How to Draw Dining Table — Free Practice Sheets

REFERENCE / CASE 1

dining table: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

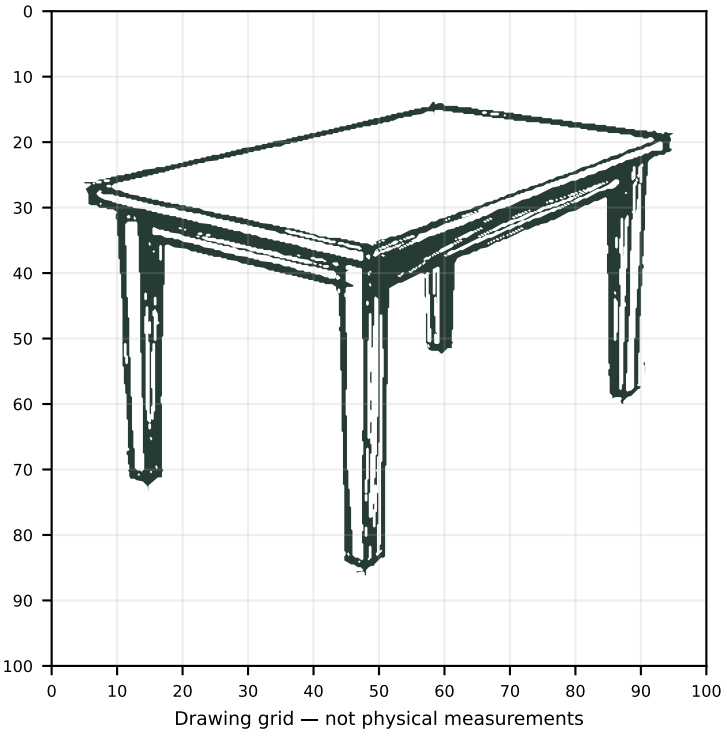

METHOD: Draw a rectangular top in perspective as a parallelogram. Add a thin apron/frame line just below the top edges. Draw four vertical legs from the corners, keeping them parallel and evenly spaced. Finish with simple outline strokes for the legs and top edges. Use the separate practice sheet before checking the answer.

How to Draw Dining Table — Free Practice Sheets

REFERENCE / CASE 2

dining table: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

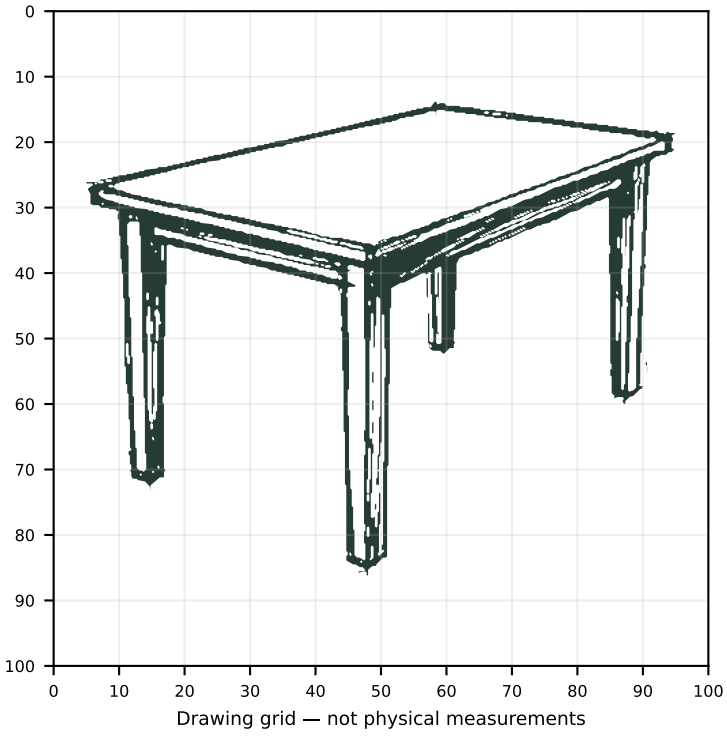

Drawing grid — not physical measurements

METHOD: Draw a rectangular top in perspective as a parallelogram. Add a thin apron/frame line just below the top edges. Draw four vertical legs from the corners, keeping them parallel and evenly spaced. Finish with simple outline strokes for the legs and top edges. Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

dining table: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

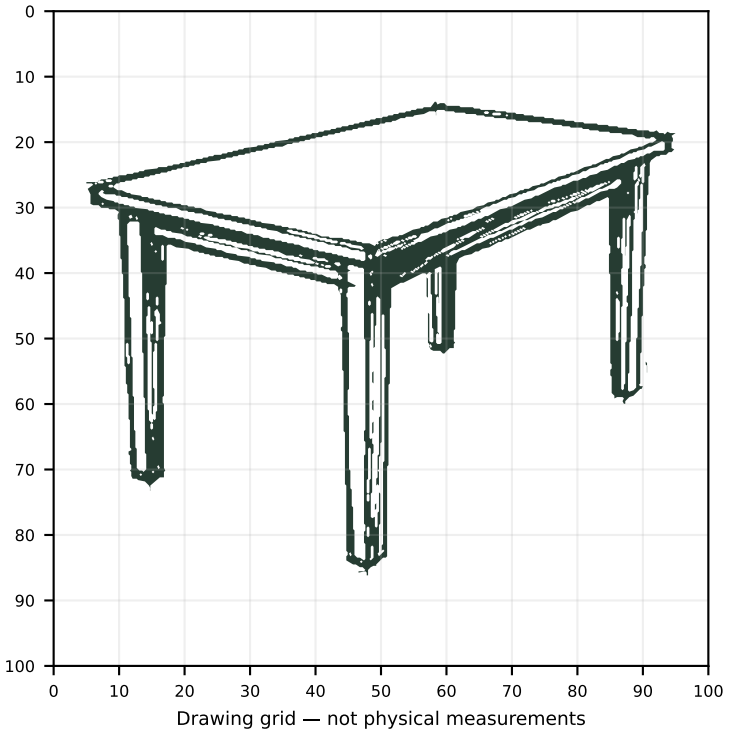

METHOD: Draw a rectangular top in perspective as a parallelogram. Add a thin apron/frame line just below the top edges. Draw four vertical legs from the corners, keeping them parallel and evenly spaced. Finish with simple outline strokes for the legs and top edges. Use the separate practice sheet before checking the answer.

How to Draw Dining Table — Free Practice Sheets

REFERENCE / CASE 4

dining table: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a rectangular top in perspective as a parallelogram. Add a thin apron/frame line just below the top edges. Draw four vertical legs from the corners, keeping them parallel and evenly spaced. Finish with simple outline strokes for the legs and top edges. Use the separate practice sheet before checking the answer.
