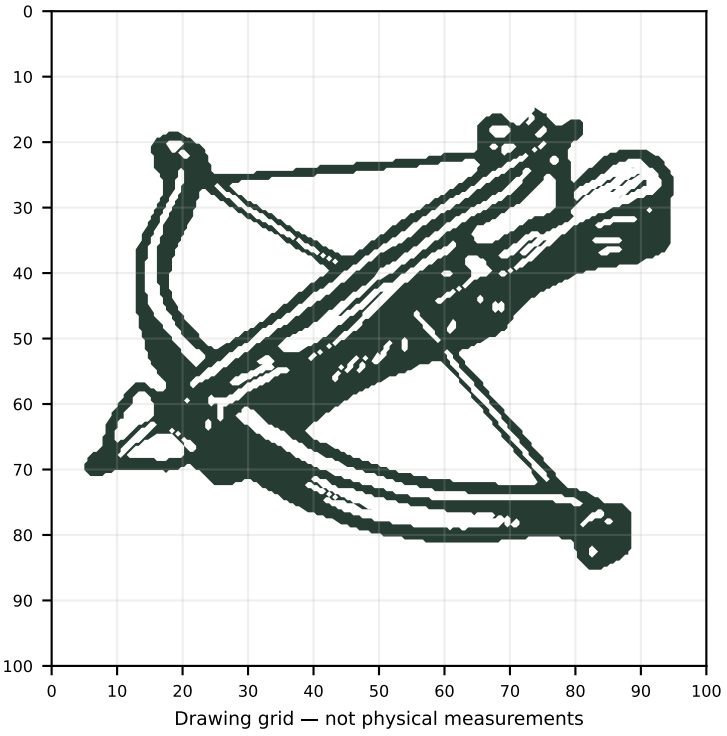

Drawing grid — not physical measurements

METHOD: Draw the long stock as a tapered horizontal body, then add the trigger housing below the rear half. Attach two curved bow limbs symmetrically to the front of the stock, angling them forward and outward. Draw the bowstring from the limb tips back to the stock, and add the bolt resting in the top groove. Outline the bolt tip at the front and refine the limb tips and trigger area with simple line details.
Use the separate practice sheet before checking the answer.

How to Draw Crossbow — Free Practice Sheets

REFERENCE / CASE 3

crossbow: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

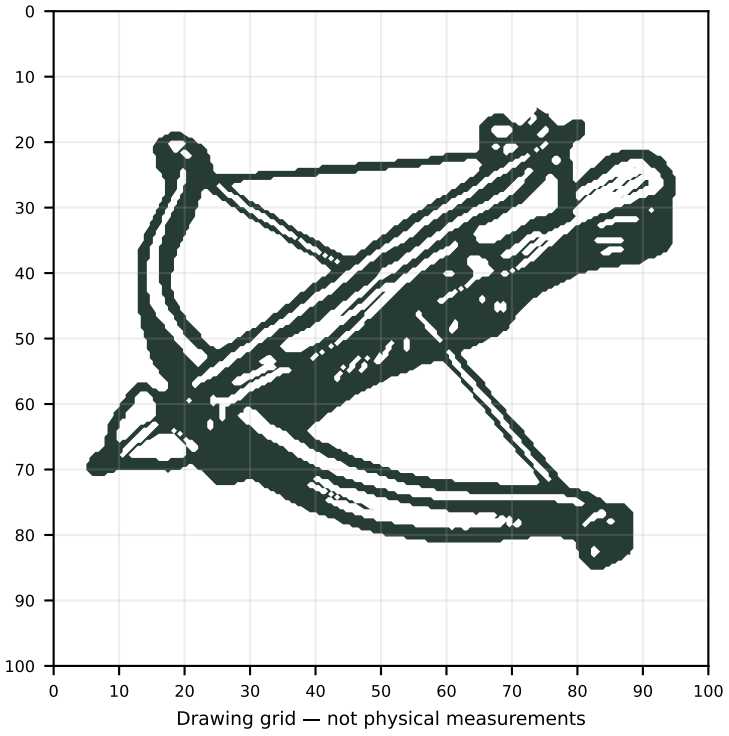

METHOD: Draw the long stock as a tapered horizontal body, then add the trigger housing below the rear half. Attach two curved bow limbs symmetrically to the front of the stock, angling them forward and outward. Draw the bowstring from the limb tips back to the stock, and add the bolt resting in the top groove. Outline the bolt tip at the front and refine the limb tips and trigger area with simple line details.
Use the separate practice sheet before checking the answer.

How to Draw Crossbow — Free Practice Sheets

REFERENCE / CASE 4

crossbow: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the long stock as a tapered horizontal body, then add the trigger housing below the rear half. Attach two curved bow limbs symmetrically to the front of the stock, angling them forward and outward. Draw the bowstring from the limb tips back to the stock, and add the bolt resting in the top groove. Outline the bolt tip at the front and refine the limb tips and trigger area with simple line details.
Use the separate practice sheet before checking the answer.
